ANNUAL REPORT
2016
A collection of pictures throughout the report showcases both Sight For All’s work in-country and events held to fund our sight-saving work.

Persons pictured have given consent to their images being included.
SIGHT
FOR ALL
A SHARED
VISION

ANNUAL REPORT
2016
OUR VISION
To create a world where everyone can see.

OUR MISSION
Sight For All empowers communities to deliver comprehensive, high quality eye care through the provision of research, education and equipment.

OUR VALUES

COLLABORATION
Encouraging the participation of all stakeholders.

SUSTAINABILITY
Fostering self-reliance through comprehensive evidence-based

RESPECT
Promoting human rights in all dealings.

Sight For All is governed by a Board of Directors comprising ophthalmologists, an optometrist, a lawyer, an accountant and a marketing expert.

Sight For All is a member of the World Health Organisation's Vision 2020 Right For Sight Initiative and a member of the Vision 2020 Global Consortium. Sight For All is a member of the Australian Council For International Development (ACFID) and a member of the International Agency for the Prevention of Blindness (IAPB). Sight For All is registered with the Australian Tax Offices' Overseas Aid Gift Deduction Scheme (OADGS).

Eye care professionals lead Sight For All and coordinate all projects. With the depth of knowledge and voluntary service they provide, the outcome is a comprehensive, sustainable and evidence based approach.
CHAIRMAN’S REPORT

This last year has been one of consolidation for Sight For All. A huge amount of time and energy has been dedicated to our accreditation process with the Australian Government’s Department of Foreign Affairs and Trade. Our voluntary external committees have been instrumental in steering Sight For All and as a result, our organisational and financial capability, our research and project management capacity, and our events and marketing potential have never been better. Although it hasn’t deflected from our Vision of creating a world where everyone can see, we’re looking forward to forging ahead with our core business when we achieve this vital goal.

We said goodbye to Susi Tegen, our Vice Chair, who was instrumental in the maturation of our organisation during her term with the Sight For All Board. Prof Bob Casson has stepped into the Vice Chair role and we also welcomed Prof Jonathan Crowston to the Board. Jonathan is the Managing Director of the Centre For Eye Research Australia, based in Melbourne, and brings with him a wealth of ophthalmic research experience and the opportunity to collaborate with one of the leading institutes in the country.

Our events continue to be a major source of fundraising and a valuable means of raising awareness. The Return of the Very Slow Long Lunch in August was once again a sell-out success and has now become a landmark event on the Adelaide calendar. Our inaugural event, One Night For Sight, where a small group of diners experience firsthand the difficulties faced by blind people, was a very moving yet confronting experience for our guests. We also launched One Day For Sight in 2015, an international photographic challenge in collaboration with Atkins Photo Lab. The challenge was held on World Sight Day in October, with the top 27 stunning entries subsequently exhibited for three months at the Adelaide Convention Centre and Adelaide Airport. Our Films For Sight events have also proved to be very popular with screenings of six Sight For All short films in Adelaide, Sydney and Melbourne over the past year.
We are very conscious of the fact that there are hundreds of blinding diseases in the world and that the majority of these have been poorly managed in many developing countries. And so our strategy of educating and equipping eye specialists in our partner countries, across a broad range of subspecialties, continues to be the hallmark of our work. It’s heart-warming to see how well this is working in Myanmar, with our Sight For All trained retinal and glaucoma specialists and paediatric ophthalmologists now training their own fellows in a very powerful and sustainable manner.

Our strong track record in Lao has meant that Sight For All was selected by the Asia Pacific Academy of Ophthalmology to lead their inaugural Gateway Project for Lao, designed to bring together stakeholders and APAO member nations to help coordinate and deliver blindness prevention initiatives for this country.

By increasing the capacity of the lead ophthalmic training centres in a number of countries to comprehensively train their own colleagues, we are creating a new generation of eye specialists who are more than just cataract surgeons. Of course, the patients are the real winners, with many having access for the first time to new skills and knowledge and new diagnostic and therapeutic tools, all of which are currently impacting on half a million people across eight countries every year, and growing. It is inspirational to see the Sight For All legacy not only restoring sight and alleviating poverty, but now saving lives in many of the poorest regions of the world.

Of course, all our achievements are purely a reflection of our vibrant growing Sight For All family. We are incredibly appreciative of the support of our exceptional staff, our talented Visionaries, our generous donors and Vision 1000 members, and our tireless volunteers. On behalf of the Sight For All Board, I would like to extend a heartfelt thank you to all for your amazing efforts and goodwill.

Dr James Muecke AM
Chairman
EXECUTIVE OFFICER’S REPORT

Sight For All has continued to go from strength to strength during the past financial year. The dedication of the Board of Directors, staff team, and medical and non-medical volunteers continues to ensure the organisation’s ongoing success.

In October 2015 I experienced my first Sight For All trip, travelling to Myanmar with Board Directors Dr James Muecke and Mr Gavin O’Callaghan. While in Myanmar we set up the second children’s eye unit for the country – with thanks to the Australian Government. We spent time with A/Prof Than Htun Aung, Myanmar’s first paediatric ophthalmologist trained in Australia by Sight For All in 2009. The experience showed me first-hand the incredible impact that our projects have in a country and in a community. It was one of the most inspirational weeks of my life. What a privilege to be the Executive Officer of Sight For All!

September 2015 was a busy event period for Sight For All. In early September we held the second The Very Slow Long Lunch, sponsored by Inservio and attended by nearly 300 people. The event raised over $70,000 with funds going towards our educational projects in Lao. In late September, we held our first One Night For Sight event which provided a small group of guests with the experience of dining in the dark to develop an understanding the impact that blindness has on an individual. The event was so impactful for guests that a second One Night For Sight was held in May 2016 and it has now become a signature event on the Sight For All calendar.

Other events held throughout the 2015/2016 financial year included One Day For Sight, a photographic challenge conducted in conjunction with Atkins Photo Lab and supported by Optos and Zeiss. This event is now also an annual event for Sight For All, held each year on World Sight Day. We held another Films For Sight event in Melbourne which was proudly supported by Oliver Hume Property Funds and one of our Vision 1000 Members, Malaty Kittikhoun coordinated a Friends For Sight event in Sydney, bringing a group of people together and raising funds for our work in Lao. Mena Muecke and the events committee are again to be congratulated on their creativeness, hard work and dedication in bringing these events to fruition.

