A collection of pictures throughout the report showcases both Sight For All’s work in-country and events held to fund our sight-saving work.

Persons pictured have given consent to their images being included.
SIGHT FOR ALL
A SHARED VISION

ANNUAL REPORT
2016
**OUR VISION**
To create a world where everyone can see.

**OUR MISSION**
Sight For All empowers communities to deliver comprehensive, high quality eye care through the provision of research, education and equipment.

**OUR VALUES**

**COLLABORATION**
Encouraging the participation of all stakeholders.

**SUSTAINABILITY**
Fostering self-reliance through comprehensive evidence-based projects.

**RESPECT**
Promoting human rights in all dealings.

Sight For All is governed by a Board of Directors comprising ophthalmologists, an optometrist, a lawyer, an accountant and a marketing expert.

Sight For All is a member of the World Health Organisation's Vision 2020 Right For Sight Initiative and a member of the Vision 2020 Global Consortium. Sight For All is a member of the Australian Council For International Development (ACFID) and a member of the International Agency for the Prevention of Blindness (IAPB). Sight For All is registered with the Australian Tax Offices' Overseas Aid Gift Deduction Scheme (OADGS).

Eye care professionals lead Sight For All and coordinate all projects. With the depth of knowledge and voluntary service they provide, the outcome is a comprehensive, sustainable and evidence based approach.
CHAIRMAN’S REPORT

This last year has been one of consolidation for Sight For All. A huge amount of time and energy has been dedicated to our accreditation process with the Australian Government’s Department of Foreign Affairs and Trade. Our voluntary external committees have been instrumental in steering Sight For All and as a result, our organisational and financial capability, our research and project management capacity, and our events and marketing potential have never been better. Although it hasn’t deflected from our Vision of creating a world where everyone can see, we’re looking forward to forging ahead with our core business when we achieve this vital goal.

We said goodbye to Susi Tegen, our Vice Chair, who was instrumental in the maturation of our organisation during her term with the Sight For All Board. Prof Bob Casson has stepped into the Vice Chair role and we also welcomed Prof Jonathan Crowston to the Board. Jonathan is the Managing Director of the Centre For Eye Research Australia, based in Melbourne, and brings with him a wealth of ophthalmic research experience and the opportunity to collaborate with one of the leading institutes in the country.

Our events continue to be a major source of fundraising and a valuable means of raising awareness. The Return of the Very Slow Long Lunch in August was once again a sell-out success and has now become a landmark event on the Adelaide calendar. Our inaugural event, One Night For Sight, where a small group of diners experience firsthand the difficulties faced by blind people, was a very moving yet confronting experience for our guests. We also launched One Day For Sight in 2015, an international photographic challenge in collaboration with Atkins Photo Lab. The challenge was held on World Sight Day in October, with the top 27 stunning entries subsequently exhibited for three months at the Adelaide Convention Centre and Adelaide Airport. Our Films For Sight events have also proved to be very popular with screenings of six Sight For All short films in Adelaide, Sydney and Melbourne over the past year.
We are very conscious of the fact that there are hundreds of blinding diseases in the world and that the majority of these have been poorly managed in many developing countries. And so our strategy of educating and equipping eye specialists in our partner countries, across a broad range of subspecialties, continues to be the hallmark of our work. It’s heart-warming to see how well this is working in Myanmar, with our Sight For All trained retinal and glaucoma specialists and paediatric ophthalmologists now training their own fellows in a very powerful and sustainable manner.

Our strong track record in Lao has meant that Sight For All was selected by the Asia Pacific Academy of Ophthalmology to lead their inaugural Gateway Project for Lao, designed to bring together stakeholders and APAO member nations to help coordinate and deliver blindness prevention initiatives for this country.

By increasing the capacity of the lead ophthalmic training centres in a number of countries to comprehensively train their own colleagues, we are creating a new generation of eye specialists who are more than just cataract surgeons. Of course, the patients are the real winners, with many having access for the first time to new skills and knowledge and new diagnostic and therapeutic tools, all of which are currently impacting on half a million people across eight countries every year, and growing. It is inspirational to see the Sight For All legacy not only restoring sight and alleviating poverty, but now saving lives in many of the poorest regions of the world.

Of course, all our achievements are purely a reflection of our vibrant growing Sight For All family. We are incredibly appreciative of the support of our exceptional staff, our talented Visionaries, our generous donors and Vision 1000 members, and our tireless volunteers. On behalf of the Sight For All Board, I would like to extend a heartfelt thank you to all for your amazing efforts and goodwill.

Dr James Muecke AM
Chairman
EXECUTIVE OFFICER’S REPORT

Sight For All has continued to go from strength to strength during the past financial year. The dedication of the Board of Directors, staff team, and medical and non-medical volunteers continues to ensure the organisation’s ongoing success.

In October 2015 I experienced my first Sight For All trip, travelling to Myanmar with Board Directors Dr James Muecke and Mr Gavin O’Callaghan. While in Myanmar we set up the second children’s eye unit for the country – with thanks to the Australian Government. We spent time with A/Prof Than Htun Aung, Myanmar’s first paediatric ophthalmologist trained in Australia by Sight For All in 2009. The experience showed me first-hand the incredible impact that our projects have in a country and in a community. It was one of the most inspirational weeks of my life. What a privilege to be the Executive Officer of Sight For All!

September 2015 was a busy event period for Sight For All. In early September we held the second The Very Slow Long Lunch, sponsored by Inservio and attended by nearly 300 people. The event raised over $70,000 with funds going towards our educational projects in Lao. In late September, we held our first One Night For Sight event which provided a small group of guests with the experience of dining in the dark to develop an understanding the impact that blindness has on an individual. The event was so impactful for guests that a second One Night For Sight was held in May 2016 and it has now become a signature event on the Sight For All calendar.

Other events held throughout the 2015/2016 financial year included One Day For Sight, a photographic challenge conducted in conjunction with Atkins Photo Lab and supported by Optos and Zeiss. This event is now also an annual event for Sight For All, held each year on World Sight Day. We held another Films For Sight event in Melbourne which was proudly supported by Oliver Hume Property Funds and one of our Vision 1000 Members, Malaty Kittikhoun coordinated a Friends For Sight event in Sydney, bringing a group of people together and raising funds for our work in Lao. Mena Muecke and the events committee are again to be congratulated on their creativeness, hard work and dedication in bringing these events to fruition.

Our in-country fellowship projects have continued to be successful. In the 15/16 Financial Year we have continued with the paediatric, retinal and oculoplastics fellowships in Lao, glaucoma and paediatric fellowships in Cambodia and completion of the corneal fellowship in Vietnam. We look forward to these projects continuing in 2016/2017 and the commencement of the neuro-ophthalmology fellowship in Myanmar.

Project management, planning, documentation and the collection of data from fellows has been a priority over this past year. Our Ophthalmic Public Health Fellow, Dr
Cesar Carrillo and volunteer Dr Tony Rogers spent many months writing a Program Management Manual. Cesar and Tony are to be congratulated on the creation of this resource that will guide Sight For All projects into the future.

The Sight For All Board of Directors farewelled Ms Susi Tegen in early 2016. Susi provided much guidance in the areas of governance, human resources and business practices and we thank her for her support. We welcomed Professor Jonathan Crowston in May 2016 and look forward to his valuable contribution to the Sight For All Board over the coming years. I continue to be grateful for the Board’s commitment and dedication to Sight For All and the personal support they all provide to me. The individual skills that each Director brings to the organisation, ensures that the Board provides clear direction and governance in all areas of the organisation.

Sight For All’s small staff team of Dr Cesar Carrillo, Ophthalmic Public Health Fellow and Leanne Harms, Finance Office Coordinator, have worked diligently and passionately over the last year. Being a small team it is important that we all support and encourage each other. I am very proud of our team and thank Cesar and Leanne along with Mena Muecke, volunteer Events Director, Dr James Muecke, Prof Bob Casson and the Board of Directors for making Sight For All such a wonderful organisation to be a part of.

The support of Vision 1000 Members, volunteers, Visionaries, funders, supporters and the Australian Government ensures that our sight-saving work continues. I thank you all for your generosity and commitment. Without you, our work would not be possible.

The 2016/17 Financial Year will see the continuation of our educational projects in Asia and the introduction of new activities such as pilot projects in Australia, the production of new films and the coordination of research. These new activities are exciting and we look forward to the positive outcomes they will deliver into the future.

