Our Vision
Creating a world where everyone can see.

Our Mission
Empowering communities to deliver comprehensive, evidence-based, high quality eye health care through the provision of research, education and equipment.

What we do
Sight For All delivers eye health care projects free of charge to our partner countries and communities, with the ultimate aim of reducing vision impairment and blindness.

WE FOCUS ON FILLING THE GAPS IN EYE HEALTH THROUGH:

Collaborative Research
Identifying and prioritising areas of need for low and middle income countries.

Infrastructure Support
Establishing or upgrading equipment and facilities at training and regional eye centres.

Sustainable Education
Coordinating educational programs in low income countries and providing opportunities where doctors travel to Australia for educational courses or intensive, year-long training fellowships.

Eye Health Awareness
Informing communities of the importance of eye health and the ophthalmic services that are available.

Our Values

Collaboration    Encouraging participation of all stakeholders.
Sustainability  Fostering self-reliance through comprehensive evidence-based projects.
Respect         Promoting human rights in all dealings.
WHY WE ARE HERE

There are 253 million people who are blind or vision impaired worldwide and more than 75% of these cases are avoidable.

Throughout the world 50% of blindness is caused by cataracts. The remaining 50% is the result of other ophthalmic conditions including glaucoma, diabetes, corneal diseases and the blinding conditions of childhood.

Sight For All’s activities are focused on addressing all causes of blindness through our education projects and the provision of appropriate equipment.

Sight For All is unique as an organisation in that it receives support from more than 120 Visionaries, including ophthalmologists, optometrists, ophthalmic nurses, orthoptists and scientists.

Sight For All Visionaries are helping to teach the world to see.

Sustainable Development Goals

Sight For All is committed to ensuring our organisation and the projects we deliver work towards achieving the United Nations Sustainable Development Goals that are related to the fight against blindness.

Of these relevant goals, Sight For All’s work is largely focused on:

1. No poverty
2. Zero hunger
3. Good health and well-being
4. Quality education
5. Gender equality
8. Decent work and economic growth
9. Industry, innovation and infrastructure
10. Reduced inequalities
11. Sustainable cities and communities
16. Peace, justice and strong institutions
17. Partnerships for the goals.

Sight For All follows the ACFID Code of Conduct and is registered with the ACNC and OADGS.
We have just come to the end of the first year of our two Australian Government-funded projects, made possible by our recent accreditation with the Department of Foreign Affairs and Trade. We have used this vital funding to train the first group of optometrists for Myanmar, to help ensure that the lack of a pair of spectacles is no longer an excuse for a lifetime of disability and disadvantage.

We have also used the money to equip and train regional eye specialists and their staff in rural Myanmar so that they can better deal with glaucoma, the second leading cause of blindness in the country and to raise awareness about diabetic eye disease, the fastest growing cause of blindness in the world.

It is heart-warming to know that through Sight For All, the people of Australia are allowing us to work at the highest level to comprehensively fight blindness in one of the poorest countries in the region. A recent study by PricewaterhouseCoopers has shown that for every dollar that is committed to fighting blindness, five dollars is returned to the economy of a country. This is a powerful return on investment, however with Sight For All’s small staff team and low overheads, combined with the invaluable commitment of our team of eye specialists and other volunteers, and our sustainable approach to fighting blindness, I imagine that our own return on social investment is indeed much higher.

I am very proud of the work that our team is achieving, high impact work that is now improving the lives of half a million people every year. In the coming months we will begin projects in two new countries in the region, Mongolia and the Philippines. The people of Australia are not only helping us to save sight across Asia, they are now helping us to alleviate poverty in ten neighbouring countries and to foster goodwill and build relationships in a region that is critical to Australia’s future.

I thank everybody who, in every small way, has helped us in our quest to rid the world of blindness, primarily through the fundamental tool of education. We cherish your support. Our colleagues cherish your support. Their patients cherish your support. You are truly helping Sight For All to teach the world to see.

Best wishes.

Dr James Muecke AM
The 2017/2018 Financial Year was an exciting one for Sight For All as we commenced our first projects utilising funding from the Australian Government through the Australian NGO Cooperation Program (ANCP). Both were undertaken in Myanmar and I was fortunate to be in Yangon in July 2017 for their launch. The details are highlighted further in the Projects section of this Annual Report.

To be in Myanmar to witness the projects come to fruition after much planning was very rewarding. My sincere thanks go to the project team - Dr James Muecke, Prof Bob Casson, Mr Gavin O’Callaghan, Dr Cesar Carrillo, A/Prof Than Htun Aung, Dr Ye Win and all of the Visionaries, for their dedicated work on these initiatives, both of which will have a long-term impact on the eye health of the people of Myanmar.

An additional outcome was the employment of our first in-country Project Officer, Dr Ye Win, who joined the team in August. Dr Win has had an immense impact on our work in Myanmar and we are delighted that, through additional training provided to Dr Win, he now delivers specific educational components of the projects as they move into their second year. This not only provides good value for money but highlights the sustainability of the on-the-ground approach of Sight For All.

The past 12 months has seen the completion of the Cambodia Glaucoma, Cambodia Paediatric Ophthalmology, and Myanmar Neuro-Ophthalmology Fellowships undertaken in-country and the Myanmar Corneal Fellowship that was undertaken in Adelaide, Australia. Sight For All also launched new projects throughout the year, including the Vietnam Glaucoma Fellowship, Cambodia Oculoplastics Fellowship and the Cambodia Corneal Fellowship. Forever moving forward, Sight For All also began planning Fellowships in two new countries, Mongolia and The Philippines.

Without the donated time and expertise of our Visionaries, these initiatives would not be possible. I sincerely thank all of our Visionaries – without them, we could not continue to deliver our accepted standard of high-level outcomes.

Special events continued to be significant income drivers for Sight For All in 2017/2018. In the second half of 2017 we delivered four major events in three cities within six weeks. It was a busy, rewarding and enjoyable time. The Events Committee, led by volunteer Events Director Mena Muecke, continued to impress with its creativity, generosity and dedication. In addition, we received significant support from interstate, including Malaty Kittikhoun and her Sydney-based Events Committee, which held its second Friends For Sight dinner, raising over $17,000 for our work in Lao.
Without these events, a number of our projects would simply not be possible. I thank all those who assisted in planning, our event sponsors, all those who donated auction items, beverages and raffle prizes and everyone who attended. It is a collective fundraising effort which helps Sight For All deliver consistent results, year after year.

In addition to the Australian Government’s Australian NGO Cooperation Program and our major events, we are fortunate to have received generous support from our Vision 1000 Members and a number of private trusts and foundations and corporate organisations. A list of our donors and sponsors is included in this Annual Report, however I would like to especially thank the Geok Hua Wong Charitable Trust, Wood Foundation, Lang Foundation, Inservio, Red Agency, Simple and Michels Warren for their ongoing support over the past year.

The prospect of trekking 82km and climbing to 4.44 kilometres above sea level is a daunting one for most of us. But that is what the nine-member Trek For Sight team did over six days in The Himalayas of Bhutan, under the guidance of mountaineer Katie Sarah. The high-level hike raised more than $60,000, which funded the purchase of Bhutan’s first Fundus Fluorescein Angiography camera, enabling local doctors to more effectively diagnose and treat diseases of the retina. What a tremendous effort for all involved!

It has been an honour this year to work with such a dedicated Board of Directors, led by Chairman Dr James Muecke. We welcomed new Directors, Dr Michelle Sun, Mrs Christine Molitor and A/Prof Andrew White during the year and farewelled our first Junior Ophthalmologist, Dr Nick Andrew. I thank all Board Directors for their support, expertise and confidence in both myself and our small staff team.