Our in-country fellowship projects have continued to be successful. In the 15/16 Financial Year we have continued with the paediatric, retinal and oculoplastics fellowships in Lao, glaucoma and paediatric fellowships in Cambodia and completion of the corneal fellowship in Vietnam. We look forward to these projects continuing in 2016/2017 and the commencement of the neuro-ophthalmology fellowship in Myanmar.

Project management, planning, documentation and the collection of data from fellows has been a priority over this past year. Our Ophthalmic Public Health Fellow, Dr
Cesar Carrillo and volunteer Dr Tony Rogers spent many months writing a Program Management Manual. Cesar and Tony are to be congratulated on the creation of this resource that will guide Sight For All projects into the future.

The Sight For All Board of Directors farewelled Ms Susi Tegen in early 2016. Susi provided much guidance in the areas of governance, human resources and business practices and we thank her for her support. We welcomed Professor Jonathan Crowston in May 2016 and look forward to his valuable contribution to the Sight For All Board over the coming years. I continue to be grateful for the Board’s commitment and dedication to Sight For All and the personal support they all provide to me. The individual skills that each Director brings to the organisation, ensures that the Board provides clear direction and governance in all areas of the organisation.

Sight For All’s small staff team of Dr Cesar Carrillo, Ophthalmic Public Health Fellow and Leanne Harms, Finance Office Coordinator, have worked diligently and passionately over the last year. Being a small team it is important that we all support and encourage each other. I am very proud of our team and thank Cesar and Leanne along with Mena Muecke, volunteer Events Director, Dr James Muecke, Prof Bob Casson and the Board of Directors for making Sight For All such a wonderful organisation to be a part of.

The support of Vision 1000 Members, volunteers, Visionaries, funders, supporters and the Australian Government ensures that our sight-saving work continues. I thank you all for your generosity and commitment. Without you, our work would not be possible.

The 2016/17 Financial Year will see the continuation of our educational projects in Asia and the introduction of new activities such as pilot projects in Australia, the production of new films and the coordination of research. These new activities are exciting and we look forward to the positive outcomes they will deliver into the future.

Ms Judy Bickmore
Executive Officer
OUR KEY STRATEGIES IN THE FIGHT AGAINST BLINDNESS

**COLLABORATIVE FIELD RESEARCH**
- Adult blindness studies
- Childhood blindness and refractive error studies
- Studies into the genetics of blinding diseases
- Studies exploring the impact of educational and eye health awareness initiatives

**EDUCATION AND CAPACITY BUILDING**
- Workshops and curriculum development for ophthalmologists in training
- External input into assessments and examinations of ophthalmologists in-training
- Continued education and leaderships workshops for graduate

**INFRASTRUCTURE SUPPORT**
- Equipment and facility upgrades at primary training institutions and regional eye centres
- Establishment of sub-speciality units eg: cornea, glaucoma, oculoplastics, paediatric, retina.
- Establishment of optometry facilities

**PRIMARY EYE CARE AND EYE HEALTH PROMOTION**
- Primary eye care workshops for nurses and health care workers
- Workshops to overcome barriers to cataract surgery
- Public awareness campaigns eg: cataract, diabetic eye disease, childhood vision screening
Our work extends across nine countries
Sight For All’s Visiting Fellowship Program has been running since the organisation began in 2009. Since then 27 fellows have been trained in a variety of sub-specialty areas including glaucoma, ocular oncology, oculoplastics, paediatric ophthalmology, and medical and surgical retina. The Visiting Fellowship Program involves fellows travelling to Australia (or sometimes another country) to undertake a year-long fellowship in a particular ophthalmic sub-specialty. While no fellows were trained in Australia during the past year, much work has been done to prepare for the arrival of Dr Aye Moe Htet to commence a Corneal Fellowship in Adelaide in late 2016.

Myanmar Fellows trained by Sight For All
Dr Tin Mg Thant, A/Prof Khine Su, A/Prof San Hlaing Min, Prof San Myint, A/Prof Than Htun Aung, Dr May Ko Ko Thet, Dr Ko Ko Lin, Dr Aye Moe Htet
AUSTRALIA

MY EYE HEALTH PROGRAM

Sight For All has been involved with the My Eye Health Program since its inception in 2009. The program, coordinated in conjunction with the Royal Society For the Blind, the Royal Australian and New Zealand College of Ophthalmologists (SA branch) and the Freemasons Foundation, provides opportunities for eye health awareness presentations to be conducted across South Australia. Sight For All’s Ophthalmic Public Health Fellow, Dr Cesar Carrillo, has been working with the team on the collation of valuable data. During the 2015/2016 financial year, The My Health Program provided 217 presentations, reaching 4669 people.

ABORIGINAL EYE HEALTH INITIATIVE

Diabetes is the fastest growing cause of visual loss in the adult Aboriginal population and over one third of Aboriginal people with diabetes have diabetic eye disease. Sight For All’s Aboriginal Blindness Initiative is focussed on education and raising awareness. As such Sight For All’s videos “Big City Trip” (cataract surgery awareness); “Sid’s Bad Sugar” (diabetic eye disease awareness) and “Eyes” (eye health awareness) are used to deliver important messages about the prevention and treatment of these eye conditions.
PROJECTS

BANGLADESH

INFRASTRUCTURE

Sight For All Chairman, Dr James Muecke delivered paediatric equipment to be used at the Ophthalmic Society of Bangladesh Hospital in Dhaka in March 2016. The equipment including vision testing and diagnostic equipment for the clinic, and surgical instruments, was generously funded by Santos.

From left to right we have Prof Enayet Hossain (Sec General OSBH), Prof Milly Shakoor (Community Ophthalmologist Bangladesh National Institute of Ophthalmology), Andrew DeGaris (Santos Bangladesh Manager), Mahmud Karim (Santos Bangladesh Country Lead), Dr James Muecke

EDUCATION

While in Bangladesh in early March 2016, Dr James Muecke provided specialised training in the treatment of retinoblastoma, a rare but deadly children’s eye cancer. Dr Muecke also spent time with our fellows Drs Jayfari and Rahman.