Ms Judy Bickmore
Executive Officer
OUR KEY STRATEGIES IN THE FIGHT AGAINST BLINDNESS

COLLABORATIVE FIELD RESEARCH
- Adult blindness studies
- Childhood blindness and refractive error studies
- Studies into the genetics of blinding diseases
- Studies exploring the impact of educational and eye health awareness initiatives

EDUCATION AND CAPACITY BUILDING
- Workshops and curriculum development for ophthalmologists in training
- External input into assessments and examinations of ophthalmologists in-training
- Continued education and leaderships workshops for graduate

INFRASTRUCTURE SUPPORT
- Equipment and facility upgrades at primary training institutions and regional eye centres
- Establishment of sub-speciality units eg: cornea, glaucoma, oculoplastics, paediatric, retina.
- Establishment of optometry facilities

PRIMARY EYE CARE AND EYE HEALTH PROMOTION
- Primary eye care workshops for nurses and health care workers
- Workshops to overcome barriers to cataract surgery
- Public awareness campaigns eg: cataract, diabetic eye disease, childhood vision screening
Our work extends across nine countries
Sight For All’s Visiting Fellowship Program has been running since the organisation began in 2009. Since then 27 fellows have been trained in a variety of sub-specialty areas including glaucoma, ocular oncology, oculoplastics, paediatric ophthalmology, and medical and surgical retina. The Visiting Fellowship Program involves fellows travelling to Australia (or sometimes another country) to undertake a year-long fellowship in a particular ophthalmic sub-specialty. While no fellows were trained in Australia during the past year, much work has been done to prepare for the arrival of Dr Aye Moe Htet to commence a Corneal Fellowship in Adelaide in late 2016.

Myanmar Fellows trained by Sight For All
Dr Tin Mg Thant, A/Prof Khine Su, A/Prof San Hlaing Min, Prof San Myint, A/Prof Than Htun Aung, Dr May Ko Ko Thet, Dr Ko Ko Lin, Dr Aye Moe Htet
AUSTRALIA

MY EYE HEALTH PROGRAM
Sight For All has been involved with the My Eye Health Program since its inception in 2009. The program, coordinated in conjunction with the Royal Society For the Blind, the Royal Australian and New Zealand College of Ophthalmologists (SA branch) and the Freemasons Foundation, provides opportunities for eye health awareness presentations to be conducted across South Australia. Sight For All’s Ophthalmic Public Health Fellow, Dr Cesar Carrillo, has been working with the team on the collation of valuable data. During the 2015/2016 financial year, The My Health Program provided 217 presentations, reaching 4669 people.

ABORIGINAL EYE HEALTH INITIATIVE
Diabetes is the fastest growing cause of visual loss in the adult Aboriginal population and over one third of Aboriginal people with diabetes have diabetic eye disease. Sight For All’s Aboriginal Blindness Initiative is focussed on education and raising awareness. As such Sight For All’s videos “Big City Trip” (cataract surgery awareness); “Sid’s Bad Sugar” (diabetic eye disease awareness) and “Eyes” (eye health awareness) are used to deliver important messages about the prevention and treatment of these eye conditions.
PROJECTS

BANGLADESH

INFRASTRUCTURE

Sight For All Chairman, Dr James Muecke delivered paediatric equipment to be used at the Ophthalmic Society of Bangladesh Hospital in Dhaka in March 2016. The equipment including vision testing and diagnostic equipment for the clinic, and surgical instruments, was generously funded by Santos.

From left to right we have Prof Enayet Hossain (Sec General OSBH), Prof Milly Shakoor (Community Ophthalmologist Bangladesh National Institute of Ophthalmology), Andrew DeGaris (Santos Bangladesh Manager), Mahmud Karim (Santos Bangladesh Country Lead), Dr James Muecke

EDUCATION

While in Bangladesh in early March 2016, Dr James Muecke provided specialised training in the treatment of retinoblastoma, a rare but deadly children’s eye cancer. Dr Muecke also spent time with our fellows Drs Jayfari and Rahman.

BHUTAN

INFRASTRUCTURE

With the support from the Australian Government’s Direct Aid Program, Sight For All was able to provide our Glaucoma Fellow, Dr Deki with a new Humphrey Visual Field Analyser. The Humphrey Visual Field Analyser has allowed Dr Deki to screen and detect glaucoma in patients with early stages of the disease. In addition, patients with low vision as a result of
uncontrolled glaucoma and other neurological conditions (eg: stroke) are able to be diagnosed and monitored more successfully due to the availability of this equipment. As a result, blindness prevalence will be reduced within the Bhutanese community.

Dr Anna Galanopolous and Dr Deki in Bhutan

CAMBODIA

INFRASTRUCTURE
With thanks to the generosity of the Wood Foundation, Sight For All was able to purchase a Spectra 532nm laser with Keeler Indirect Ophthalmoscope to be used at the Khmer Soviet Friendship Hospital. This machine is vital in the treatment of babies with Retinopathy of Prematurity (ROP) and other diseases of the retina.

EDUCATION
The Cambodia Paediatric In-Country Fellowship Project has trained Drs Kheng and Soleaphy in this sub-specialty area at the Khmer Soviet Friendship Hospital. Plans are underway for Dr Kheng to spend three months in Adelaide in early 2017 to undertake low-vision training and enhance her paediatric ophthalmology skills.

The Cambodia Glaucoma In-Country Fellowship Project has trained Drs Sophal and Tarath over the past two years. This fellowship is due for completion in mid 2017.

The Cambodia Retinal In-Country Fellowship Project is due to commence in 2017. A capacity assessment for this project has already been conducted and enabled retinal teaching and training in fundus photography at the same time.
RESEARCH

Sight For All's research team commenced the pilot study of the Vientiane Blindness Survey in June 2015. This survey will continue over the coming year with the aim of determining the leading causes of blindness in the Vientiane area.

INFRASTRUCTURE

With the support from the Lang Foundation, an Ellex Tango Laser was purchased in April 2016, for use at the National Ophthalmology Centre (NOC) in Vientiane. This machine is vital for the treatment of chronic glaucoma and complications of cataract surgery.

Two argon lasers were purchased with the funds raised from the The Very Slow Long Lunch in 2015. These two lasers were delivered to the regional areas of Savannakhet and Champasak and will be used to enable the early treatment of patients with diabetic eye disease.

An indirect laser was donated to NOC. This laser is now being used in the treatment of babies with retinopathy of prematurity and patients with retinal conditions.

EDUCATION

The Lao Paediatric Ophthalmology In-Country Fellowship for Dr Phayvanh has continued during 2015/16. We are looking forward to Dr Phayvanh coming to Australia for a three month fellowship in late 2016 to cement the knowledge gained throughout her in-country training.
Dr Siphetthavong and Dr Phompanya have continued to embrace the teaching provided to them as part of the Lao Oculoplastics In-Country Fellowship Project. This project is scheduled to be completed in late 2016.

Six Sight For All Visionaries have been mobilised as part of the Lao Retina In-Country Fellowship Project throughout 2015/2016. This project has enabled the training of Dr Khamkoune at NOC as well as ophthalmologists from four regional eye centres, and is an ongoing commitment of our retinal team.

General training was also provided at the NOC with Dr Cesar Carrillo teaching residents basic ophthalmology concepts and our Ophthalmic Nurses, Mardi Leaney and Siew Kim Teo, teaching skills in fundus photography and sterilisation procedures respectively.

**MYANMAR**

**INFRASTRUCTURE**

With thanks to the Australian Government, Sight For All established the second children’s eye unit in Myanmar at Mandalay Eye and ENT Hospital for paediatric ophthalmologist Dr Tin Mg Thant. The equipment was transported in October 2016 and the unit is now fully operational.

1200 patients with oculoplastic conditions treated by Dr Siphetthavong in the clinic and 228 in the operating theatre over a 12 month period.
EDUCATION

Planning for our first In-country Fellowship Project in Myanmar was conducted in early 2016. The neuro-ophthalmology project will commence in July 2016. Sight For All also awaits the arrival of Dr Aye Moe Htet in late 2016, to undertake a hands-on corneal fellowship in Adelaide over a twelve month period.

Sight For All fellows trained in Australia in the sub-specialty areas of glaucoma, oculoplastics, paediatric ophthalmology and vitreo-retina, and are now beginning to train their own fellows back home. The first example of this has been Sight For All trained paediatric ophthalmologist, A/Prof Than Thun Aung, who trained Dr Tin Mg Thant in 2014-2015 and is now training Dr Khine Nweni at Yangon Eye Hospital.