Dr Cesar Carrillo and Mrs Leanne Harms have now been with Sight For All for more than four years in their roles of Ophthalmic Public Health Officer and Finance Office Coordinator, respectively. We are extremely fortunate to have such a strong, supportive staff team and I thank Cesar and Leanne for their commitment and dedication, which has made my time at Sight For All so enjoyable and rewarding. Thanks also to Michelle Pearson, Rene Rose, Pagen Winen and Ben Whaley who have assisted us with our events and marketing activities over the past twelve months, along with our valued volunteers Vincent Ross and Diana Jaquillard.

Everyone involved with Sight For All in some way assists us to see more clearly the road ahead as together we teach the world to see. I thank you all and look forward to another successful year.

Kind regards,

Judy Hatswell

We thank the following Visionaries for their support during this financial year:

Dr Ashish Agar     Dr Michael Forrest     Dr Henry Newland
Dr Ioanne Anderson  Dr Clare Fraser      Ms Kimberley Ngu
Dr Brian Ang        Dr Anna Galanopoulos Ms Stephen Nygaard
Mr Luke Arundell    Dr Raf Ghabrial       Mr Gavin O’Callaghan
Dr Sonya Bennett    Dr Tim Greenwell     Dr Brett O’Donnell
Mr Ashok Bhoola     Mr Andy Griffiths    Dr Mark Paine
Ms Veno Bhoola      Mr Luke Halliday    Dr Con Petsoglou
Dr Jo Black         Dr Thomas Hardy      Dr Simon Phipps
Dr Susan Carden     Dr Richard Hart     Dr Saul Rajak
Dr Cesar Carrillo   Dr Stephen Hing     Dr Adam Rudkin
Dr Stuart Carroll   Ms Lily Ho         Dr Rajiv Shah
Dr Robert Casson    Mr Martin Holmes    Dr Shaheen Shah
Ms Catherine Cheah  Mr Andrew Huhtanan  Dr Neil Shuey
Ms Jessica Chi      Dr Michael Jones    Dr Sumu Simon
Dr Colin Clement    Dr Nathan Kerr      Mr Matthew Simunovic
Ms Heather Connor   Dr Graham Lam       Dr James Slattery
Dr Guy D’Mellow     Dr Michael Lane     Dr Charles Su
Dr Craig Donaldson  Dr Graham Lee       Dr Tim Sullivan
Dr John Downie      Dr Ridia Lim        Dr Michelle Sun
Dr Shane Durkin     Mr Richard Lindsay  Dr Kimberley Tan
Ms Franoli Edo      Dr Lance Liu        Dr Yiran Tan
Ms Gemma Elder      Dr Christian Lueck  Mr Jonathan Tay
Dr James Elder      Dr Ashwin Mallipatna Ms Mandy Temple
Dr John Elder       Dr Stephen McGovern Dr Tu Tran
Dr Marc Eskander    Ms Hana Melliugi    Ms Phuong Truong
Dr Rohan Essex      Dr Justin Mora      Dr Hughie Tsang
Mr Damon Ezekiel    Dr James Muecke     Mr Andrew White
Mr Steve Zantos

Everyone involved with Sight For All in some way assists us to see more clearly the road ahead as together we teach the world to see.

- Executive Officer, Judy Hatswell
BY THE NUMBERS: 1565 tutorial hours

1565 hours of tutorials have been provided to local eye doctors in Vietnam, Lao, Cambodia and Myanmar since 2012 by Sight For All’s volunteer Visionaries.
OUR SUSTAINABLE IMPACT

Sight For All’s strategic plan, country plans and theory of change define our developmental approach. Our sector-based research conducted in-country and in response to requests from partners, allows us to determine the varied causes of vision impairment and blindness.

Sight For All is focused on developing sustainable solutions for refractive error, glaucoma, retinal and corneal conditions, childhood blindness and many other diseases. Cataract continues to be the leading cause of blindness and uncorrected refractive error the leading cause of moderate and severe visual impact.

Collaboration is the key to Sight For All’s approach. In determining projects, Sight For All works with local partners to ensure there is evidence to support the requested activities. We collaborate with partners, Visionaries and donors to undertake our key strategies of collaborative research, sustainable education, infrastructure support and eye health awareness.

Sight For All’s sustainable projects are aimed at ensuring our colleagues will, in the future, carry on providing services without our ongoing support. Sight For All’s focus is on development, it does not provide welfare or crisis support.

Our educational projects are designed to increase the capacity of partner institutions to provide specialised ophthalmic support in the community. Partner-selected eye health professionals are given fellowship training either within their own country or in Australia, adding to their locally taught curriculum and increasing their capacity to accurately diagnose and treat patients.

The provision of ophthalmic equipment to teaching hospitals and regional eye centres enables our research and education projects to achieve their full capacity in patient care.

“Sight For All’s education programs support on-the-ground eye health, providing a lasting legacy.”
GOOD DEVELOPMENT PRACTICES

The Sight For All Board of Directors, staff, Visionaries, Fellows, Ophthalmic Country Officers, project participants and volunteers are required to observe the highest standards of behaviour, ethics and integrity as outlined in our Code of Conduct.

Protecting our people and ensuring a stable, happy, motivated and skilled paid and voluntary workforce is imperative to ensuring we reach our strategic goals and the best outcomes for all involved. To achieve this, Sight For All has a suite of policies and procedures that safeguard the effectiveness of our projects, affect no harm on the communities in which we work, and protect our reputation and the reputation of our partners, our funders and the Australian Government.

Sight For All ensures that Board Directors, staff, Visionaries, Ophthalmic Country Officers, Fellows and project participants are aware of important information concerning child protection, gender equity, disability inclusion, counter-terrorism, environmental protection, fraud and corruption, and sexual abuse and exploitation.

"Sight For All supports volunteers with well-defined, socially responsible policies."
**BANGLADESH**

In September, 2018 Dr Mahmooda Rahman from OSB Hospital in Dhaka began a year-long Paediatric Ophthalmology Fellowship at Dr Schroff’s Hospital in India, funded by Sight For All.

**BHUTAN**

In April, a Fundus Fluorosein Angiography camera was donated to the National Referral Hospital in Thimpu, Bhutan, funded by Trek For Sight. This sophisticated piece of equipment is used to detect blinding retinal conditions such as macular degeneration and diabetic retinopathy.

Following the donation ceremony, Mr Carey Hazelbank from Heidelberg Engineering travelled to Bhutan to set up the equipment and provide training.

Conducting the first Fundus Fluorosein Angiography in Bhutan.

**ON THE GROUND IMPACT: 8896 teaching hours**

8896 hours of educational activities conducted by Sight For All volunteer Visionaries since 2012 in Vietnam, Lao, Cambodia and Myanmar.
CAMBODIA

In December 2017, Dr Tharath and Dr Sophal completed their Glaucoma Fellowship at Khmer Soviet Friendship Hospital (KSFH). This project was funded by The Very Slow Long Lunch in 2016.

The Paediatric Ophthalmology Fellowship was also completed for Dr Soleaphy and Dr Kheng. A final assessment and certificate presentation was held in August 2018.

Dr Kheng and Mr Kith Koeung, a Refractionist from KSFH, were in Adelaide from 4–29 September to take part in a low vision training course conducted in conjunction with the Royal Society for the Blind and the South Australian School for Vision Impaired.

Dr Kheng also spent two months under-taking an enhanced Paediatric Ophthalmology Observership at Westmead Children’s Hospital in Sydney with Dr Craig Donaldson and Dr Michael Jones. During the eight-week observership, Dr Kheng was also provided with the opportunity to spend one week in Melbourne with optometrist Mr Richard Lindsay and attend the annual RANZCO Congress in Perth. Dr Kheng’s time in Australia was funded by a range of supporters including Mr Richard Lindsay, Dr Stephen Hing, Dr Craig Donaldson and Mr Manny Stul.