BHUTAN

INFRASTRUCTURE

With the support from the Australian Government’s Direct Aid Program, Sight For All was able to provide our Glaucoma Fellow, Dr Deki with a new Humphrey Visual Field Analyser. The Humphrey Visual Field Analyser has allowed Dr Deki to screen and detect glaucoma in patients with early stages of the disease. In addition, patients with low vision as a result of
uncontrolled glaucoma and other neurological conditions (eg: stroke) are able to be diagnosed and monitored more successfully due to the availability of this equipment. As a result, blindness prevalence will be reduced within the Bhutanese community.

Dr Anna Galanopolous and Dr Deki in Bhutan

CAMBODIA

INFRASTRUCTURE

With thanks to the generosity of the Wood Foundation, Sight For All was able to purchase a Spectra 532nm laser with Keeler Indirect Ophthalmoscope to be used at the Khmer Soviet Friendship Hospital. This machine is vital in the treatment of babies with Retinopathy of Prematurity (ROP) and other diseases of the retina.

EDUCATION

The Cambodia Paediatric In-Country Fellowship Project has trained Drs Kheng and Soleaphy in this sub-specialty area at the Khmer Soviet Friendship Hospital. Plans are underway for Dr Kheng to spend three months in Adelaide in early 2017 to undertake low-vision training and enhance her paediatric ophthalmology skills.

The Cambodia Glaucoma In-Country Fellowship Project has trained Drs Sophal and Tarath over the past two years. This fellowship is due for completion in mid 2017.

The Cambodia Retinal In-Country Fellowship Project is due to commence in 2017. A capacity assessment for this project has already been conducted and enabled retinal teaching and training in fundus photography at the same time.

38 lectures delivered by Sight For All Visionaries for this project.
LAOS

RESEARCH
Sight For All's research team commenced the pilot study of the Vientiane Blindness Survey in June 2015. This survey will continue over the coming year with the aim of determining the leading causes of blindness in the Vientiane area.

INFRASTRUCTURE
With the support from the Lang Foundation, an Ellex Tango Laser was purchased in April 2016, for use at the National Ophthalmology Centre (NOC) in Vientiane. This machine is vital for the treatment of chronic glaucoma and complications of cataract surgery.

Two argon lasers were purchased with the funds raised from the The Very Slow Long Lunch in 2015. These two lasers were delivered to the regional areas of Savannakhet and Champasak and will be used to enable the early treatment of patients with diabetic eye disease.

An indirect laser was donated to NOC. This laser is now being used in the treatment of babies with retinopathy of prematurity and patients with retinal conditions.

EDUCATION
The Lao Paediatric Ophthalmology In-Country Fellowship for Dr Phayvanh has continued during 2015/16. We are looking forward to Dr Phayvanh coming to Australia for a three month fellowship in late 2016 to cement the knowledge gained throughout her in-country training.
Dr Siphetthavong and Dr Phompanya have continued to embrace the teaching provided to them as part of the Lao Oculoplastics In-Country Fellowship Project. This project is scheduled to be completed in late 2016.

Six Sight For All Visionaries have been mobilised as part of the Lao Retina In-Country Fellowship Project throughout 2015/2016. This project has enabled the training of Dr Khamkoune at NOC as well as ophthalmologists from four regional eye centres, and is an ongoing commitment of our retinal team.

General training was also provided at the NOC with Dr Cesar Carrillo teaching residents basic ophthalmology concepts and our Ophthalmic Nurses, Mardi Leaney and Siew Kim Teo, teaching skills in fundus photography and sterilisation procedures respectively.

**MYANMAR**

**INFRASTRUCTURE**

With thanks to the Australian Government, Sight For All established the second children’s eye unit in Myanmar at Mandalay Eye and ENT Hospital for paediatric ophthalmologist Dr Tin Mg Thant. The equipment was transported in October 2016 and the unit is now fully operational.

1200 patients with oculoplastic conditions treated by Dr Siphetthavong in the clinic and 228 in the operating theatre over a 12 month period.
EDUCATION

Planning for our first In-country Fellowship Project in Myanmar was conducted in early 2016. The neuro-ophthalmology project will commence in July 2016. Sight For All also awaits the arrival of Dr Aye Moe Htet in late 2016, to undertake a hands-on corneal fellowship in Adelaide over a twelve month period.

Sight For All fellows trained in Australia in the sub-specialty areas of glaucoma, oculoplastics, paediatric ophthalmology and vitreo-retina, and are now beginning to train their own fellows back home. The first example of this has been Sight For All trained paediatric ophthalmologist, A/Prof Than Thun Aung, who trained Dr Tin Mg Thant in 2014-2015 and is now training Dr Khine Nweni at Yangon Eye Hospital.

20,000 children treated each year by Dr Than Htun Aung.
**SRI LANKA**

**INFRASTRUCTURE**

With support from the Australian Government, Sight For All was able to purchase a portable autorefractor-keratometer along with an iCare tonometer and infant gonioscopy lens. This equipment will supplement the paediatric eye unit established by Sight For All in 2011, and is now being used by Dr Tavisha Udupihille, Sight For All trained paediatric ophthalmologist based at the Sirimavo Bandaranaike Children’s Hospital in Kandy.

**VIETNAM**

**EDUCATION**

The Vietnam Corneal In-Country Fellowship Project mobilised eleven Visionary teaching trips during the fellowship period. The fellowship was completed at the end of 2015, with a post fellowship assessment conducted in mid 2016.

We were delighted to win a grant from the Allergan International Foundation for our Vietnam Glaucoma In-Country Fellowship Project. Our colleagues from the Vietnam National Institute of Ophthalmology in Hanoi are currently seeking candidates to undertake this fellowship that will commence in 2017.
VISIONARIES

Sight For All is supported by an incredibly dedicated group of Visionaries. These ophthalmologists, optometrists, ophthalmic nurses and scientists alone contribute close to 10,000 hours each year. This equates to over $2million worth of medical expertise and goodwill donated to Sight For All annually.