20,000 children treated each year by Dr Than Htun Aung.
SRI LANKA
INFRASTRUCTURE

With support from the Australian Government, Sight For All was able to purchase a portable autorefractor-keratometer along with an iCare tonometer and infant gonioscopy lens. This equipment will supplement the paediatric eye unit established by Sight For All in 2011, and is now being used by Dr Tavisha Udupihille, Sight For All trained paediatric ophthalmologist based at the Sirimavo Bandaranaike Children's Hospital in Kandy.

VIETNAM
EDUCATION

The Vietnam Corneal In-Country Fellowship Project mobilised eleven Visionary teaching trips during the fellowship period. The fellowship was completed at the end of 2015, with a post fellowship assessment conducted in mid 2016.

We were delighted to win a grant from the Allergan International Foundation for our Vietnam Glaucoma In-Country Fellowship Project. Our colleagues from the Vietnam National Institute of Ophthalmology in Hanoi are currently seeking candidates to undertake this fellowship that will commence in 2017.
VISIONARIES

Sight For All is supported by an incredibly dedicated group of Visionaries. These ophthalmologists, optometrists, ophthalmic nurses and scientists alone contribute close to 10,000 hours each year. This equates to over $2million worth of medical expertise and goodwill donated to Sight For All annually.

We thank the following Visionaries who have supported Sight For All throughout the 2015-2016 Financial Year:

Dr Ashish Agar
Dr Andrew Apel
Dr Joanna Black
Dr Stuart Carroll
Dr Bob Casson
Dr Elsie Chan
Dr Mark Chehade
Dr John Crompton
Dr Craig Donaldson
Dr James Elder
Dr Rohan Essex
Dr Michael Forrest
Dr Adrian Fung
Dr Trevor Gin
Dr Glen Gole
Dr Tom Hardy
Dr Richard Hart
Dr Tess Huynh
Dr Alex Huynor
Dr Tim Isaacs
Dr Geoff Lam
Dr Graham Lee
Dr Ridia Lim

Dr Lance Lui
Dr Stephen McGovern
Dr John Males
Dr Anthony Maloof
Dr Justin Mora
Dr James Muecke
Dr Henry Newland
Mr Gavin O’Callaghan
Dr Simon Phipps
Dr Alex Poon
Dr Jim Runciman
Dr Shaheen Shah
Dr Brian Sloan
Ms Mardi Smith
Dr Grant Snibson
Dr Charles Su
Dr Laurie Sullivan
Dr Hughie Tsang
Dr Kim Tan
Ms Siew Kim Teo
Dr Steph Watson
PROGRAM MANAGEMENT COMMITTEE

The Program Management Committee has been focussed on developing a robust management plan with particular attention to a logical framework approach and measurable outcomes. Sight For All has been fortunate to be assisted by Program Management experts, Paul Aylward and Zeshi Fisher. Dr Aylward has 20 years experience in Program Management and has designed, managed and conducted over 80 public and primary health care research projects and evaluations across Government, Non-Government and University sectors in the UK and Australia. Zeshi Fisher has extensive experience in International Program Development and is the Program Manager for Birthing Kit Foundation Australia.

The Sight For All Program Committee has met several times over the course of 2016 so far, including workshops with Dr Aylward. These workshops have greatly improved the skill set of Sight For All with respect to the theory underlying management and evaluation. We have worked as a team to optimize the presentation of Sight For All's program delivery for DFAT accreditation. Judy Bickmore and Cesar Carrillo are to be congratulated for their superb efforts in preparing the draft application.

Prof Bob Casson
Chair, Program Management Committee
RESEARCH REPORT

THE LAO NATIONAL BLINDNESS SURVEY

Population-based, cross-sectional ophthalmic surveys have been previously undertaken by Sight For All in Meiktila, Myanmar (Burma) and Kandy, Sri Lanka. In collaboration with local government health services, selected Australian ophthalmologists and support staff teamed with local colleagues in co-ordinated programs of eye health assessment. The numerous publications based on these studies have described the prevalence and causes of visual impairment in these regions. In both countries, particularly in Myanmar, this has provided an evidence base for successful collaboration with Myanmar eye health professionals resulting in an ongoing program of capacity building projects in the form of sub-specialty fellowships, equipment and facility upgrades, eye health promotion seminars and further research opportunities.

The Lao study aims to provide comprehensive information on the prevalence and causes of visual impairment amongst the population of the Lao People’s Democratic Republic. We will also investigate the impact of current treatments from a visual perspective and design, validate and employ Quality of Life and Vision Function instruments to measure the effectiveness of interventions from a patient-centred perspective.

We aim to determine whether the prevalence and causes of visual impairment and blindness in Lao PDR are comparable to other populations in lower-middle income, developing nations in the region. By utilising a stratified study design, we also aim to determine any associations of blindness and socio-demographic factors; age, sex, literacy, and occupation.

The study will also be used to construct and validate a Quality of Life instrument for the Lao people. This will enable us to specifically tailor our qualitative assessment of visual impairment and its relative impact in this population in order to facilitate informed translation from research to health policy decisions in the future.

This study will allow us to capture a baseline dataset for the people of Lao PDR in both rural and urban settings to be used in future surveys that will be designed to capture incidence of eye disease, in particular the expected rise in retinal disease associated with diabetes and age-related macular degeneration, if in fact the social behaviours trend towards those found in developed nations.

The study is divided into urban and rural components. The urban component captures the prevalence and causes of visual impairment in the rapidly urbanizing Vientiane District. Our clinical observations indicate that diabetic eye disease is an emerging health problem in this region.

This study has already commenced and is due for completion later this year.
RESEARCH COMMITTEE

The Research Committee has prioritized the attainment of robust data on the prevalence and causes of non-cataract blindness in Asia. The Committee has planned and initiated the urban component of the Lao National Blindness Survey: the Vientiane Eye Survey. Data acquisition from the Vientiane District will be completed by the end of 2016.

The Committee has also been actively engaged with colleagues in Myanmar to encourage a comprehensive National Blindness Survey that would collect data about glaucoma and retinal diseases in addition to cataract. There has been some opposition to this robust data collection with preference given by at least one NGO for a Rapid Assessment of Blindness only. It is Sight For All's opinion that a more comprehensive survey would be much more valuable and positively affect program delivery.

The Committee has also initiated a collaboration with the Computer Vision Research Unit at Adelaide University to investigate automated diabetic retinopathy screening.

Prof Bob Casson
Chair, Program Management Committee
EVENTS

THE VERY SLOW LONG LUNCH

The return of The Very Slow Long Lunch was held in early September 2015 and like the previous year was a resounding success. Around 280 people attended the event that was again sponsored by Inservio. Over $70,000 was raised from the event which was put towards our educational projects in Lao. Master of Ceremonies, Channel 7 personality and Sight For All Ambassador, Rosanna Mangiarelli, kept the event running smoothly while guests dined on a mouth-watering Asian feast created by Emma Reeves. The introduction of the giant Puzzle Wall was a huge success as was the main auction. This event was coordinated with a huge number of voluntary hours donated by Mena Muecke and the Events Committee.
ONE NIGHT FOR SIGHT

Have you ever wondered what it is like to be blind? That was the concept behind Sight For All’s new event One Night For Sight. The event involves a small group of people travelling to an unknown destination blindfolded, then to dine in pitch darkness to stimulate the sensation of blindness. One Night For Sight was held in September 2015 and again in May 2016 and has been found to be an incredibly powerful and impactful experience for those involved. Guests attending One Night For Sight are required to raise a minimum of $1000 each. The two events raised $27,281 in September and $28,895 in May. Funds raised support the purchase of equipment for secondary eye centres in Myanmar and an OCT machine for Cambodia. We thank Sean’s Kitchen and UBER for their support of this event on both occasions.

ONE DAY FOR SIGHT

Another new initiative for 2015 was the inaugural One Day For Sight Photographic Challenge. Sponsored by Optos and Zeiss and coordinated in conjunction with Atkins Photo Lab, One Day For Sight required amateur and professional photographers to take a photograph on World Sight Day with the theme of yellow. The winning 27 images were exhibited at the Adelaide Entertainment Centre and thereafter at the Adelaide Airport.
FRIENDS FOR SIGHT SYDNEY
Vision 1000 Member Malaty Kittikhoun developed the concept for a Friends For Sight event in Sydney held in September 2015. Malaty coordinated a dinner with a Laotian theme for friends, colleagues and members of the Laotian community based in Sydney. Sight For All Ambassador Tim Horton was the MC, and as the night unfolded, both Tim and Sight For All Chairman James Muecke learnt the fine art of Laotian dancing! Malaty’s incredible effort in coordinating Friends For Sight in Sydney raised $13,110 for Sight For All.