Dr Kheng and Mr Koeung are currently undertaking our Contact Lens Training Program at KSFH.

Funded by Geok Hua Wong Charitable Trust, an Oculoplastics Fellowship for Dr Sotheary Heng and Dr To Vichhey began at KSFH in January 2018. Teaching visits will continue every second month until April 2019.

A Retinal Fellowship for Dr Leng and Dr Long began in July 2017. Dr John Downie was the first Visionary mobilised for this project, funded by the Sight For All 2017 event Boogie For Sight. Dr Downie took with him equipment including an indirect ophthalmoscope, 20D, 28D and 90D lenses, a viewing system for the laser and surgical instruments. A Zeiss operating microscope was delivered to KSFH prior to Dr Downie’s visit.

Funding provided by the Geok Hua Wong Charitable Trust is progressing the Corneal In-country Fellowship through the purchase of equipment for a Corneal Eye Bank and the provision of training visits being undertaken in conjunction with the Sydney Eye Hospital.

Supported by the Lang Foundation, Sight For All has purchased an Optical Coherence Tomography machine for KSFH. This vital piece of equipment aids the diagnosis and treatment of glaucoma and retinal conditions.
LAO

A/Prof Henry Newland visited Vientiane in mid-December for the final visit of the Lao Retinal Fellowship. A/Prof Newland also presented the Fellowship Completion Certificate to Dr Khamkoune. Paediatric Ophthalmology mentoring for Dr Phayvanh continued throughout the financial year. Sincere thanks to Dr Shaheen Shah and Dr Ashwin Mallipatna for their support.

MYANMAR

In May 2017, Sight For All became accredited by the Australian Government through the Australian NGO Cooperation Program (ANCP). This accreditation enabled the commencement of two new projects in July 2017.

The Clinical Upskilling of Refractionists to Deliver Comprehensive Eye Care in Myanmar Project is a new, two-year project developed in collaboration with Yangon Eye Hospital (YEH). The project involves the training of nine refractionists from five eye centres across Myanmar to diagnose patients with ophthalmic diseases.

Left: The nine refractionists trained by Sight For All from five eye centres across Myanmar.

Below right: Visionary Dr Michelle Sun presenting equipment funded by the Australian Government to a Secondary Eye Centre in Myanmar.

Below left: Ophthalmic Public Health Officer Dr Cesar Carrillo conducting a Diabetic Retinopathy workshop to eye health workers at a Secondary Eye Centre in Myanmar.
Year 1 of the project (July 2017–June 2018) involved 13 Australian optometrists spending one week each month at Yangon Eye Hospital, delivering lectures and tutorials on specific optometry topics. The lectures were enhanced by clinical sessions and the development of practical skills in the outpatient clinic where the refractionists treated and performed preliminary tests on patients. The nine refractionists were examined on their knowledge on day one of the first visit. The knowledge was tested again mid-project and then again on the last day of the final visit. The nine refractionists consistently increased their knowledge and skills throughout the 12-month project. Sincere thanks to the Brien Holden Vision Institute for providing the teaching curriculum.

As part of the project, Judy Hatswell and Dr Ye Win presented two workshops on Good Development Practices for the refractionists, providing information on the key issues of child protection, gender equity, disability inclusion and environmental protection.

Equipment including a slit lamp and video system for use in the YEH Optometry Clinic was purchased with ANCP funds. A phoropter was donated by Visionary Mr Steve Zantos.

Another project also supported by the Australian Government through the Australian NGO Cooperation Program (ANCP), resulted in 25 regional centres receiving specialised equipment needed for the diagnosis and treatment of blinding conditions. This included binocular indirect ophthalmoscopes, 20D and 90D lenses, gonioprisms and ICare tonometers. Sight For All donated an ICare tonometer to each Secondary Eye Centre at an overall cost of $150,000. We are most grateful to ICare Finland for their significant support of this project.

In addition, the project has provided workshops on glaucoma and diabetic retinopathy for eye health workers at these centres. Comprehensive training and equipping of ophthalmologists at Secondary Eye Centres in Myanmar increases their capacity to treat more patients in rural areas with blinding conditions. Sight For All sincerely thanks Visionaries Dr Cesar Carrillo, Dr Stephen McGovern, Dr Michelle Sun, Dr James Muecke, Dr John Elder and Dr Michael Lane for their contribution.

Year two of the Secondary Eye Centre Project, involving visits to 14 secondary eye centres, will unfold with new efficiencies. As the first year of the project progressed, it became clear that Myanmar Project Officer, Dr Ye Win, could implement the project himself and deliver the workshops. Dr Win was trained to be the presenter of the workshops and developed the skills and knowledge to demonstrate the use of the equipment provided.

As a qualified doctor, Dr Ye Win already had medical knowledge. His ophthalmic knowledge was further developed by spending two weeks in Adelaide training in the outpatient clinic and operating theatre at the Royal Adelaide Hospital and in private practices. Dr Ye Win’s training and ongoing involvement means there is no longer a need for Australian Visionaries to travel to Myanmar to implement the project, saving money and making the project itself more sustainable.

“Bespoke and ophthalmic-focused, Sight For All ensures that funds are used effectively.”
Sight For All’s Neuro-ophthalmology Fellowship Project, funded by the Geok Hua Wong Charitable Trust, began in July 2016 and finished in October 2017. The project, undertaken by 12 neuro-ophthalmologists from Australia and New Zealand, included 12 monthly teaching visits and a final assessment visit, with the final visit used for both teaching and evaluation. Some 75% of the visits delivered more topics than proposed on the initial curriculum, assuring comprehensive training.

With an initial project budget of $40,000, effective planning and initiation reduced costs by $12,779, for an overall expenditure of $27,221. The generosity and good will of the Visionaries was reflected not only in the provision of clinical and surgical teaching in their own time, but also with some not claiming reimbursement. This enabled Sight For All, with permission from the Geok Hua Wong Charitable Trust, to redirect the balance of funds towards different projects in Myanmar, including the 2018-19 Myanmar Corneal Fellowship Project.

**HIGHLIGHTS AND INNOVATIONS**

- First Reverse Fellowship program for Ministry of Health and Sports of the Republic of Union of Myanmar. The approving minister said the project was “excellent”.
- The three Fellows had the opportunity to practice in their own hospitals without the hospital losing ophthalmologists from practice for months or years, as is the case with most overseas fellowships.
- The Fellows were invited to attend the Annual Meeting of the Neuro-Ophthalmology Society of Australia in Sydney to present neuro-ophthalmology cases from Myanmar patients.

Right: Dr Mon Mon Yi receives her Certificate from Visionary, Prof John Crompton.
The Vietnam Glaucoma Fellowship began with a capacity assessment in December 2017, and then the first teaching visit in March 2017, followed by monthly visits, to conclude in February 2019. It involved three Fellows - Ha Do Thi Ngoc, Nguyen Thi Thanh Truc and Hien Hoang Thi, the former two from the Vietnam National Institute of Ophthalmology, Hanoi and the latter from Hue Eye Hospital, Danang Province.

**VIETNAM**

Dr Minh Chau Pham, a Paediatric Ophthalmologist at the Vietnam National Institute of Ophthalmology, Hanoi, is changing the lives of thousands of children. Trained by Sight For All in 2012/2013, and provided with appropriate diagnostic equipment, Dr Chau treats up to 5000 children annually. Since 2013, Dr Chau has opened over 40,000 eyes to the wonders of sight in some of Vietnam’s poorest provinces.