We thank the following Visionaries who have supported Sight For All throughout the 2015-2016 Financial Year:

Dr Ashish Agar  Dr Lance Lui
Dr Andrew Apel  Dr Stephen McGovern
Dr Joanna Black  Dr John Males
Dr Stuart Carroll  Dr Anthony Maloof
Dr Bob Casson  Dr Justin Mora
Dr Elsie Chan  Dr James Muecke
Dr Mark Chehade  Dr Henry Newland
Dr John Crompton  Mr Gavin O’Callaghan
Dr Craig Donaldson  Dr Simon Phipps
Dr James Elder  Dr Alex Poon
Dr Rohan Essex  Dr Jim Runciman
Dr Michael Forrest  Dr Shaheen Shah
Dr Adrian Fung  Dr Brian Sloan
Dr Trevor Gin  Ms Mardi Smith
Dr Glen Gole  Dr Grant Snibson
Dr Tom Hardy  Dr Charles Su
Dr Richard Hart  Dr Laurie Sullivan
Dr Tess Huynh  Dr Hughie Tsang
Dr Alex Huynor  Dr Kim Tan
Dr Tim Isaacs  Ms Siew Kim Teo
Dr Geoff Lam  Dr Steph Watson
Dr Graham Lee
Dr Ridia Lim
PROGRAM MANAGEMENT COMMITTEE

The Program Management Committee has been focussed on developing a robust management plan with particular attention to a logical framework approach and measurable outcomes. Sight For All has been fortunate to be assisted by Program Management experts, Paul Aylward and Zeshi Fisher. Dr Aylward has 20 years experience in Program Management and has designed, managed and conducted over 80 public and primary health care research projects and evaluations across Government, Non-Government and University sectors in the UK and Australia. Zeshi Fisher has extensive experience in International Program Development and is the Program Manager for Birthing Kit Foundation Australia.

The Sight For All Program Committee has met several times over the course of 2016 so far, including workshops with Dr Aylward. These workshops have greatly improved the skill set of Sight For All with respect to the theory underlying management and evaluation. We have worked as a team to optimize the presentation of Sight For All's program delivery for DFAT accreditation. Judy Bickmore and Cesar Carrillo are to be congratulated for their superb efforts in preparing the draft application.

Prof Bob Casson
Chair, Program Management Committee
RESEARCH REPORT

THE LAO NATIONAL BLINDNESS SURVEY

Population-based, cross-sectional ophthalmic surveys have been previously undertaken by Sight For All in Meiktila, Myanmar (Burma) and Kandy, Sri Lanka. In collaboration with local government health services, selected Australian ophthalmologists and support staff teamed with local colleagues in co-ordinated programs of eye health assessment. The numerous publications based on these studies have described the prevalence and causes of visual impairment in these regions. In both countries, particularly in Myanmar, this has provided an evidence base for successful collaboration with Myanmar eye health professionals resulting in an ongoing program of capacity building projects in the form of sub-specialty fellowships, equipment and facility upgrades, eye health promotion seminars and further research opportunities.

The Lao study aims to provide comprehensive information on the prevalence and causes of visual impairment amongst the population of the Lao People’s Democratic Republic. We will also investigate the impact of current treatments from a visual perspective and design, validate and employ Quality of Life and Vision Function instruments to measure the effectiveness of interventions from a patient-centred perspective.

We aim to determine whether the prevalence and causes of visual impairment and blindness in Lao PDR are comparable to other populations in lower-middle income, developing nations in the region. By utilising a stratified study design, we also aim to determine any associations of blindness and socio-demographic factors; age, sex, literacy, and occupation.

The study will also be used to construct and validate a Quality of Life instrument for the Lao people. This will enable us to specifically tailor our qualitative assessment of visual impairment and its relative impact in this population in order to facilitate informed translation from research to health policy decisions in the future.

This study will allow us to capture a baseline dataset for the people of Lao PDR in both rural and urban settings to be used in future surveys that will be designed to capture incidence of eye disease, in particular the expected rise in retinal disease associated with diabetes and age-related macular degeneration, if in fact the social behaviours trend towards those found in developed nations.

The study is divided into urban and rural components. The urban component captures the prevalence and causes of visual impairment in the rapidly urbanizing Vientiane District. Our clinical observations indicate that diabetic eye disease is an emerging health problem in this region.

This study has already commenced and is due for completion later this year.
RESEARCH COMMITTEE

The Research Committee has prioritized the attainment of robust data on the prevalence and causes of non-cataract blindness in Asia. The Committee has planned and initiated the urban component of the Lao National Blindness Survey: the Vientiane Eye Survey. Data acquisition from the Vientiane District will be completed by the end of 2016.

The Committee has also been actively engaged with colleagues in Myanmar to encourage a comprehensive National Blindness Survey that would collect data about glaucoma and retinal diseases in addition to cataract. There has been some opposition to this robust data collection with preference given by at least one NGO for a Rapid Assessment of Blindness only. It is Sight For All's opinion that a more comprehensive survey would be much more valuable and positively affect program delivery.

The Committee has also initiated a collaboration with the Computer Vision Research Unit at Adelaide University to investigate automated diabetic retinopathy screening.

Prof Bob Casson
Chair, Program Management Committee
EVENTS

THE VERY SLOW LONG LUNCH

The return of The Very Slow Long Lunch was held in early September 2015 and like the previous year was a resounding success. Around 280 people attended the event that was again sponsored by Inservio. Over $70,000 was raised from the event which was put towards our educational projects in Lao. Master of Ceremonies, Channel 7 personality and Sight For All Ambassador, Rosanna Mangiarelli, kept the event running smoothly while guests dined on a mouth-watering Asian feast created by Emma Reeves. The introduction of the giant Puzzle Wall was a huge success as was the main auction. This event was coordinated with a huge number of voluntary hours donated by Mena Muecke and the Events Committee.
ONE NIGHT FOR SIGHT

Have you ever wondered what it is like to be blind? That was the concept behind Sight For All's new event One Night For Sight. The event involves a small group of people travelling to an unknown destination blindfolded, then to dine in pitch darkness to stimulate the sensation of blindness. One Night For Sight was held in September 2015 and again in May 2016 and has been found to be an incredibly powerful and impactful experience for those involved. Guests attending One Night For Sight are required to raise a minimum of $1000 each. The two events raised $27,281 in September and $28,895 in May. Funds raised support the purchase of equipment for secondary eye centres in Myanmar and an OCT machine for Cambodia. We thank Sean’s Kitchen and UBER for their support of this event on both occasions.