FILMS FOR SIGHT
One Films For Sight evening was held in Melbourne in March 2016. We thank Oliver Hume Property Funds for sponsoring this event which allowed us to share information about Sight For All to a wider community on the eastern seaboard. We intend to hold Films For Sight events in Canberra and on the Gold Coast over the coming year.
VOLUNTEERS

Sight For All’s medical volunteers, or Visionaries, are instrumental to Sight For All’s research and educational projects in our partner countries. The significant support provided by ophthalmologists, optometrists, ophthalmic nurses and scientists alone contributes close to 10,000 hours each year. This equates to over $2,000,000 worth of medical expertise and goodwill donated to Sight For All annually. We are incredibly grateful for the hours donated by our Visionaries, along with the teaching and guidance they provide to our colleagues.

It is pleasing to see that Sight For All’s efforts are having concrete benefits for eye patients in Vientiane, Laos. Since I was there last here, there is now a B-scan ultrasound, wide-field retinal camera and new OCT machine. All of these pieces of equipment make it so much easier to diagnose and treat patients. The staff are as friendly as ever and remain enthusiastic to learn.” Dr Adrian Fung

Non-medical volunteers assist Sight For All as active members of committees including the Events Committee, Marketing Committee and Program Management Committee. Non-medical volunteers also assist with the recording of data, with administrative duties and with the Sight For All website. We continue to be incredibly grateful to all of our non-medical volunteers for the significant contribution they make to Sight For All.

“Being able to see is something people often take for granted – until vision impairment or blindness affects them or a loved one. We’re lucky to live in a country where access to eye care is readily available, but unfortunately many others aren’t as fortunate. I have so much respect for Sight For All’s work and really appreciate being given the opportunity to play a small part in their sight-saving journey.” Annie Gant - Consultant, Michels Warren Public Relations
In October 2015, Sight For All’s Chairman, Dr James Muecke AM was awarded the EY National Social Entrepreneur of the Year Award.

The EY Entrepreneur of the Year initiative is considered the world’s most prestigious business award and is the only truly global program of its kind, with entrepreneurs from more than 60 countries taking part each year.

We are very proud of James’ achievement.
BOARD OF DIRECTORS

Sight For All is governed by a voluntary Board of Directors. To ensure our focus of ophthalmic health care remains at the core of our activities, at least 50% of Directors appointed to the Board at any one time must be ophthalmic health care professionals.

In February 2016, Sight For All’s Vice Chair, Ms Susi Tegen resigned from the Board of Directors. Susi’s contribution was immense, particularly in the area of governance. Professor Bob Casson was appointed Vice Chair in March 2016. In May 2016, we welcomed Prof Jonathan Crowston to the Board.

“I joined Sight For All as I could see the passionate work being done by a number of ophthalmologists and believed that I could further contribute to ensure Sight For All continued to empower communities through the provision of research, education and equipment.”

Mr Michael Fotheringham, Legal Board Director

“I’ve worked in the eye health sector for over 20 years, so I know the impact that poor vision can have on an individual, their family and support network. Being on the Board of Sight For All enables me to contribute to the process from strategic governance right through to implementing programs, which I have found immensely satisfying.”

Mr Gavin O’Callaghan, Ophthalmic Eye Health Professional Director

DR JAMES MUECKE AM – CHAIR

James is an eye surgeon based in Adelaide. He is a visiting consultant and senior lecturer at the Royal Adelaide Hospital and Women’s and Children’s Hospital. James has a special interest in blindness prevention, ophthalmic research and education in the developing world. James was a co-founder and Director of the Vision Myanmar Program. He received an “Outstanding service to the prevention of blindness” award by the Asia-Pacific Academy of Ophthalmology in 2011. He was awarded a Member of the Order of Australia in 2012 and received a South Australian Community Achievement Award. In 2015 James was the recipient of the Ernst Young Social Entrepreneur of the Year Award.
PROF BOB CASSON – VICE CHAIR
Bob is an ophthalmic surgeon-scientist with particular interest in glaucoma and ophthalmic epidemiology in the developing world. He is proud to be a founding Director of Sight For All, where he has the role of chief scientific adviser, with a particular focus on the interface between ophthalmic science and the elimination of preventable blindness in the developing world.

MR PHIL JAQUILLARD – TREASURER
Phil Jaquillard is a partner of Jaquillard Minns Chartered Accountants and a Director of SuperGuardian Pty Ltd. He holds a BEc from Flinders University and a Post Grad Diploma in Accounting. Phil consults to business on a wide range of matters including taxation, business structures, information technology, wealth management and offshore business. He is actively involved in charitable projects, including as Treasurer for the Mary Potter Foundation in Adelaide and as a volunteer and advisor to Black Pencil Project in the Philippines.

MS MELISSA EMMETT – DIRECTOR
Melissa is the principal consultant for Emmett Marketing. She has a business degree majoring in marketing from the University of South Australia. For over 30 years her career in marketing and brand management included working with brands such as Snappy Tom, SAFCOL, Balfours, Fauldings and SAFE. More recently as a consultant she has worked with SMSF Association, Dressed For Sale, Bedford, Optimistic Kids, Joust and Hands On SA.

MR MICHAEL FOTHERINGHAM - DIRECTOR
Michael is a partner at Barry Nilsson Lawyers. He has a Master of Laws majoring in Insurance Law and a Masters of Business Administration. He specialises in professional indemnity, directors and officers, casualty, public liability, product liability, insurance, special risk and business interruption claims. Michael regularly contributes articles to various journals including the Insurance Law Journal. As a Board Member Michael continues to provides his legal expertise since the formation of Sight For All.
MR GAVIN O’CALLAGHAN – DIRECTOR

Gavin is an optometrist in private practice, a Clinical Senior Lecturer in Ophthalmology at the University of Adelaide and has a visiting appointment at the Contact Lens Clinic at the Royal Adelaide Hospital. He is a graduate of the Australian Institute of Company Directors and holds numerous Director positions. He is a member of the Optometry Council of Australia and New Zealand examinations committee, and a member of the University of Melbourne Department of Optometry and Vision Sciences course advisory committee.

DR NICK ANDREW - DIRECTOR

Nick is an ophthalmology registrar and is also completing a PhD in ophthalmology, with over 30 peer-reviewed publications. Nick has accompanied Sight For All to Myanmar on two occasions to collect post-intervention cataract surgery data. Outside of ophthalmology, Nick is a keen rower and has represented Australia three times. Nick looks forward to advancing the cause of Sight For All and is delighted to serve as a Board Director.

PROF JONATHAN CROWSTON – DIRECTOR

Jonathan Crowston is the Ringland Anderson Professor of Ophthalmology, University of Melbourne, Managing Director of the Centre for Eye Research Australia (CERA) and a practising glaucoma specialist clinician at the Royal Victorian Eye and Ear Hospital. He gained his ophthalmology training at Moorfields Eye Hospital, London, and was awarded a PhD for work on ocular wound healing at the Institute of Ophthalmology, University College London (2000). Jonathan is a director on the Centre for Eye Research Australia (CERA) Board (2009+). He is also a director on the ORIA Board (2008+), World Glaucoma Association Board of Governors (2013+), CERA Technologies Pty Ltd (2015+) and Et Al Research Pty Ltd. Jonathan’s research is currently focused around ageing and neuroprotection of the optic nerve. In particular the role of neuro-recovery and optic nerve vulnerability to injury. He has published over 150 peer-reviewed manuscripts and co-authored three books. Jonathan is the inaugural recipient of 2016 Association for Research in Vision and Ophthalmology (ARVO) Foundation for Eye Research, David L Epstein Award and the 2016 Peter Watson Medal from the Cambridge Ophthalmology Society.
COMMITTEES

EVENTS COMMITTEE
The Sight For All Events Committee is a small specialised group that works as a team to produce events of the highest quality. The committee aims to raise funds for specific projects while increasing awareness of Sight For All.
Mena Muecke (Chair)  Jane McMahon
Judy Bickmore (Secretary)  Joanne Rosa
Lisa Daw  Dawn Taylor
Melissa Emmett  Sam Taylor
Sarah Hyde  Susie Taylor
Felicity Keeves

FINANCE COMMITTEE
The Sight For All Finance Committee assists the Sight For All Board of Directors in overseeing the organisation’s financial performance, financial policies and capital structure and expenditure.
Phil Jaquillard (Chair)  Judy Bickmore
Leanne Harms (Secretary)  James Muecke

MARKETING COMMITTEE
The Sight For All Marketing Committee is a small group of committed professionals, who develop and implement marketing plans to raise awareness and funds for Sight For All.
Melissa Emmett (Chair)  James Muecke
Judy Bickmore (Secretary)  Mena Muecke
Annie Gant  Stuart Symons

PROGRAM MANAGEMENT COMMITTEE
The Sight For All Program Management Committee develops and implements program management plans, methods for collecting and recording data, strategies for monitoring and evaluation and reviews program needs assessments, reports and recommendations that have been made.
Bob Casson (Chair)  Paul Alyward
Cesar Carrillo (Secretary)  Zeshi Fisher
Judy Bickmore  James Muecke
RESEARCH COMMITTEE

The Sight For All Research Committee is a small group of committed professionals who develop and implement research projects to construct an evidence base for, and assess the impact of, Sight For All and partner countries.