“I undertook a Paediatric Ophthalmology Fellowship with Sight For All and it changed many things for my career and the eye health of Vietnam,” Dr Chau said.

**WE ARE ALL PUPILS**

Above left: Dr Graham Lee at VNI0.
Above right: Dr Colin Clement trains Vietnamese staff.
Below: Dr Chau.
**FELLOWSHIPS IN AUSTRALIA**

Dr Khine Nweni began her Paediatric Ophthalmology Fellowship with Professor Glen Gole in February 2018 at Lady Cilento Children’s Hospital in Brisbane. Dr Nweni has previously trained with Sight For All Fellow A/Prof Than Htun Aung, at the Yangon Eye Hospital in Myanmar. Following training in Brisbane, Dr Nweni will return to Myanmar as the country’s third Paediatric Ophthalmologist.

Dr Aye Moe Htet completed her Corneal Fellowship at the Royal Adelaide Hospital in September 2017. In addition to the Fellowship, Dr Htet spent a month in Sydney gaining experience with corneal specialist Professor Gerard Sutton. Corneal and cataract surgical instruments were provided to Dr Htet for use at the Mandalay Eye, Ear, Nose and Throat Hospital. Sincere thanks to Dr Htet’s mentors Dr Mark Chehade, Dr Aanchal Gupta, Dr Nadia Whittles and Dr Remin Nath for their support over the past year and to Professor Gerard Sutton for Dr Htet’s training in Sydney.

**ON THE GROUND IMPACT: 29 Fellowships**

29 ophthalmic sub-specialists in the areas of glaucoma, cornea, retina, oculoplastics, neuro-ophthalmology and paediatric ophthalmology, from Vietnam, Lao, Cambodia and Myanmar have been trained in-country by Sight For All since 2012.

Left: Dr Aye Moe Htet is presented with her Fellowship Certificate.
L-R: Dr Aanchal Gupta, Dr Mark Chehade, Dr Aye Moe Htet, Dr Nadia Whittles, Dr Remin Nath.

Below: L-R Visionary Dr Glen Gole with Paediatric Ophthalmology Fellow Dr Khine Nweni.
The Vientiane Eye Survey was successfully completed and data is being analysed. Thanks to all those involved in the survey, including medical students and especially Dr Cesar Carrillo and Steve Nygaard, who led the survey as part of his doctoral thesis.

The Vientiane Eye Survey was a large-scale, population-based survey of the prevalence and causes of visual impairment in the capital city of the Lao People’s Democratic Republic (Lao PDR). This survey provided the first robust data on visual impairment in the region. The study was conducted in Vientiane Province and included both urban and semi-rural regions.

There was a noticeably greater prevalence of visual impairment in the semi-rural regions, but, conversely, diabetic eye disease was not seen in the rural zones but was emerging as a new ocular health problem in the urban zones. Cataract was the most common cause of blindness, but other conditions including glaucoma, corneal disease and retinal disease were prominent.

The Vientiane Eye Survey was funded with support from Bayer and Inservio.
MEIKTILA EYE SURVEY II

A Sight For All team revisited Meiktila to determine the incidence of blindness over the period since the original study in November 2005. This follow-up study was impeded, however, by a large portion of the original participants who had died. It was not possible to calculate accurate estimates of the incidence of visual impairment. The Meiktila Eye Survey ll was funded with support from Oscar Wylee. We thank Dr Stephen McGovern, Dr Megan Wood, Mr Alan Hoare, A/Prof Than Htun Aung and Dr Aye Moe Htet for being part of the team.

MYANMAR CHILDHOOD BLINDNESS STUDY

In February 2018, Sight For All conducted a survey of visual impairment and blindness and genetic causation in children in Myanmar. The study was conducted at eight schools for the blind and involved assessing the causes of blindness in all children less than 16 years of age. This study is a follow-up to the first childhood blindness study undertaken by Sight For All in 2007. The data from the 2007 study revealed that 43.6% of children had potentially avoidable causes of vision loss and found that measles was the leading cause of blindness.

A team of Australian eye care professionals from Sight For All, Dr James Muecke, Mr Andy Griffiths, Mr Martin Holmes, Ms Frenoli Edo, Mr Thomas Muecke and Dr Ashwin Mallipatna led the 2018 survey team. This team also included Myanmar eye care personnel Dr Ye Win, A/Prof Than Htun and Dr Khine Nweni, enabling them to independently conduct a similar study in the future. Sight For All has previously undertaken childhood blindness studies in Myanmar, Sri Lanka, Cambodia, Bhutan and Lao. Throughout the study, the team met a range of children and their families and were reunited with some of the children they had met back in 2007.

The current study was undertaken with full support and collaboration with the Myanmar Ministry of Health and Sports. The data collected is currently being collated and, once finalised, will be used to inform the Myanmar Government and to assist in future eye health planning for the country. The Myanmar Childhood Blindness Study was made possible through the donation of time and expertise from Sight For All Visionaries and funds raised by Oscar Wylee on World Sight Day in 2017.
The Vision Loss Expert Group is an international group of mainly Ophthalmologists and Optometrists with experience in ophthalmic epidemiology. While external to the World Health Organization (WHO), the group was convened to assist the Global Burden of Disease study with the goal of providing global technical leadership in the development and improvement of epidemiological estimates for blindness and vision impairment.

Sight For All Vice Chair Professor Casson was recently appointed as a Core Member of the Vision Loss Expert Group. Data from Sight For All’s study on refractive error in Lao People’s Democratic Republic (Lao PDR) was incorporated into the recent estimates of the prevalence of visual impairment in South East Asia.

This was the first meta-analysis to include data from Lao PDR, one of the most rapidly urbanizing countries in the world. The new data are derived from an assessment of refractive error in school children from the Vientiane Province. The study reported an exceptionally low prevalence of refractive error and a consequent near absence of any visual impairment. These data, therefore, have contributed to a small reduction in the overall age-standardised prevalence of blindness in the South East Asian region from 0.8% in 2010 to 0.57% in the current report. The age-standardised prevalence of blindness and visual impairment in the 50+ age group of both men and women was slightly reduced compared to the 2010 analysis.

Special thanks to the medical students involved in Sight for All research activities, Dr Ian Tan, Luke Halliday and Jerida Burgess.

BY THE NUMBERS: 748 hours in theatre

187 theatre sessions, with a combined total of 748 hours, have been supervised by Sight For All Visionaries in Vietnam, Lao, Cambodia and Myanmar since 2012.
Sight For All’s key mandate is to create sustainable eye health solutions in collaboration with Ministries of Health, Hospital Directors, Ophthalmologists, Researchers and Departments of Public Health in partner countries. The funding necessary to keep this dream alive comes in many forms, but often is project specific.

Vision 1000 donations contribute to the ongoing viability and sustainability of Sight For All, ensuring its projects can continue at the highest level. For this we are most grateful to our Vision 1000 Members and thank them for their support, commitment and contribution in helping us to teach the world to see.

THANK YOU

A VISION 1000 MEMBER STATEMENT

Since we were first approached by James, Nick and I have supported the vision of Sight For All, without reservation. Through teaching Ophthalmologists in their home countries and Australia, we are going a long way to make a difference to blindness prevention in communities that need it. We have been fortunate to not only be Vision 1000 Members, but have had the opportunity to play an integral role in delivering necessary equipment to Bhutan, ensuring the specialists we trained have the necessary equipment when returning home.

- Dr Anna Galanopoulos & Dr Nick Vrodos
The Christmas Appeal and the more recent Tax Appeal raised much-needed donations and we thank all donors for their continuing support.

Yet again the Events Committee, headed by dedicated Events Director Mena Muecke, raised an extraordinary amount of money to fund our sight-saving projects.