ONE DAY FOR SIGHT

Another new initiative for 2015 was the inaugural One Day For Sight Photographic Challenge. Sponsored by Optos and Zeiss and coordinated in conjunction with Atkins Photo Lab, One Day For Sight required amateur and professional photographers to take a photograph on World Sight Day with the theme of yellow. The winning 27 images were exhibited at the Adelaide Entertainment Centre and thereafter at the Adelaide Airport.
FRIENDS FOR SIGHT SYDNEY

Vision 1000 Member Malaty Kittikhoun developed the concept for a Friends For Sight event in Sydney held in September 2015. Malaty coordinated a dinner with a Laotian theme for friends, colleagues and members of the Laotian community based in Sydney. Sight For All Ambassador Tim Horton was the MC, and as the night unfolded, both Tim and Sight For All Chairman James Muecke learnt the fine art of Laotian dancing! Malaty’s incredible effort in coordinating Friends For Sight in Sydney raised $13,110 for Sight For All.

FILMS FOR SIGHT

One Films For Sight evening was held in Melbourne in March 2016. We thank Oliver Hume Property Funds for sponsoring this event which allowed us to share information about Sight For All to a wider community on the eastern seaboard. We intend to hold Films For Sight events in Canberra and on the Gold Coast over the coming year.
VOLUNTEERS

Sight For All’s medical volunteers, or Visionaries, are instrumental to Sight For All’s research and educational projects in our partner countries. The significant support provided by ophthalmologists, optometrists, ophthalmic nurses and scientists alone contributes close to 10,000 hours each year. This equates to over $2,000,000 worth of medical expertise and goodwill donated to Sight For All annually. We are incredibly grateful for the hours donated by our Visionaries, along with the teaching and guidance they provide to our colleagues.

It is pleasing to see that Sight For All’s efforts are having concrete benefits for eye patients in Vientiane, Laos. Since I was there last here, there is now a B-scan ultrasound, wide-field retinal camera and new OCT machine. All of these pieces of equipment make it so much easier to diagnose and treat patients. The staff are as friendly as ever and remain enthusiastic to learn.” Dr Adrian Fung

Non-medical volunteers assist Sight For All as active members of committees including the Events Committee, Marketing Committee and Program Management Committee. Non-medical volunteers also assist with the recording of data, with administrative duties and with the Sight For All website. We continue to be incredibly grateful to all of our non-medical volunteers for the significant contribution they make to Sight For All.

“Being able to see is something people often take for granted – until vision impairment or blindness affects them or a loved one. We’re lucky to live in a country where access to eye care is readily available, but unfortunately many others aren’t as fortunate. I have so much respect for Sight For All’s work and really appreciate being given the opportunity to play a small part in their sight-saving journey.” Annie Gant - Consultant, Michels Warren Public Relations
ERNST YOUNG SOCIAL ENTREPRENEUR OF THE YEAR 2015

In October 2015, Sight For All’s Chairman, Dr James Muecke AM was awarded the EY National Social Entrepreneur of the Year Award.

The EY Entrepreneur of the Year initiative is considered the world’s most prestigious business award and is the only truly global program of its kind, with entrepreneurs from more than 60 countries taking part each year.

We are very proud of James’ achievement.
BOARD OF DIRECTORS

Sight For All is governed by a voluntary Board of Directors. To ensure our focus of ophthalmic health care remains at the core of our activities, at least 50% of Directors appointed to the Board at any one time must be ophthalmic health care professionals.

In February 2016, Sight For All's Vice Chair, Ms Susi Tegen resigned from the Board of Directors. Susi's contribution was immense, particularly in the area of governance. Professor Bob Casson was appointed Vice Chair in March 2016. In May 2016, we welcomed Prof Jonathan Crowston to the Board.

“I joined Sight For All as I could see the passionate work being done by a number of ophthalmologists and believed that I could further contribute to ensure Sight For All continued to empower communities through the provision of research, education and equipment.”

Mr Michael Fotheringham, Legal Board Director

“I’ve worked in the eye health sector for over 20 years, so I know the impact that poor vision can have on an individual, their family and support network. Being on the Board of Sight For All enables me to contribute to the process from strategic governance right through to implementing programs, which I have found immensely satisfying.”

Mr Gavin O’Callaghan, Ophthalmic Eye Health Professional Director

DR JAMES MUECKE AM – CHAIR

James is an eye surgeon based in Adelaide. He is a visiting consultant and senior lecturer at the Royal Adelaide Hospital and Women’s and Children’s Hospital. James has a special interest in blindness prevention, ophthalmic research and education in the developing world. James was a co-founder and Director of the Vision Myanmar Program. He received an “Outstanding service to the prevention of blindness” award by the Asia-Pacific Academy of Ophthalmology in 2011. He was awarded a Member of the Order of Australia in 2012 and received a South Australian Community Achievement Award. In 2015 James was the recipient of the Ernst Young Social Entrepreneur of the Year Award.
**PROF BOB CASSON – VICE CHAIR**

Bob is an ophthalmic surgeon-scientist with particular interest in glaucoma and ophthalmic epidemiology in the developing world. He is proud to be a founding Director of Sight For All, where he has the role of chief scientific adviser, with a particular focus on the interface between ophthalmic science and the elimination of preventable blindness in the developing world.

**MR PHIL JAQUILLARD – TREASURER**

Phil Jaquillard is a partner of Jaquillard Minns Chartered Accountants and a Director of SuperGuardian Pty.Ltd. He holds a BEc from Flinders University and a Post Grad Diploma in Accounting. Phil consults to business on a wide range of matters including taxation, business structures, information technology, wealth management and offshore business. He is actively involved in charitable projects, including as Treasurer for the Mary Potter Foundation in Adelaide and as a volunteer and advisor to Black Pencil Project in the Philippines.

**MS MELISSA EMMETT – DIRECTOR**

Melissa is the principal consultant for Emmett Marketing. She has a business degree majoring in marketing from the University of South Australia. For over 30 years her career in marketing and brand management included working with brands such as Snappy Tom, SAFCOL, Balfours, Fauldings and SAFE. More recently as a consultant she has worked with SMSF Association, Dressed For Sale, Bedford, Optimistic Kids, Joust and Hands On SA.