Bob Casson (Chair)   James Muecke
Cesar Carrillo (Secretary)  Stephen Nygaard

AMBASSADORS

Sight For All is privileged to have the support of the following Ambassadors, who share our vision for a world in which there is no blindness.

Darcy Bussell   Andrew McLeod
Bob Carr       Rosanna Mangiarelli
Graham Cornes OAM  Greg Moulton
Brian Cunningham  Lowitja O’Donoghue AC

VISION 1000

Sight For All’s social investment initiative, Vision 1000 has now been in place for approximately 18 months. At the end of June 2016, Vision 1000 had a membership of 108, Vision 100 had a membership of 8 and there was one Vision 10 Member.

The introduction of Vision 100 has enabled the ongoing viability of Sight For All. Collectively the club is raising over $300,000 annually, allowing Sight For All to grow our high impact activities in Australia and abroad. In May, Vision 1000 funds were used to continue the Cambodia Glaucoma Fellowship Project which is due for completion in 2017.

On Sunday 14 February 2016, Sight For All Vision 100 Members participated in a Maserati drive day. Our thanks to Solitaire Automotive for hosting the day.

A number of Vision 1000 Members have also participated in our One Night For Sight events. One Vision 1000 Member had this to say about the dining in the dark experience:

“The night reminded me just how lucky I am to have my sight and how important it is that we support Sight For All to continue doing their fantastic job of restoring sight to the under privileged.” Geoff Rohrsheim

ACCOUNTABILITY

AUSTRALIAN COUNCIL FOR INTERNATIONAL DEVELOPMENT

Sight For All is proud to be a member of the Australian Council for International Development (ACFID).

As a member of ACFID, Sight For All fully adheres to the ACFID Code of Conduct.
Sight For All’s financial statement included in this Annual Report is prepared in accordance with the ACFID Code of Conduct.

GRIEVANCES

Sight For All is committed to providing quality service to all individuals and organisations with which we are associated and welcomes feedback from volunteers, partner organisations and associated businesses to play a role in monitoring the service the organisation provides.

Individuals wishing to lodge a grievance with Sight For All can do so in the following ways:

- In writing to the Executive Officer
- In person with the Executive Officer
- Over the telephone with the Executive Officer
- In person with the Sight For All in-country or local area partner organisation medical officer.

Sight For All’s Executive Officer can be contacted via telephone +61 (0)8 8222 4937 or email jbickmore@sightforall.org

Sight For All’s Grievance Policy is available on the organisation’s website and is circulated to staff, volunteers and partner organisations in-country.

Sight For All observes the ACFID Code of Conduct in all activities that are undertaken. Individuals lodging a grievance with Sight For All who believe that the organisation has breached the Code are advised to notify the ACFID Code of Conduct Committee. ACFID can be contacted via telephone on +61 (0)2 6285 1816 or via www.acfid.asn.au/code-of-conduct/complaints
TREASURER’S ANNUAL REPORT

I am pleased to present the Treasurer’s Report for the year ended 30 June 2016.

Overview

Sight For All Limited achieved a comprehensive excess for the financial year of $105,660 (2015: $60,088).

As in the previous year, this surplus helps to build our financial reserves, which is in accordance with goals set by the Board to strengthen the financial position of the Foundation. By increasing reserves we are in a stronger position to withstand fluctuations in donor income from year to year, yet still be in a position to maintain operations and support the excellent work undertaken by our volunteers working in Australia and in South East Asia.

The positive result for 2016 was influenced by increases in fundraising revenue to $168,763 and in Sponsorship to $58,574. In addition, Donations reached $240,422, representing an increase of 16.7% over 2015 donations of $200,212.

Cash

Cash and cash equivalents at the end of the financial year were a total of $645,325. Of this total, $336,268 is earmarked for specific future projects as per Note 8 of the accounts.

Equity

The balance of total equity as at 30 June 2016 was $275,782, which is an increase of $105,660 from the previous year.

Income and Expenditure Statement

The income and expenditure statement demonstrates total revenue of $843,042 and total expenditure of $737,382 with an excess of revenue over expenditure of $105,660 for 30 June 2016.

International Aid and Development Project Expenditure for the 2015/2016 Financial Year included $260,442 as Funds for International Programs. Total expenditure for International and Domestic Aid and Development Programs was $737,382, compared to $601,699 in 2015.

Grants from the Australian Government represented $60,345 (2015: $54,172) of income for the financial year.

Phil Jaquillard
Treasurer

<td><strong>$737,382.00</strong></td>
</tr>
</tbody>
</table>

International Program Costs
Includes all expenses and support costs associated with our country programs

Operating Costs
Covers administrative and other costs inherent in running an organisation, including staff time in the areas such as finance, program coordination and administration, insurance premiums, office supplies, consultancy fees and other running costs. It includes coordinating all aid programs and managements of volunteer’s travel and on-site engagement.

Fundraising Costs
Costs associated with events and fundraising.

Domestic Program Costs
Costs associated with the coordination of projects in Australia
FINANCIAL OVERVIEW

VALUE OF VOLUNTEER SERVICES

The value of volunteer services is not included in the accounts. However the following information has been prepared in accordance with the rates approved by DFAT.

Volunteers for the year ended 30 June 2016

33 ophthalmologists for a total of 227 days - Higher Professional $110,689.64

Total Value of Volunteer Services $110,689.64

THE REAL VALUE IS PRICELESS… TOTALS

COSTS
Volunteer Services* $1,274,000.00
International Program Costs $325,255.00
Operating Costs $236,344.00
Fundraising Costs $79,079.00
Domestic Program Costs $96,704.00

TOTAL $2,011,382.00

*Volunteer Services

The value of volunteer services based on rates determined by the Department of Foreign Affairs and Trade (DFAT) is a significant underestimation given the highly specialised nature of our volunteers. The above figure represents a more realistic although still conservative value based on public sector rates.

DIRECTORS’ REPORT
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

The Directors of Sight For All Limited (SFA) present their report, together with the financial statements, for the company for the financial year ended 30 June 2016.

Directors
The following persons were directors of the company during the whole of the financial year and up to the date of this report, unless otherwise stated:

Dr James Muecke AM  
Sue Tegen  
Phil Jaquillard  
Dr Gavin O’Callaghan  
Michael Forberington  
Melissa Emanett  
Professor Bob Cassen  
Dr Nick Andrew  
Professor Jonathan Crowton

Chair  
Vice Chair  
Treasurer  
Resigned 26 February 2016  
Appointed to Vice Chair position 29 March 2016  
Appointed 20 April 2016

Principal Activity
The principal activity of the company for the financial year was to empower communities to deliver comprehensive, evidence-based high quality eye health care through the provision of research, education and equipment.

Short & Long Term Objectives
Our short and long term objectives are directed to funding and delivering programs which have a tangible impact on blindness to our partner countries and Australian communities. This includes:

Collaborative Research
- Adult blindness studies  
- Childhood blindness and refractive error studies  
- Studies to investigate the genetics of blinding disease  
- Studies to explore the outcomes of eye surgeries  
- Studies to determine the impact of eye health awareness initiatives

Infrastructure Support
- Equipment and facility upgrades at training and regional eye centres  
- Establishment of sub-speciality units, eg: glaucoma, ophthalmic plastic surgery, paediatric ophthalmology, retina.