The marketing initiatives undertaken by Sight for All this financial year included a refocus on building Vision 1000 Membership by improving engagement with existing Vision 1000 Members and increasing resources to broaden reach, which is expected to be reflected in 2018/19.

**BY THE NUMBERS: 1796 training hours**

449 outpatient clinical sessions have been supervised by Sight For All in Vietnam, Lao, Cambodia and Myanmar since 2012, equating to 1796 hours of new eye health knowledge imparted to in-country eye specialists.
Boogie for Sight again attracted a group of highly committed and energised disco lovers that danced the night away, raising more than $70,000 to fund Sight For All’s new Cambodia Retinal In-Country Fellowship.

Friends For Sight
Sydney and Melbourne Sight For All supporters were treated to unique events. Our first Sydney Event, Friends For Sight was coordinated by our tremendous supporter and Vision 1000 Member Malaty Kittikhoun and her Events Committee. The night was lots of fun, raising more than $17,000 towards the purchase of paediatric equipment for use in Lao.

Friends For Sight 2017 – Sydney
The second Sydney event, A Dinner With Vision, was gifted to us by an anonymous party and with a three-week turnaround we generated over $63,000 and raised awareness in New South Wales, which we hope to build upon in coming years. Our Melbourne event had a slightly different feel as a more intimate dinner in the beautiful setting of Church 364 in Richmond. We thank the generosity of Michael Duster, David Rogers and the Oliver Hume team for supporting the event, along with our Adelaide-based Events Committee Members Mena Muecke, Karen Rogers and Susie Taylor.

Friends For Sight – Melbourne
Films For Sight
Films for Sight went to Canberra in May 2018 and we want to again thank all the filmmakers that have devoted their precious time and valuable creative talent to give us a depth of amazing footage that helps tell our stories focused on teaching the world to see.

Golf For Sight
Golf for Sight in October last year raised $10,000 and will again be held in October 2018, with the hope of increasing attendance levels by 20%. If you are a golfer we would love you to join us. We thank Mark Emmett for his contribution to this event and all those that continue to support it.

Trek for Sight
Trek for Sight included a team of 8 dedicated individuals - Donna Davis, Garry Davis, Mena Muecke, James Muecke, Melissa Slattery, John Stokes, Marie-Louise Stokes, Jody Rowe - who collectively raised $60,000. The trek, led by Mountaineer Katie Sarah, was a unique fundraising event and an extraordinary life experience for all.
THANK YOU

Sincere thanks to our Events Committee Members Lisa Daw, Sarah Hyde, Felicity Keeves, Jane McMahon, Mena Muecke, Karen Rogers, Joanne Rosa, Feng Tam and Susie Taylor and our new Sydney events and marketing team of Georgia Rasmussen and Penny Hope-Murray. We are fortunate to have on our team talented individuals who work tirelessly to bring our events to life. A big thank you also goes to our Marketing Team for developing and implementing the Marketing Plan.

Many thanks to all who provided auction items, raffle prizes and sponsorship of Sight For All events, we couldn’t do it without you.

Finally, sincere thanks to our media and marketing supporters Michels Warren, Simple, and Red Agency, who provide us with fantastic guidance and campaigns which generate valuable in-kind support.

EYES OF A CHILD

Lens on life

Meet baby Sovan. He was a Cambodian toddler with a very uncertain future until he was examined by Dr Sophal Heng, a successful Sight For All Glaucoma Fellowship graduate.

Sovan was at the Khmer Soviet Friendship Hospital when Drs Heng and Tharath were presented with their Cambodia Glaucoma Fellowship certificates by Sight For All’s Prof Andrew White.

Following treatment by Dr Heng, the fluid pressure in the little boy’s right eye reduced from 28 to 12. Sovan’s cornea cleared, his glaucoma stabilised and he recovered vision in his affected eye.

It was a moving moment not only for Sovan and his family, but also for Dr Heng and Prof White.

“Sovan will maintain useful vision in that eye for many years to come [possibly lifelong] which is very different from the outcome he faced prior to the start of the fellowship program,” Prof White said.

“Sight For All is committed to a world in which everyone can see.”
OUR COMMITTEES

Events Committee
The Sight For All Events Committee is a specialised committee that works as a team to produce events of the highest quality. The committee’s work provides funds for specific Sight For All projects.

- Dr James Muecke
- Mrs Judy Hatswell
- Dr Ye Win
- With external support from Ms Annie Major

Research Committee
The Sight For All Research Committee is a small group of committed professionals who develop and implement research projects to construct an evidence base for and assess the impact of Sight For All and its partner countries.

- Prof Robert Casson (Chair)
- Dr Cesar Carrillo (Secretary)
- Mr Stephen Nygaard
- Dr Michelle Sun

ON THE GROUND IMPACT: 1014 topics
1014 ophthalmology topics have been covered by Sight For All Visionaries on volunteer teaching visits to Vietnam, Lao, Cambodia and Myanmar since 2012.
AMBASSADORS

Sight For All Ambassadors bring a range of experience, skills and expertise in various fields including media, business, politics, governance, the arts and sport. The role of an Ambassador is to support, promote and advocate for Sight For All among personal networks and the wider community. Skills and characteristics of Ambassadors include enthusiasm for our cause, a connection to Sight For All, a positive outlook and an active professional and social media presence.

Sight For All is honoured to be supported by more than 20 Ambassadors:

Darcy Bussell  
Bob Carr  
Graham Cornes  
Brian Cunningham  
Alexander Downer  
Jason Gillespie  
Peter Goldsworthy  
Richard Grills  
Gill Hicks  
Scott Hicks  
Timothy Horton  
Andrew McLeod  
Rosanna Mangiarelli  
Greg Moulton  
Lowitja O’Donoghue AC  
Raymond Spencer

David Paterson  
Peter Slattery  
Youth Ambassador:  
Chris Pennington

AMBASSADOR Tim Horton and Dr James Muecke.  
AMBASSADOR Steven Trigg.

ON THE GROUND IMPACT: 456 surgical procedures

456 surgeries have been supervised or demonstrated by Sight For All volunteer Visionaries in Vietnam, Lao, Cambodia and Myanmar, for a combined total of 748 hours in the operating theatre since 2012.
Dr James Muecke AM
Chair

James is an eye surgeon based in Adelaide. He is a visiting consultant and senior lecturer at the Royal Adelaide Hospital and Women’s and Children’s Hospital. James has a special interest in blindness prevention, ophthalmic research and education in the developing world. James was a co-founder and Director of the Vision Myanmar Program. He received an ‘Outstanding Service in Prevention of Blindness Award’ by the Asia-Pacific Academy of Ophthalmology in 2011. He was awarded a Member of the Order of Australia in 2012 and received a South Australian Community Achievement Award. In 2015 James was the recipient of the Ernst Young Social Entrepreneur of the Year Award.

Prof Robert Casson
Vice Chair

Robert is an ophthalmic surgeon-scientist with particular interest in glaucoma and ophthalmic epidemiology in the developing world. He is proud to be a founding Director of Sight For All, where he has the role of Chief Scientific Adviser, with a particular focus on the interface between ophthalmic science and the elimination of preventable blindness in the developing world.

Mr Michael Fotheringham
Director

Michael is a partner at Barry Nilsson Lawyers. He has a Master of Laws majoring in Insurance Law and a Masters of Business Administration. He specialises in professional indemnity, directors and officers, casualty, public liability, product liability, insurance, special risk and business interruption claims. Michael regularly contributes articles to various journals including the Insurance Law Journal. Michael has provided his legal expertise since the formation of Sight For All.