**MR MICHAEL FOTHERINGHAM - DIRECTOR**

Michael is a partner at Barry Nilsson Lawyers. He has a Master of Laws majoring in Insurance Law and a Masters of Business Administration. He specialises in professional indemnity, directors and officers, casualty, public liability, product liability, insurance, special risk and business interruption claims. Michael regularly contributes articles to various journals including the Insurance Law Journal. As a Board Member Michael continues to provides his legal expertise since the formation of Sight For All.
MR GAVIN O’CALLAGHAN – DIRECTOR

Gavin is an optometrist in private practice, a Clinical Senior Lecturer in Ophthalmology at the University of Adelaide and has a visiting appointment at the Contact Lens Clinic at the Royal Adelaide Hospital. He is a graduate of the Australian Institute of Company Directors and holds numerous Director positions. He is a member of the Optometry Council of Australia and New Zealand examinations committee, and a member of the University of Melbourne Department of Optometry and Vision Sciences course advisory committee.

DR NICK ANDREW - DIRECTOR

Nick is an ophthalmology registrar and is also completing a PhD in ophthalmology, with over 30 peer-reviewed publications. Nick has accompanied Sight For All to Myanmar on two occasions to collect post-intervention cataract surgery data. Outside of ophthalmology, Nick is a keen rower and has represented Australia three times. Nick looks forward to advancing the cause of Sight For All and is delighted to serve as a Board Director.

PROF JONATHAN CROWSTON – DIRECTOR

Jonathan Crowston is the Ringland Anderson Professor of Ophthalmology, University of Melbourne, Managing Director of the Centre for Eye Research Australia (CERA) and a practising glaucoma specialist clinician at the Royal Victorian Eye and Ear Hospital. He gained his ophthalmology training at Moorfields Eye Hospital, London, and was awarded a PhD for work on ocular wound healing at the Institute of Ophthalmology, University College London (2000). Jonathan is a director on the Centre for Eye Research Australia (CERA) Board (2009+). He is also a director on the ORIA Board (2008+), World Glaucoma Association Board of Governors (2013+), CERA Technologies Pty Ltd (2015+) and Et Al Research Pty Ltd. Jonathan’s research is currently focused around ageing and neuroprotection of the optic nerve. In particular the role of neuro-recovery and optic nerve vulnerability to injury. He has published over 150 peer-reviewed manuscripts and co-authored three books. Jonathan is the inaugural recipient of 2016 Association for Research in Vision and Ophthalmology (ARVO) Foundation for Eye Research, David L Epstein Award and the 2016 Peter Watson Medal from the Cambridge Ophthalmology Society.

VISION 1000

Sight For All’s social investment initiative, Vision 1000 has now been in place for approximately 18 months. At the end of June 2016, Vision 1000 had a membership of 108, Vision 100 had a membership of 8 and there was one Vision 10 Member.

The introduction of Vision 100 has enabled the ongoing viability of Sight For All. Collectively the club is raising over $300,000 annually, allowing Sight For All to grow our high impact activities in Australia and abroad. In May, Vision 1000 funds were used to continue the Cambodia Glaucoma Fellowship Project which is due for completion in 2017.

On Sunday 14 February 2016, Sight For All Vision 100 Members participated in a Maserati drive day. Our thanks to Solitaire Automotive for hosting the day.

A number of Vision 1000 Members have also participated in our One Night For Sight events. One Vision 1000 Member had this to say about the dining in the dark experience:

“The night reminded me just how lucky I am to have my sight and how important it is that we support Sight For All to continue doing their fantastic job of restoring sight to the under privileged.” Geoff Rohrsheim

ACCOUNTABILITY

AUSTRALIAN COUNCIL FOR INTERNATIONAL DEVELOPMENT

Sight For All is proud to be a member of the Australian Council for International Development (ACFID).

As a member of ACFID, Sight For All fully adheres to the ACFID Code of Conduct.

Sight For All’s financial statement included in this Annual Report is prepared in accordance with the ACFID Code of Conduct.

GRIEVANCES

Sight For All is committed to providing quality service to all individuals and organisations with which we are associated and welcomes feedback from volunteers, partner organisations and associated businesses to play a role in monitoring the service the organisation provides.

Individuals wishing to lodge a grievance with Sight For All can do so in the following ways:

- In writing to the Executive Officer
- In person with the Executive Officer
- Over the telephone with the Executive Officer
- In person with the Sight For All in-country or local area partner organisation medical officer.

Sight For All’s Executive Officer can be contacted via telephone +61 (0)8 8222 4937 or email jbickmore@sightforall.org

Sight For All’s Grievance Policy is available on the organisation’s website and is circulated to staff, volunteers and partner organisations in-country.

Sight For All observes the ACFID Code of Conduct in all activities that are undertaken. Individuals lodging a grievance with Sight For All who believe that the organisation has breached the Code are advised to notify the ACFID Code of Conduct Committee. ACFID can be contacted via telephone on +61 (0)2 6285 1816 or via www.acfid.asn.au/code-of-conduct/complaints
TREASURER’S ANNUAL REPORT

I am pleased to present the Treasurer’s Report for the year ended 30 June 2016.

Overview

Sight For All Limited achieved a comprehensive excess for the financial year of $105,660 (2015: $60,088).

As in the previous year, this surplus helps to build our financial reserves, which is in accordance with goals set by the Board to strengthen the financial position of the Foundation. By increasing reserves we are in a stronger position to withstand fluctuations in donor income from year to year, yet still be in a position to maintain operations and support the excellent work undertaken by our volunteers working in Australia and in South East Asia.

The positive result for 2016 was influenced by increases in fundraising revenue to $168,763 and in Sponsorship to $58,574. In addition, Donations reached $240,422, representing an increase of 16.7% over 2015 donations of $200,212.

Cash

Cash and cash equivalents at the end of the financial year were a total of $645,325. Of this total, $336,268 is earmarked for specific future projects as per Note 8 of the accounts.

Equity

The balance of total equity as at 30 June 2016 was $275,782, which is an increase of $105,660 from the previous year.

Income and Expenditure Statement

The income and expenditure statement demonstrates total revenue of $843,042 and total expenditure of $737,382 with an excess of revenue over expenditure of $105,660 for 30 June 2016.

International Aid and Development Project Expenditure for the 2015/2016 Financial Year included $260,442 as Funds for International Programs. Total expenditure for International and Domestic Aid and Development Programs was $737,382, compared to $601,699 in 2015.

Grants from the Australian Government represented $60,345 (2015: $54,172) of income for the financial year.

Phil Jaquillard

International Program Costs
Includes all expenses and support costs associated with our country programs

Operating Costs
Covers administrative and other costs inherent in running an organisation, including staff time in the areas such as finance, program coordination and administration, insurance premiums, office supplies, consultancy fees and other running costs. It includes coordinating all aid programs and managements of volunteer’s travel and on-site engagement.