Sustainable Education
- Workshops and curriculum development for ophthalmologists  
- Continued education, leadership and train the trainer workshops for graduate ophthalmologists  
- Extended hand-on sub-speciality fellowships in both Australia and in partner countries (reverse fellowships)

- Workshops to train optometrists in the fitting of contact lenses

Eye Health Awareness
- Cataract and diabetic eye disease awareness campaigns  
- Vision screening to identify refractive errors and blinding diseases in schoolchildren
SIGHT FOR ALL LIMITED
ABN 62 137 081 193
as trustee for
SIGHT FOR ALL FOUNDATION FUND
ABN 69 964 596 401

DIRECTORS’ REPORT (continued)

In the longer term our strategic priorities are:

- To determine the magnitude and causes of blindness in partner communities in order to prioritise eye health projects
- To ensure eye care professionals have the necessary knowledge, skills and equipment and their communities have the necessary awareness, so that sustainable solutions to blindness can be addressed

Strategy for achieving the objectives

- Eye care professionals lead the organisation and coordinate all projects
- Sight For All responds directly to requests from partner countries and communities in need, ensuring that the issues at hand are addressed efficiently
- Deliver duty of care programs for our stakeholders that ensure strong engagement and positive outcomes for our employees, volunteers, fellows and partners
- Strengthen relationships to ensure Sight For All continues to have a significant impact in the delivery of eye care programs in Australia and partner countries
- Create a business model that allows Sight For All to be sustainable in the long term

Principal activities

During the financial year the principal continuing activities of the company consisted of:

- Continuation of in-country fellowship training programs in Cambodia, Laos, Myanmar and Vietnam
- In-Country Collaborative Fellowships (SFA trained fellow Dr Aung training his second fellow Dr Koine Nwun)
- Conducting the Yenflane blindness study in Laos
- Production of Aboriginal Eye Health awareness video to raise awareness of diabetic eye disease
- Hosting The Very Slow Long Lunch, One Night For Sight, One Day For Sight and Friends For Sight
- Hosting Films for Sight events interstate, showcasing short films created for Sight For All
- Increased promotion of Sight For All along Eastern seaboard of Australia and internationally
- Engagement of over 100 eye care professionals in Australia and New Zealand who volunteer their time, knowledge and expertise
- Renewed employment of full time Executive Officer, full time Ophthalmic Public Health Research Fellow and part time Finance Office Coordinator
- Appointment to the part time position of Marketing & Events Coordinator
- Continued preparation for applying for DFAT compliance
- High level of satisfaction of volunteers and visionaries
- Membership of the Vision 2020 Global Consortium, Global Committee, Vietnam and Cambodia Working groups
- Membership of IAPB
- Development of a Program Management Manual
- Establishment of new committees – Program Management Committee and Finance Committee
- Project management focus
SIGHT FOR ALL LIMITED
ABN 62 137 081 193
as trustee for
SIGHT FOR ALL FOUNDATION FUND
ABN 69 864 596 401

DIRECTORS' REPORT (continued)

Performance measures
- Research projects completed
- Project activities funded
- Fellowships undertaken successfully
- Fellows trained in Australia returned to their home country to manage patients
- Sub-specialty ophthalmology units equipped and opened in partner countries
- Successful achievement of DFAT compliance
- Satisfied volunteers and visionaries
- Program Management Manual completed
- Vision 1000 Membership based growing
- Events successfully coordinated and attended
- Staff employed and performance measures in place

Information on Directors

Name: Dr James Muecke AM
Title: Chair
Qualifications: MEBS(Hons), FRANZCO
Experience and expertise: Dr James Muecke graduated with Honours from the University of Adelaide Medical School in 1987. Following his internship at the Royal Adelaide Hospital in 1988, Dr Muecke worked as a Resident Medical Officer at Tumu Tumu Hospital in Kenya. He was awarded an ARVO Traveling Scholarship for the highest score in the Royal Australasian and New Zealand College of Ophthalmologists (RANZCO) Part I Examination in 1991. He trained as a general ophthalmologist in Adelaide from 1992 to 1994 and was awarded a Fellowship to work at St John Ophthalmic Hospital in Jerusalem in 1995. During his year in Jerusalem, he travelled to villages and refugee camps in the West Bank and Gaza strip to conduct weekly outreach eye clinics.

Dr Muecke undertook subspecialty training in oculoplastic surgery at Salisbury District Hospital in England with Mr Tony Tyers in 1995 and in ocular oncology at Moorfields and St Bartholomew's Hospitals with Mr John Hungerford in London in 1997-98. He returned to Adelaide in July 1998 to take up positions as a Visiting Ophthalmologist and the Director of the Ocular Oncology Units in the Departments of Ophthalmology at the Royal Adelaide and Women's and Children's Hospitals.

Dr Muecke has a strong interest in ocular oncology and ophthalmic development and blindness prevention in the developing world. He was the Director of the Vision Myanmar Program (VMP) of the South Australian Institute of Ophthalmology and has been actively involved in surgical teaching, epidemiological surveys, public health campaigns, infrastructure development and blindness prevention in Myanmar since 2000. He is an author and co-author of numerous publications generated from surveys and epidemiological studies in Myanmar. He is the author, photographer and publisher of 'Visions of Myanmar', a fund-raising coffee table book that raised over $100,000 for the VMP.
DIRECTORS’ REPORT (continued)

Dr James Muecke AM (continued)
Dr Muecke has also been involved in blindness prevention activities in Bangladesh, Bhutan, Cambodia, Indonesia, Laos, Nepal, Sri Lanka and Vietnam. He is the founding chairman of ‘Sight For All Foundation’, a not-for-profit organization committed to fighting blindness in the developing world (www.sightforall.org).

DIRECTORS’ REPORT (continued)

Name: Dr. James Macleod AM (continued)

Professional organizations

- Member, International Society of Ocular Oncology
- Member, Oceania Retina Association
- Member, Australian Medical Association
- Member, Australian Society of Ophthalmologists
- Founder, National Ocular and Neuro-oncology Genetic Testing Service
- Founding Member, Ocular and Neuro-oncology Audit Group

Special responsibilities:
- Chair SFA Board

Name: Professor Bob Casson
Title: Vice Chair
Qualifications: MB, BS (Hons), MBiostat, DPhil, FRANZCO
Experience and expertise: Professor and Head of Discipline of Ophthalmology at Adelaide
Social responsibilities:
- Ophthalmic clinician-scientist with expertise in clinical glaucoma,
- Vice Chair
- Chief Scientific Advisor

Name: Mr. Phil Jaggard
Title: Treasurer
Qualifications: B Ed, Grad Dip Acc, CA
Experience and expertise: Phil graduated from Flinders University in 1961 with a Bachelor of Economics and a Post Graduate Diploma in Accounting. He worked in the audit division of KPMG Chartered Accountants and also spent time in tax and business services before taking positions in commerce.

In 1990 Phil established his own practice, and in 1997 merged with David Minno to form Jaggard Minno Chartered Accountants, with a head office in Adelaide. In 2003 SuperGuardian was established, as a specialist firm catering to the accounting and taxation requirements of self-managed superannuation funds.

Phil's business has expanded to Asia, where he now has an office in Manila, and spends much time in Philippines and China. He advises clients on a range of business issues, including taxation, superannuation, and establishing businesses offshore.

He is a member of the Australia China Business Council, and is President of the Philippines Business Chamber of South Australia. He is a Fellow of the Institute of Chartered Accountants in Australia.
DIRECTORS’ REPORT (continued)

Social responsibility:
For the past several years Phil has been involved in social projects including his capacity as Treasurer of the Mary Potter Hospice Foundation in South Australia, and as a volunteer advisor and participant in the Black Pencil Project, Philippines, which delivers pencils and stycy materials to school children in remote communities.

Sight For All Director

Name: Mr Michael Fetherling
Title: Director
Qualifications: Masters of Insurance Law
Masters of Business Administration
Bachelor of Laws
Bachelor of Economics
Graduate of Diploma of Legal Practice

Experience and expertise:
Michael has practiced as a solicitor since 1996. He specialises in professional indemnity, directors and officer’s, casualty, public liability, product liability, insurance, special risk and business interruption claims.

Michael has presented at a number of in-house and industry seminars in both insurance law and debt recovery. Michael also contributes a number of insurance articles to well known publications including the Insurance Law Journal.
SIGHT FOR ALL LIMITED
ABN 62 137 031 193
as trustee for
SIGHT FOR ALL FOUNDATION FUND
ABN 69 984 596 401

DIRECTORS' REPORT (continued)

Michael is a former Board member of AILA (SA Chapter) and current Director of Sight For All. Sight For All is a voluntary organisation of Australian consultants who give their time and expertise voluntarily with the aim of strengthening the capacity of ophthalmologists, ancillary staff and health workers in the developing world to deliver effective, high quality and sustainable ophthalmic health care.

Michael also does pro bono work for Nalbant (SA).

Finally Michael was the Chairman of the Australian National Drag Racing Association. That was a voluntary position.