Mr Philippe Jaquillard
Treasurer

Philippe Jaquillard is a partner of Jaquillard Minns Chartered Accountants and a Director of SuperGuardian Pty Ltd. He holds a B Ec from Flinders University and a Post Grad Diploma in Accounting. Philippe consults to business on a wide range of matters including taxation, business structures, information technology, wealth management and offshore business. He is actively involved in charitable projects, including until 2016. as Treasurer for the Mary Potter Foundation in Adelaide and is a volunteer and advisor to Black Pencil Project in the Philippines.

Mr Gavin O’Callaghan
Director

Gavin is an optometrist in private practice, a Clinical Senior Lecturer in Ophthalmology at the University of Adelaide and has a visiting appointment at the Contact Lens Clinic at the Royal Adelaide Hospital. He is a graduate of the Australian Institute of Company Directors and holds numerous Director positions. He is a member of the Optometry Council of Australia and New Zealand Examinations Committee and a member of the University of Melbourne Department of Optometry and Vision Sciences Course Advisory Committee.
Jody Rowe is a specialist in the resources and energy sector who has a strategic view of the market, its needs and potential opportunities for growth. Jody’s career includes executive roles at BG-QGC (Shell) and Santos on mega projects GLNG and QCLNG. Jody is the founder and Chief Executive Officer of Rowe Advisory.

As Chief Executive Officer of Rowe Advisory, Jody is a subject matter expert for global business development, services such as human resources and contracts and procurement, mergers and acquisitions and business and strategic advice. Jody is a Non-Executive Director of Strike Energy, an ASX listed oil and gas exploration company and is a shareholder and Director of companies such as CD Power Pty Ltd, and iPIPE Pty Ltd working with MH Carnegie. Jody is a member of the Safety Leadership Group for the Coal Seam Gas industry Safer Together group. She is a member of the Mining Industry Participation Office Advisory Board for the South Australian Government.

Melissa is the principal consultant for Emmett Marketing. She has a business degree majoring in marketing from the University of South Australia. For over 30 years her career in marketing and brand management included working with brands such as Snappy Tom, SAFCOL, Balfours, Faulding and SAFE. More recently as a consultant she has worked with SMSF Association, Dressed For Sale, Bedford, Optimistic Kids, Joust and Hands On SA.

Christine Molitor is the Chief Executive Officer of Scope Global Pty Ltd, a company which for the past 25 years has been delivering international development, international education programs, technical training assistance and mobility programs around the world. Prior to being appointed CEO in January 2016, Christine was Executive Manager, Global Operations, where she had leadership of the Australian Volunteers for International Development (AVID) program. Scope’s international network and the People, Culture and Services portfolio. Christine has built a successful career as a senior executive leader and board member, with a skill for improving business performance and long term organisational capability. Prior to her time at Scope Global, she was the joint founding partner of a successful international consultancy business which specialised in strategy development and execution, leadership and culture development, and board and CEO development. Christine holds a degree in Psychology and an MBA from the University of Adelaide. She is the immediate past Chair of CanDo4Kids, one of South Australia’s oldest not for profit organisations that provides services to hearing and sight impaired children and their families. Christine is also a member of the Industry Leaders Fund (IFL) and in 2017 was awarded a grant to attend the Oxford Strategic Leadership Program in the UK.

Clin A/Prof Andrew White B.Med.Sc(hons) MBBS PhD FRANZCO is a clinician scientist ophthalmologist at Westmead Hospital. His subspecialty interest is glaucoma. He was awarded First Class Honours in Medical Science in 1995 and a combined MBBS/PhD degree in 2002 from the University of Sydney. He also undertook research work at the Max Plank Institute for Biophysical Chemistry, Gottingen, Germany and the State University of New York (SUNY) and the University of Cambridge. He is Head of the Department of Ophthalmology at Westmead Hospital in Sydney as well as working in private practice. He has research affiliations with the University of Sydney at both the Save Sight Institute and Westmead Institute for Medical Research where he runs a laboratory developing new treatments for glaucoma. He has been working with Sight For All for a number of years, supervising in country fellowships in glaucoma.
Michelle is a South Australian Ophthalmology Registrar and a Clinical Lecturer at the University of Adelaide. She has completed a PhD in ophthalmology and been the recipient of numerous research awards and grants, including a highly competitive New Investigator Grant from the Ophthalmic Institute of Australia. Michelle first became involved with Sight For All as a medical student, volunteering her time to assist with fundraising events, including the first Sculpture for Sight. More recently she travelled to Myanmar to assist with upskilling of secondary eye centres initially established by Sight For All. She is delighted to join the Board of Directors in the junior ophthalmologist role.

Nick is an ophthalmology registrar and is also completing a PhD in ophthalmology, with over 30 peer-reviewed publications. Nick has accompanied Sight For All to Myanmar on two occasions to collect post-intervention cataract surgery data. Outside of ophthalmology, Nick is a keen rower and has represented Australia three times. Nick held the Junior Ophthalmologist position on the Sight For All Board from November 2015 - November 2017.

The passion, drive and commitment that each Director brings to our Board is incredible. Our organisation continues to grow and develop through their leadership and tireless efforts.

- Executive Officer, Judy Hatswell

Australian Government
In 2017/2018 Sight For All was supported by the Australian Government through the Australian NGO Cooperation Program (ANCP).

ON THE GROUND IMPACT: 477 lectures

477 lectures on eye health issues have been presented by Sight For All Visionaries on volunteer teaching visits to Vietnam, Lao, Cambodia and Myanmar since 2012.
ACCOUNTABILITY

Australian Council For International Development

A proud member of the Australian Council for International Development (ACFID), Sight For All adheres to the ACFID Code of Conduct and the financial statements included in this Annual Report are prepared in accordance with that Code.

Complaints

Sight For All is committed to providing quality service to all individuals and organisations with which it is associated and welcomes feedback from volunteers, partner organisations and associated businesses.

Individuals wishing to lodge a complaint with Sight For All can do so in one of the following ways:

- In writing to the Executive Officer
- In person with the Executive Officer
- By telephoning the Executive Officer
- In person with the Sight For All in-country or local area partner organisation medical officer.

Sight For All’s Executive Officer can be contacted via telephone +61 0428 049 888 or email jhatswell@sightforall.org

The Complaints Policy is available on Sight For All’s website and is circulated to staff, volunteers and partner organisations in-country.

Sight For All observes the ACFID Code of Conduct in all activities. Individuals lodging complaints with Sight For All who believe the organisation has breached the Code are advised to notify the ACFID Code of Conduct Committee.

ACFID can be contacted via telephone on +61 (0)2 6285 1816 or via www.acfid.asn.au/code-of-conduct/complaints

Privacy

Sight For All recognises the importance of individual privacy and personal information. To obtain a copy of its Privacy Policy, email admin@sightforall.org

ON THE GROUND IMPACT: 139 teaching weeks

139 clinical and surgical in-country training visits have been conducted by Sight For All volunteer Visionaries to Vietnam, Lao, Cambodia and Myanmar since 2012.
I am pleased to present the Treasurer’s Report for the year ended 30 June 2018.

Overview

Sight For All Limited achieved a comprehensive shortfall for the 2017/18 Financial Year of $22,394 compared to an excess of $17,093 in 2016/17.

Sight for All funds its international and domestic projects from various revenue streams including grants, donations, Vision 1000, major events and the Australian Government through the Australian NGO Cooperation Program (ANCP). In the 2017/18 Financial Year, Sight For All chose to supplement project funding by utilising some retained earnings, resulting in an overall shortfall for the year.

Revenue of $929,653 was significantly higher than in 2016/17 ($659,153). As a result funding of international programs and program costs increased to $471,495 compared with $245,837 in 2016/17.

Fundraising efforts also generated significant extra revenue during 2017/18 to the amount of $317,601, compared to $106,754 in 2016/17.