Fundraising Costs
Costs associated with events and fundraising.

Domestic Program Costs
Costs associated with the coordination of projects in Australia
FINANCIAL OVERVIEW

VALUE OF VOLUNTEER SERVICES

The value of volunteer services is not included in the accounts. However the following information has been prepared in accordance with the rates approved by DFAT.

Volunteers for the year ended 30 June 2016

33 ophthalmologists for a total of 227 days - Higher Professional $110,689.64

Total Value of Volunteer Services $110,689.64

THE REAL VALUE IS PRICELESS…

TOTALS

COSTS

Volunteer Services* $1,274,000.00
International Program Costs $325,255.00
Operating Costs $236,344.00
Fundraising Costs $79,079.00
Domestic Program Costs $96,704.00

TOTAL $2,011,382.00

*Volunteer Services
The value of volunteer services based on rates determined by the Department of Foreign Affairs and Trade (DFAT) is a significant underestimation given the highly specialised nature of our volunteers. The above figure represents a more realistic although still conservative value based on public sector rates.

## General Information

The financial report was of Sight For All Limited, as an individual entity. The financial report is presented in Australian dollars, which is Sight For All Limited’s Functional and Presentational currency.

The financial report consists of the financial statements, notes to the financial statements and the directors’ declaration.

Sight For All Limited is a not-for-profit unlisted public company limited by guarantee and is a charity for Sight for All Foundation Fund.

The financial report was authorized for issue, in accordance with a resolution of Directors, on 18 August 2016. The Directors have determined that no additional financial information is required for the financial report.
SIGHT FOR ALL LIMITED
ABN 55 854 299 494

DIRECTORS' REPORT
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2016

The Directors of Sight For All Limited (SFAL) present their report, together with the financial statements, for the financial year ended 30 June 2016.

Members
The following present and active Directors of the company during the period of the financial year and up to the date of this report, or a part thereof.

Chair: Dr. James Makepeace

Other Directors
- Prof. John Magee
- Prof. Greg Norman
- Prof. Peter K. Hartnoll
- Prof. Nazneen Munshi
- Dr. Steven Haikala

Additional Directors
- Prof. Mark W. Archer

Principal Activity
The principal activity of the company for the financial year was to raise and spend money to achieve its primary purpose, which is to improve the vision health of underprivileged children through the provision of research, education and equipment.

Plan B: Long Term Objectives
The short and long term objectives are described in the standard raising program, which have a tangible impact on the work to be done.

Communication Research:
- Effective communication
- Changed to professional and knowledgeable
- Deliver to the understanding of the population
- The information is important to the public
- To communicate the impact of eye health awareness initiatives

Information Services:
- Deliver information and training to eye care providers
- Delivered service to individual optometrists, ophthalmologists, optometrists, ophthalmologists, and others

Sustainable Resources:
- Workforce and subcontract services of optometrists
- Provided education, leadership and training for the workforce for sustainable optometrists
- Expanded our global base and opportunities in both Australia and in partner networks (international)

At last year’s annual general meeting, the five-year plan for the provision of screening services

Eye Health Awareness
- Contacted the relevant government departments
- With the cooperation in a number of active terms and intensive campaigns in real situations
Directors' Report (continued)

In line with the vision of making "sight for all" a reality, we:
- have provided eye care services to over 1.5 million people in order to prevent and treat eye-related health conditions;
- have continued to enhance our eye care programs through collaboration and partnerships, with the aim of improving eye care access and quality.

Strategy for achieving the objectives:
- We continue to scale up eye care services and coordinate all projects.
- Sight For All supports directly by providing eye care services and communications in need, ensuring that the patients at hand are informed and empowered.
- Fellow health care programs and stakeholders are engaged in a spirit of partnership, engagement and collaboration to ensure that all stakeholders are informed and engaged.
- We work collaboratively to ensure that our programs are sustainable in the long run.

Key activities:
During the financial year, the principal operating activities of the company included:
- Construction of new eye care facilities in Cambodia.
- Support for the project in Myanmar.
- The annual program for eye care in Bangladesh.
- Collaboration with government and non-government organizations.
- Engagement with international partners.
- Engagement with local community leaders and organizations.
- Engagement with international partners.
- Participation in the Vision 2020 Global Consultation.

Membership in the Vision 2020 Global Consultation:
- Membership of the Global Consultation Group.
- Participation in the Vision 2020 Global Consultation.
- Participation in the Vision 2020 Global Consultation.

- Participation in various committees and working groups.
Information on Directors

Name: Dr. James Megan, AM
Title: OAM
Email: DRJM@ANU.EDU.AU

Dr. James Megan graduated with honours from the University of Adelaide Medical School in 1986, following his internship at the Royal Adelaide Hospital in 1985. In 1987 he completed his degree of Bachelor of Medicine at Flinders University in Adelaide. He was awarded an ANZNT fellowship to the Royal Melbourne Hospital in 1989. DIRECTORS’ REPORT (continued)

Name: Nick Andrew
Title: Director
Date of birth: 1966

Experience and expertise:
Nick graduated from the University of Otago in medical school in 2003 and completed optometry training in South Africa in 2006. He is currently completing his PhD in clinical pharmacology and has over 20 publications in peer-reviewed medical journals. During medical school Nick represented Otago in both hockey and basketball and was captain of the U23 Otago Hockey Team in 2007.

Corporate Social Responsibility:
Nick has been involved with Sight For All for several years now where he has worked both as full-time and part-time. His primary role has been collecting and analysing data following the distribution of equipment and training by Sight For All. When involved with the Senior Vision Clinic in the United Kingdom, Nick helped to raise money for the Cancer Council. Nick is also a member of the New Zealand National Eye Society, and he has also visited schools in remote areas of New Zealand to raise awareness of the importance of physical activity.

DIRECTOR'S REPORT (continued)

Jonathan has remained focused on understanding why aging causes sensory loss in certain areas and in particular focusing on the role of the eye and the potential for retinal regeneration.

He is the recipient of the 2016 New South Wales Academy of Optometry Society and the former president of 2015 Association for Research in Vision and Ophthalmology (ARVO) Nomenclature for Pseudophakia, a landmark award recognizing outstanding research in ophthalmology for meritorious exemplary investigations.