Social responsibility:

Name: Mrs Melissa Emmett
Title: Director
Qualifications: Bachelor of Business University of South Australia (formerly SA Institute of Technology) – major marketing
Experience and expertise: Melissa has over 30 years experience in marketing, planning and management working for many well-known brands such as Ralieghs, Bedford, Safco, Faulding Pharmaceuticals, SAFE and George Weston Foods.

The last five years have been spent consulting to a variety of organisations. With her years of experience, Melissa brings clarity to marketing decision-making. Her advice is both strategic and pragmatic with the main aim of improving clients overall business performance.

Melissa's skills set includes the ability to work well in a team environment and to provide structure to the planning process. She brings focus and ideas to the marketing process and spends time understanding the issues organisations face when developing plans. Her strength is her ability to get things done and plans are always actionable and accountable.

As both a marketing manager and consultant, she has gained a very supportive network of people in the industry and believes her pragmatic and insightful approach has enabled her to keep clients for many years.

Social responsibility:

Chair Sight For All Marketing Committee
Sight For All Director
DIRECTORS’ REPORT (continued)

Name: Dr Nick Andrew
Title: Director
Qualifications: MBBS
Experience and expertise: Nick graduated from the University of Adelaide medical school in 2010 and commenced ophthalmology training in South Australia in 2014. He is currently completing his PhD in orbital inflammatory disease and has over 20 publications in peer-reviewed medical journals. During medical school Nick represented Australia in rowing on three occasions and was captain of the U23 Australian Rowing Team in 2007.

Corporate Social Responsibility: Nick became involved with Sight For All several years ago when he served as a research assistant in Myanmar on two occasions. His primary role was in collecting cataract surgical data following the donation of equipment and training by Sight For All. While a member of the Australian Rowing Team, Nick helped to raise money for the Cancer Council, the Julian Burton Burns Trust, and he also visited schools to raise awareness about the importance of physical activity.

Social responsibility: Sight For All Director

Name: Professor Jonathan Crowston
Title: Director
Qualifications: BSc, MBBS, PhD, FRCPht, FRANZCO
2006 FRANZCO, Royal Australia & NZ College of Ophthalmology
2003-04 Glaucoma Fellowship II, University of California, San Diego
2002-03 Glaucoma Fellowship I, Westmead Hospital, Sydney
1998-02 Specialist Registrar, Moorfields Eye Hospital, London
2000 PhD, University College, London
1994 FRCPht, Royal College of Ophthalmologists, UK
1990 MBBS, Bachelor of Medicine/Bachelor of Surgery, Royal Free Hospital School of Medicine, London
1987 BSc (Immunopathology), Royal Free Hospital School of Medicine, London

Experience and expertise: Jonathan Crowston is the Ringland Anderson Professor of Ophthalmology, University of Melbourne, Managing Director of the Centre for Eye Research Australia (CERA) and a pre-eminent glaucoma specialist clinician at the Royal Victorian Eye and Ear Hospital. Jonathan also holds the position of Honorary Clinical Professor at the Chinese University of Hong Kong, Department of Ophthalmology and Visual Sciences.

He gained his ophthalmology training at Moorfields Eye Hospital, London and was awarded a PhD for work on ocular wound healing at the Institute of Ophthalmology, University College London (2000). He subsequently completed Glaucoma Fellowships Westmead Hospital, Sydney and the Shiley Eye Center, UC San Diego where he then joined the glaucoma faculty prior to moving to Australia in 2006.
DIRECTORS’ REPORT (continued)

Jonathan’s research is currently focussed on understanding why ageing predisposes to optic nerve disease and in particular focussing on neuroplasticity and the potential for retinal ganglion cell recovery.
He has published over 150 peer-reviewed manuscripts and co-authored three books. Jonathan has received a number of awards for his research and training. He is the recipient of the 2010 Peter Watson Medal from Cambridge Ophthalmology Society and the inaugural recipient of 2016 Association for Research in Vision and Ophthalmology (ARVO) Foundation for Eye Research, David L Epstein Award recognising outstanding research in Glaucoma and for mentoring young clinical investigators.

Directorships:
2016 - current, Sight For All (SFA)
2015 - current, CERA Technologies Pty Ltd (and Chairman)
2016 - current, CT Technologies
2016 - current, Et Al Research Pty Ltd
2014 - current, Melbourne Academic Centre for Health
2013 - current, Board of Governors World Glaucoma Association
2011-15, Vision CRC
2009 - current, Centre for Eye Research Australia
2008 - current, The Ophthalmic Research Institute of Australia (ORIA) Board of Directors

Social responsibility:

Sight For All Director
Meetings of directors
The number of meetings of the company’s Board of Directors held during the year ended 30 June 2016, and the number of meetings attended by each director were:

Held represents the number of meetings held during the time the director held office.

Contributions on winding up
The company is incorporated under the Corporations Act 2001 and is a company limited by guarantee. If the company is wound up, the constitution states that each member is required to contribute a maximum of $1 each toward meeting any outstanding obligations of the company.

As at 30 June 2016 the total amount that the members of the company are liable to contribute if the entity is wound up is $1 (2015/16).

Rounding of amounts
The company is of a kind referred to in Class Order 98/103, issued by the Australian Securities and Investments Commission, relating to the ‘rounding off’ of amounts in the directors’ report. Amounts in the directors’ report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, to the nearest dollar.

Auditor’s Independence declaration
A copy of the Auditor’s Independence Declaration as required under s. 60-40 of the Australian Charities and Not-for-profits Commission Act 2016 is included on page 13 of this financial report and forms part of the Responsible Entities’ Report.

Signed in accordance with the resolution of the Company Directors.

On behalf of the directors

[Signature]

Dr James Muircke AM
Chair

19 August 2016
Adelaide
Auditor's Independence Declaration under Division 60-40 of the Australian Charities and Not-for-profits Commission Act 2012 to the Directors of Sight For All Limited as trustee for the Sight For All Foundation Fund

I declare that, to the best of my knowledge and belief, during the year ended 30 June 2016 there have been:-

(i) no contraventions of the auditor independence requirements as set out in the Australian Charities and Not-for-profits Commission Act 2012 in relation to the audit; and

(ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Notes to the financial statements for the financial year ended 30 June 2016

Note 1. Corporate Information
The financial statements of Sight for All Limited as trustee of Sight for All Foundation Fund for the year ended 30 June 2016 were authorised for issue in accordance with a resolution of Directors on 16 August 2016.

Sight for All Limited, as trustee for Sight for All Foundation Fund, is a not-for-profit company limited by guarantee. The registered office is C/- South Australian Institute of Ophthalmology, Level 6 East Wing, Royal Adelaide Hospital, North Terrace, Adelaide 5000.

Note 2. Significant accounting policies
The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

New, revised or amending Accounting Standards and Interpretations adopted
The company has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (‘AASB’) that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Any significant impact on the accounting policies of the company from the adoption of these Accounting Standards and Interpretations are disclosed in the relevant accounting policy.

The adoption of these Accounting Standards and Interpretations did not have any impact on the financial performance or position of the company.

Basis of preparation
These general purpose financial statements have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and Interpretations issued by the Australian Accounting Standards Board (‘AASB’), Australian Charities and Not-for-profits Commission Act 2012, the Australian Charities and Not-for-profits Commission Regulation 2013. Sight for All Ltd is a not-for-profit entity for the purpose of preparing the financial statements.

Historical cost convention
The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of available-for-sale financial assets, financial assets and liabilities at fair value through profit or loss, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates
The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company’s accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

Revenue recognition
Revenue comprises revenue from government grants, donations and sponsorship. Revenue from major areas is shown in Note 4.

Revenue is measured at the fair value of the consideration received or receivable.

Revenue is recognised when the amount of revenue can be measured reliably, collection is probable, the costs incurred or to be incurred can be measured reliably, and when the criteria for each of the activities have been met. Details of activity-specific recognition criteria are detailed below.
SIGHT FOR ALL LIMITED
ABN 62 137 081 193
as trustee for
SIGHT FOR ALL FOUNDATION FUND
ABN 69 664 598 401

Notes to the financial statements for the financial year ended 30 June 2016 (continued)

Government Grants
A number of Sight for All Ltd programs are supported by grants received from government.

If conditions are attached to the grant which must be satisfied before Sight for All Ltd is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

Where grant revenue is received on the condition that specified services are delivered, to the grantor, this is considered a reciprocal transaction. Revenue is recognised as services are performed and at year-end until the service has been delivered.

Revenue from a non-reciprocal grant that is not the subject to the conditions is recognised when the company obtains control of the funds, economic benefits are probable and the amount can be measured reliably. Where the grant may be required to be repaid if certain conditions are not satisfied, a liability is recognised at year end to the extent that the conditions remain unsatisfied.