Although the recruitment to a full time fundraising position resulted in increased costs in this area in 2017/18, other administration costs were more specifically allocated to projects where possible during the year. This resulted in a reduction in reported Accountability and Administration costs of from $239,665 to $205,254 in 2017/18.

Cash

Cash and cash equivalents at the end of the Financial Year were a total of $557,956. Of this total, $357,752 is earmarked for specific future projects as per Note 8 of the accounts.

Equity

The balance of total equity as at 30 June 2018 was $270,481, which is a reduction of $22,394 from the previous year.

Income and Expenditure Statement

The income and expenditure statement demonstrates total revenue of $929,653 and total expenditure of $952,047 with an excess of expenditure over revenue of $22,394 for 30 June 2018. Total expenditure for International and Domestic Aid and Development Programs was $941,538, compared to $567,056 in 2016/17.

Philippe Jaquillard
Treasurer
FINANCIAL OVERVIEW

Where the money comes from

<tr>
<td>Fundraising Costs</td>
<td>$264,789</td>
</tr>
<tr>
<td>Domestic Program Costs</td>
<td>$10,510</td>
</tr>
</tbody>
</table>

**TOTAL COSTS** $952,047

- **International Program Costs**
  Includes all expenses and support costs associated with our in-country programs. It includes coordinating all international programs and management of volunteer’s travel and on-site engagement.

- **Operating Costs**
  Covers administrative and other costs inherent in running an organisation, including staff time in areas such as finance, insurance premiums, office supplies, consultancy fees and other running costs. Insurance, including travel, volunteer, medical malpractice, are included in operating costs rather than international project costs and are a significant expense to enable in-country projects to be undertaken.

- **Fundraising Costs**
  Direct costs associated with event running costs and other fundraising activities. Included are fundraising staff costs and indirect costs related to events and fundraising activities.

- **Domestic Program Costs**
  Costs associated with the coordination of projects in Australia.
FINANCIAL OVERVIEW

Value of volunteer services

The value of volunteer services is included in the accounts and the following information has been prepared in accordance with the rates approved by DFAT.

Volunteers for the year ended 30 June 2018:

Higher Professional hours (2465 @ $71.67/hr)  
$176,672.00

Medium Professional hours (329 @ $36.99/hr)  
$12,169.00

TOTAL VALUE OF VOLUNTEER SERVICES  
$188,841.00

The real value is priceless

*Volunteer Services

The value of volunteer services based on rates determined by the Department of Foreign Affairs and Trade (DFAT) is a significant underestimation given the highly specialised nature of our volunteers. The above figure represents a more realistic, although still conservative, value based on public sector rates. These figures are calculated based on the average hourly rate of an ophthalmologist, optometrist and middle professional administration position.

GENERAL INFORMATION

The financial report covers SFAFL as an individual entity. The financial report is presented in
Australian dollars, which is SFAFL’s functional and presentation currency.

The financial report consists of the financial statements, notes to the financial statements and the directors’
declaration.

SFAFL is a not-for-profit, unlisted public company limited by guarantee and is trustee for SFAFL
Foundation Fund.

The financial report was authorised for issue, in accordance with a resolution of directors on
14 SEPTEMBER 2019. The directors have the power to amend and reissue the financial report.
DIRECTORS' REPORT
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2018
The Directors of Sight For All Limited (SFA) present their report, together with the financial statements, for the company for the financial year ended 30 June 2018.

Directors
The following persons were Directors of the company during the whole of the financial year and up to the date of this report, unless otherwise stated:

Dr James Musgrove AM
Professor Bob Cameron
Mr Peter Jacquot
Mr Michael Fulcher
Mr Dennis O'Dell
Mrs Melissa Everneil
Ms Judy Pawe
Mrs Christine Mollor
A/Prof Andrew White
Dr Michelle Sim
Dr Nicholas Andrew

President

Principal Activity
The principal activity of the company for the financial year was to eliminate blindness through sustainable projects in collaboration with partner communities.

Short & Long Term Objectives
Our short and long-term objectives are directed to funding and delivering projects which have a sustainable impact on blindness prevention in partner underprivileged and Australian communities. This includes:

- **Collaborative Research**
  - Identifying and prioritising areas of need for developing countries.

- **Infrastructure Support**
  - Establishing or upgrading equipment and facilities at regional and local eye centres, or training in the use of the equipment.

- **Sustainable Education**
  - Coordinating educational programs in developing countries and providing opportunities where doctors travel to Australia for educational or interactive, year-long training fellowship.

- **Eye Health Awareness**
  - Informing communities of the importance of eye health and the available services that are available.

Long Term
To empower communities to deliver comprehensive, evidence-based, high quality eye health care through the provision of research, education and equipment.

To create a world where everyone can see.

To teach the world to see.

To ensure eye care professionals have the necessary knowledge, skills and equipment, and their communities have the necessary awareness, so that sustainable solutions to blindness can be addressed.

To eventually be able to leave the countries knowing that the eye care teams will be able to meet the community's needs without ongoing assistance.

To strengthen relationships to ensure Sight For All continues to have a significant impact in the delivery of eye care programs in Australia and partner countries.

To enable the key activities of education and infrastructure to work concurrently to ensure the greatest impact on country.
Short Term

Continued collaboration with the Australian Government through the Australian NGO Cooperation Program (ANCP).

Continuation of In-country fellowship training programs in Cambodia, Laos, Myanmar and Vietnam.

In-country Collaborative Fellowships (Sight For All trained fellows training their own fellows in-country).

Growth of Vision 1000.

Finalising data analysis of the Vietnam Eye Study and Myanmar Childhood Blindness Study.

Hosting a range of events in Adelaide and interstate.

Increased recruitment of Sight For All alumni onto boards of Australia and internationally.

Engagement of over 23 eye care professionals in Australia and New Zealand who volunteer their time, knowledge and expertise.

Renewed employment of full-time Executive Officer, part-time Optimisation Public Health Research Officer, part-time Finance Officer Consultant, part-time Events Coordinator and recruitment to a part-time marketing position.

High level of satisfaction by volunteers and stakeholders.

Membership of ACFCU and adherence to the ACFCU Code of Conduct.

Membership of Vision 2020.

Membership of INPES.

Undertaking activities to achieve the strategic plan 2017 - 2020 including relationship with Sustainable Development Goals.

Risk mitigation strategies implemented for all activities.

High level program management documents used for all projects.

Performance measures

Data analysed and publications released.

Projects activities funded.

Fellowships undertaken successfully.

Fellows trained in Australia returned to their home country as experts in their sub-speciality area.

Sub-specialties ophthalmology units developed and operated in partner institutions.

Maintenance of DFAT Accreditation.

Volunteers and stakeholders highly satisfied.

Completion of strategic plan milestones.

Risk mitigation strategies in place.

Growth in Vision 1000 memberships.

Events successfully coordinated and attended.

High level project management documents in place.

Staff employed and performance measures in place.

Contributions on winding up
The company is incorporated under the Corporations Act 2001 and is a company limited by guarantee. If the company is wound up, the constitution states that each member is required to contribute a minimum of $1 each toward meeting any outstanding obligations of the company.

As at 30 June 2018 the total amount that the members of the company are liable to contribute if the entity is wound up is $2 (2017/2018).

Rounding of amounts
The company is of a type referred to in Class Order No 7, issued by the Australian Securities and Investments Commission, relating to the rounding off of amounts in the directors' report. Amounts in the Directors' report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, to the nearest dollar.

Auditor's independence declaration
A copy of the Auditor's Independence Declaration as required under s. 56-60 of the Australian Charities and Not-for-profit Commission Act 2012 is included on page 7 of this financial report and forms part of the Responsible Entities' Report.