Directorships:
2016 - current, Sight For All (AFN)
2015 - current, ONFA Technology Park (and Chair)
2015 - current, GTH Technologies
2015 - current, HM Research (Pty) Ltd
2014 - current, Foundation for Blind of Australia
2014 - current, Vision CRC
2012 - current, Centre for Eye Research Australia
2005 - current, The Ophthalmology Research Institute of Australia (ORIA) Board of Directors

Sight For All Annual Report 2016 - 57
SIGHT FOR ALL LIMITED  
AN INCOME FOR  
SIGHT FOR ALL FOUNDATION FUND  
AN INCOME FOR  

Notes on the financial statements for the financial year ended 30 June 2016 (continued)

Government Grants
A number of Sight for All programs are supported by grants received from government.

Grants are attached to the grant which must be satisfied before the grant is available. A full grant will be met only when conditions are satisfied.

Where grants received in respect of the acquisition of specified services are received in respect of specified services, revenue in recognition of services is performed and of the service provider satisfied.

Revenue from a pro rata grant that is not the subject to the condition is recognized when the company obtain a receipt of the funds, the condition attached is probable and the company thus considered satisfied. Where the grant may be regarded to be the receipt of the condition and not satisfied, a liability is recognized or proceeds may be determined and therefore retained as an asset.

Sight for All Limited receives unconditional contributions of an asset or service from parties for a purpose. For a cost to a cash payment, the asset is recognized at the asset on the date of acquisition in the statement of financial position, with an appropriate amount of revenue recognized in the statement of comprehensive income.

Deferred income and expenses
Deferred are recognized as revenue when the company has received cash or cash equivalents.

Revenue is recognized when the earnings are recognized. Revenue from sales, comprising thousands of dollars of nonproperty, are recognized at the date of the sale, being the material costs of the sale or property at the date the company becomes legally entitled to the sale or property.

Investment income
Investment income is recognized on an accrual basis using the effective interest method. Dividend income is recognized at the time the right to receive payment is established.

Other gains on recognition which is realized or when the right to receive payment is established.

Operating expenses are recognized in the profit or loss upon utilization of the asset at the date of their use.

Inflation tax
No provision for inflation has been made on the Company in respect of inflation in the accounting Act of 1989.

Cash and cash equivalents
Cash and cash equivalents includes cash on hand, deposits with banks and short-term financial instruments, other short-term, highly liquid investments with original maturities of three months or less that are easily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Reconciliation
SIGHT FOR ALL LIMITED
AGM 2016 - 59

Notes to the Financial Statements for the financial year ended 30 June 2016 (continued)

Trade and other receivables
Trade receivables are initially recognised at full value and subsequently measured at amortised cost using the effective interest method, less any provisions for impairment.

Other receivables are recognised at amortised cost, less any provisions for impairment.

Property, plant and equipment
Property, plant and other equipment (including fittings and furniture) are initially recognised at cost on initial recognition, including any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by the Company’s management.

Property, plant and other equipment are subsequently measured using the cost model, cost less accumulated depreciation and impairment losses.

The Company has determined that all its non-current assets that have a useful life greater than 12 months to the purposes of depreciation. Depreciation is not less than $1,000 will be written off and expensed in the Statement of Comprehensive Income.

Landheld improvements and plant and equipment under lease are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

Intangible assets such as software are tested for impairment at least annually.

Cerberus Group and its associated entities have not been required to adopt IFRS due to the size and nature of the Group, but at least annually, and not before changes in an IFRS or in an associated IFRS, a check is made to identify any changes in accounting policies and to compare the current financial statements against the previous financial statements.

Trade and other receivables
These assets are represented by amounts due from customers provided that in the circumstances prior to the end of the financial year and which are due. Customers who have filed for bankruptcy are not considered to be creditworthy and are written off at 100.

The company operates a billings system of delivery of goods within 30 days of recognition.

Internal losses
The liability for internal losses is deemed to exist when the policyholder and the policyholder is considered to be insolvent. This is determined by the calculation of the amount of GCT that is deemed to be recoverable from the Australian Taxation Office (ATO). The company is required to ensure that the amount of GCT is identified as part of the calculation of the policyholders’ share of any losses from the ATO. The company is required to ensure that the amount of GCT is identified as part of the calculation of the policyholders’ share of any losses from the ATO. The company is required to ensure that the amount of GCT is identified as part of the calculation of the policyholders’ share of any losses from the ATO. The company is required to ensure that the amount of GCT is identified as part of the calculation of the policyholders’ share of any losses from the ATO.

Forfeiture was recognised in the statement of cash flows as a cash receipt, except for the GCT component of non-operating activities, which are disclosed in operating cash flows.

Receivables
Receivables and other receivables are initially recognised at the lower of the carrying amount and the present value of future cash flows, net of any allowance for impairment. The company uses an impairment loss model, applying the effective interest method.

Where there is an unconditional right to defer settlement of the liability for at least 12 months after the reporting date, the amount is measured at the present value of the amount expected to be paid.

Note 15: Material Risk Management

(a) Overview

The Company has exposure to the following risks from its core business activities:

- Credit risk
- Liquidity risk
- Market risk

This note contains information about the Company’s exposure to market risk of the above data, its objectives and policies and processes for monitoring and managing risk. Further qualitative disclosures are included throughout this financial report.

The Board of Directors have overall responsibility for the establishment and oversight of the risk management framework.

Risk management policies are established to identify and assess the risks faced by the Company, to set appropriate levels of risk, and to monitor and control them. The Board, its risk committees and the management team are responsible for risk governance and the Company’s activities.

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations and this results in non-performance from operating, credit-related and investment risk.

(c) Counterparty credit risk

The Company’s exposure to credit risk is determined by the characteristics of each counterparty. Counterparty credit risk is a consideration of the creditworthiness of counterparties. 

(d) Financial asset and financial liability

The Company’s financial assets and financial liabilities are measured and classified as non-current assets and non-current financial liabilities. Financial assets and financial liabilities are measured and classified in the following categories:

- At fair value through profit or loss
- At amortised cost
- Available for sale
- Held for trading

(e) Market risk

Market risk is the risk of financial loss to the Company if the value of its financial instruments changes as a result of changes in market prices or interest rates. Market risk is measured and reported as a net position of the Company's financial instruments.