Sight for All Limited receives non-reciprocal contributions of an asset or assets from parties for a zero or a nominal consideration, the asset is recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of revenue recognised in the statement of comprehensive income.

Donations and bequests
Donations are recognised as revenue when the company gains control, economic benefits are probable and the amount of the donation can be measured reliably.

Bequests are recognised when the legacy is received. Revenue from legacies comprising bequests of shares or other property are recognised at fair value, being the market value of the shares or property at the date the company becomes legally entitled to the shares or property.

Interest and dividend income
Interest income is recognised on an accrual basis using the effective interest method. Dividend income are recognised at the time the right to receive payment is established.

Other revenue is recognised when it is received or when the right to receive payment is established.

Operating expenses
Operating expenses are recognised in the profit or loss upon utilisation of the service or at the date of their origin.

Income tax
No provision for income tax has been raised as the Company is exempt from income tax under Div 50 of the Income Tax Assessment Act 1997.

Cash and cash equivalents
Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Reserves
Retained earnings include all current and prior period retained profits.
Notes to the financial statements for the financial year ended 30 June 2016 (continued)

Trade and other receivables
Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment.

Other receivables are recognised at amortised cost, less any provision for impairment.

Property, plant and equipment
Property, plant and other equipment (comprising fittings and furniture) are initially recognised at acquisition cost or manufacturing cost, including any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the Company’s management.

Property, plant and other equipment are subsequently measured using the cost model, cost less subsequent depreciation and impairment losses.

The Board has determined that it will only capitalise assets that have a cost greater than $1,000 for the purposes of depreciation. Any asset that costs less than $1,000 will be written off and expensed in the Statement of Comprehensive Income.

Leasehold improvements and plant and equipment under lease are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

Material residual value estimates and estimates of useful life are updated as required, but at least annually.

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss within other income or other expenses.

Trade and other payables
These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and not discounted.

The amounts are unsecured and are usually paid within 30 days of recognition.

Deferred income
The liability for deferred income is the unutilised amounts of grants received on the condition that specified services are delivered or conditions are fulfilled. The services are usually provided or the conditions usually fulfilled within twelve (12) months of receipt of the grant. Where the amount received is in respect of services to be provided over a period that exceeds twelve (12) months after the reporting date or the conditions will only be satisfied more than twelve (12) months after the reporting date, the liability is discounted and presented as non-current.

Goods and Services Tax (GST)
Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST components of investing and financing activities, which are disclosed as operating cash flows.

Borrowings
Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Where there is an unconditional right to defer settlement of the liability for at least 12 months after the reporting date, the loans or borrowings are classified as non-current.
Notes to the financial statements for the financial year ended 30 June 2016 (continued)

Employee benefits

Short-term employee benefits
Short-term employee benefits are benefits, other than termination benefits, that are expected to be settled wholly within twelve (12) months after the end of the period in which the employees render the related service. Examples of such benefits include wages and salaries and accumulating annual leave. Short-term employee benefits are measured at the undiscounted remuneration rate expected to be paid when the liabilities are settled.

Other long-term employee benefits
The Company's liabilities for annual leave and long service leave are included in other long-term benefits as they are not expected to be settled wholly within twelve (12) months after the end of the period in which the employees render the related service. They are measured at the present value of the expected future payments to be made to employees. The expected future payments incorporate anticipated future wage and salary levels, experience of employee departures and periods of service. Any re-measurements arising from experience adjustments and changes in assumptions are recognised in profit or loss in the periods in which the changes occur.
The Company presents employee benefit obligations as current liabilities in the statement of financial position if the Company does not have an unconditional right to defer settlement for at least twelve (12) months after the reporting period, irrespective of when the actual settlement is expected to take place.

Economic dependence
The Company is dependent upon the ongoing receipt of Government grants and community and corporate donations to ensure the ongoing continuance of its programs. At the date of this report management has no reason to believe that this financial support will not continue.

Note 3. Significant management judgement in applying accounting policies
When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

Estimation uncertainty
Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

Impairment
In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

Useful lives of depreciable assets
Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets.

Long service leave
The liability for long service leave is recognised and measured at the present value of the estimated cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

Note 10. Financial Risk Management

(a) Overview
The Company has exposure to the following risks from its use of financial instruments:
- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure on each of the above risks, its objectives and policies and processes for measuring and managing risk. Further quantitative disclosures are included throughout this financial report.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework.

Risk management policies are established to identify and analyse the risks faced by the Company. To set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

(b) Credit risk
Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from operating activities and investments.

Trade and other receivables
The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Geographically there is no concentration of credit risk.

Investments
The Company limits its exposure to credit risk by only investing in liquid securities and only with counterparties that have a credit rating equal to or better than the Company.
Notes to the financial statements for the financial year ended 30 June 2016 (continued)

(b) Credit risk (continued)

Exposure to credit risk

The carrying amount of the Company's financial assets represents the maximum credit exposure. The Company's maximum exposure for credit risk at the reporting date was:

<table>
<thead>
<tr>
<th>Note</th>
<th>2016</th>
<th>2015</th>
</tr>
</thead>
<tbody>
<tr>
<td>5</td>
<td>$645,325</td>
<td>$593,713</td>
</tr>
<tr>
<td>43,856</td>
<td>44,436</td>
<td></td>
</tr>
</tbody>
</table>

(c) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

(d) Market Risk

Market risk is the risk that changes in market prices, such as interest rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposure within acceptable parameters, while optimising the return.

All investment transactions are carried out within the guidelines of the Company's Investment Policy.

The Company's exposure to market interest rate risk relates primarily to its holdings of cash and cash equivalents and its borrowings.

At balance date the Company had the following financial assets exposed to Australian variable interest rate risk that are not designated in cash flow hedges:

<table>

Directors' declaration

In the opinion of the Directors of Sight for All Ltd:

1. The consolidated financial statements and notes of Sight For All Ltd are in accordance with the Australian Charities and Not-for-profits Commission Act 2012, including:
   a. Giving a true and fair view of its financial position as at 30 June 2016 and of its performance for the financial year ended on that date; and
   b. Complying with Australian Accounting Standards – Reduced Disclosure Requirements (including the Australian Accounting Interpretations) and the Australian Charities and Not-for-profits Commission Act 2012; and

2. There are reasonable grounds to believe that Sight for All Ltd will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors made pursuant to Section 296(6) of the Corporations Act 2001 and with subsection 60.1E(2) of the Australian Charities and Not-for-profit Commission Regulation 2013.

On behalf of the Directors

Adelaide
INDEPENDENT AUDITOR’S REPORT TO THE MEMBERS OF
SIGHT FOR ALL LIMITED AS TRUSTEE FOR SIGHT FOR ALL FOUNDATION FUND

I have audited the accompanying financial report of Sight For All Limited as trustee for Sight For All Foundation Fund, which comprises the statement of financial position as at 30 June 2016, the statement of comprehensive income, statement of cash flows and statement of changes in equity for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the director’s declaration.

The directors of the company are responsible for the preparation of a financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Australian Charities and Not-for-profits Commission Act 2012, and for such internal control as the directors determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
My responsibility is to express an opinion on the financial report based on my audit. I have conducted my audit in accordance with Australian Auditing Standards. Those standards require that I comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation of a financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Independence
In conducting my audit, I have complied with the independence requirements of the Australian Charities and Not-for-profits Commission Act 2012. I confirm that the independence declaration required by the Australian Charities and Not-for-profits Commission Act 2012, which has been given to the directors of the company, would be in the same terms if given to the directors as at the time of this auditor’s report.

Qualification
As is common for this type of organisation, it is not practicable for the company to maintain an effective system of internal control over donations and other fundraising activities until their initial entry in the accounting records. Accordingly, the audit in relation to fundraising was limited to amounts recorded.

Opinion
In my opinion, except for the matter referred to in the qualification paragraph, the financial report of Sight For All Limited as trustee for Sight For All Foundation Fund is in accordance with the Australian Charities and Not-for-profits Commission Act 2012, including:
   i) giving a true and fair view of the company’s financial position as at 30 June 2016 and of its performance for the period ended on that date; and
   ii) complying with Australian Accounting Standards and the Australian Charities and Not-for-profits Commission Act 2012.

Basis of Accounting
Without modifying my opinion, I draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors’ financial reporting responsibilities under the Australian Charities and Not-for-profits Commission Act 2012. As a result, the financial report may not be suitable for another purpose.

Bruce H Carpenter
Registered Company Auditor No 374687

Level 8, 185 Victoria Square
ADELAIDE SA 5000

Dated: 16 August 2016