Signed in accordance with the resolution of the Company Directors.
On behalf of the Directors

SIGHT FOR ALL LIMITED
ABN 62 137 061 183
as trustee for
SIGHT FOR ALL FOUNDATION FUND
ABN 68 904 390 461

Notes to the Financial statements for the financial year ended 30 June 2018

Note 1. Corporate Information
The financial statements of Sight For All Limited as trustee of Sight For All Foundation Fund for the year ended 30 June 2018 were authorised for issue in accordance with a resolution of Directors on 21st September 2018.

Sight For All Limited, as trustee for Sight For All Foundation Fund, is a not-for-profit company limited by guarantee. The registered office is C/O Ophthalmology Department, Royal Adelaide Hospital, Port Road, Adelaide 5035.

Note 2. Significant accounting policies
The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

New, revised or amending Accounting Standards and Interpretations adopted
The company has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Any significant impact on the accounting policies of the company from the adoption of these Accounting Standards and Interpretations are disclosed in the relevant accounting policy.

The adoption of these Accounting Standards and Interpretations did not have any impact on the financial performance or position of the company.

Basis of preparation
These general purpose financial statements have been prepared in accordance with Australian Accounting Standards - "Financial Reporting: Requirements and Interpretations" issued by the Australian Accounting Standards Board (AASB), Australian Charities and Not-for-profits Commission Act 2012, the Australian Charities and Not-for-profits Commission Regulation 2013. Sight for All Ltd is a not-for-profit entity for the purpose of preparing the financial statements.

These financial statements are ACNC Compliant statements and comply with presentation and disclosure requirements of the ACNC Code of Conduct. Details of the code of conduct can be accessed at www.acnc.gov.au

Historical cost convention
The financial statements have been prepared under the historical cost convention, except for financial assets, financial liabilities and equity instruments specified at fair value through profit or loss, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates
The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

Revenue recognition
Revenue comprises revenue from government grants, donations and sponsorship. Revenue from major areas is shown in Note 4.

Revenue is measured at the fair value of the consideration received or receivable.

Revenue is recognised when the amount of revenue can be measured reliably, collection is probable, the costs incurred can be measured reliably, and when the criteria for each of the activities have been met. Details of activity-specific recognition criteria are detailed below.
Government Grants
A number of SIGHT FOR ALL Ltd programs are supported by grants received from government.

If conditions are attached to the grant which must be satisfied before Sight For All Ltd is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

Where grant revenue is received on the condition that services are delivered to the grantor, this is considered a reciprocated transaction. Revenue is recognized as services are performed, and at year-end until the service has been delivered.

Revenue from a reciprocity grant that is not the subject to the conditions is recognized when the company obtains control of the funds, economic benefits are probable and the amount can be measured reliably. Where the grant may be recouped in the reported if certain conditions are not satisfied, a liability is recognized at year-end to the extent that the conditions remain unsatisfied.

SIGHT FOR ALL Limited receives non-reciprocal contributions of an asset or assets from parties for a zero or a nominal consideration. The asset is recognized at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of revenue recognized in the statement of comprehensive income.

Donations and bequests
Donations are recognized as revenue when the company gains control. Economic benefits are probable and the amount of the donation can be measured reliably.

Bequests are recognized when the legacy is received. Revenue from legacies comprises bequests of shares or other property are recognized at fair value, being the market value of the shares or property at the date the company becomes legally entitled to the shares or property.

Interest and dividend income
Interest income is recognized on an accrual basis using the effective interest method. Dividend income is recognized at the time the right to receive payment is established.

All of revenue is recognized when it is received or when the right to receive payment is established.

Operating expenses
Operating expenses are recognized in the period or upon allocation of the service or at the time of their origin.

Income tax
No provision for income tax has been raised as the Company is exempt from income tax under s 12 of the Income Tax Assessment Act 1967.

Cash and cash equivalents
Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Reserves
Retained earnings include all current and prior period net profit.

SIGHT FOR ALL FOUNDATION FUND
ABN 68 956 596 401

Notes to the financial statements for the financial year ended 30 June 2018 (continued)

Trade and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment.

Other receivables are recognised at amortised cost, less any provision for impairment.

Property, plant and equipment

Property, plant and other equipment (comprising furnishings and furniture) are initially recognised at acquisition costs or manufacturing costs, including any costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by the Company’s management.

Property, plant and other equipment are subsequently measured using the cost model, less subsequent depreciation and impairment losses.

The Board has determined that it will only capitalise assets that have a cost greater than $1,000 for the purposes of depreciation. Any asset that costs less than $1,000 will be written off and expensed in the Statement of Comprehensive Income.

Leasehold improvements and plant and equipment under lease are depreciated over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter.

Historical renewal value estimates and estimates of useful life are updated as required, but at least annually.

Gain or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in profit or loss within other income or other expenses.

Depreciation is recognised on a diminishing value basis in writing down the cost less the estimated residual value of the Property, plant and other equipment. The following useful lives are specified:

- Computer Equipment: 4 years
- IV Rate: 5%/

Trade and other payables

These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and not discounted. The amounts are unsecured and are usually paid within 30 days of realizability.

Deferred income

The liability for deferred income is the unutilised amounts of grants received on the condition that specified services are delivered or conditions are fulfilled. The services are usually provided or the conditions usually fulfilled within twelve (12) months of receipt of the grant. Where the amount received is in respect of services to be provided over a period that exceeds twelve (12) months after the reporting date or the conditions will only be satisfied more than twelve (12) months after the reporting date, the liability is discounted and presented as non-current.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the statement of cash flows on a gross basis, except for the GST components of investing and financing activities, which are disclosed as operating cash flows.
Notes to the financial statements for the financial year ended 30 June 2018 (continued)

Borrowings

I debts and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Where there is an unconditional right to defer settlement of the liability for at least 12 months after the reporting date, the loans or borrowings are classified as non-current.

Employee benefits

Short-term employee benefits

Short-term employee benefits are benefits, other than termination benefits, that are expected to be settled wholly within twelve (12) months after the end of the period in which the employees render the related service. Examples of such benefits include wages and salaries and accumulated annual leave. Short-term employee benefits are measured at the undiscounted remuneration rates expected to be paid when the liabilities are settled.

Other long-term employee benefits

The Company’s liabilities for annual leave and long service leave are included in other long-term benefits as they are not expected to be settled wholly within twelve (12) months after the end of the period in which the employees render the related service. They are measured at the present value of the expected future payments to be made to employees. The expected future payments incorporate anticipated future wage and salary levels, experience of employee departures and service of service. Any remeasurements arising from experience adjustments and changes in assumptions are recognised in profit or loss in the periods in which the changes occur.

The Company presents employee benefit obligations as current liabilities in the statement of financial position if the Company does not have an unconditional right to defer settlement for at least twelve (12) months after the reporting period, irrespective of when the actual settlement is expected to take place.

Economic dependence

The Company is dependent upon the ongoing receipt of government grants and community and corporate donations to ensure the ongoing continuance of its programs. At the date of this report, management has no reason to believe that this financial support will not continue.

Note 3. Significant management judgements in applying accounting policies

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses in accordance with ASX guidelines. Actual results may be substantially different.

Impairment

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating unit based on expected future cash flows and uses an income tax in discounting them. Estimation uncertainty related to assumptions about future operating results and the determination of a suitable discount rate.

Useful lives of depreciable assets

Management reviews the estimates of the useful lives of depreciable assets at each reporting date, based on the operating life of the asset.

Long service leave

The liability for long service leave is recognised and measured at the present value of the estimated cash flows to be made in respect of all employees at each reporting date. In determining the present value of the liability, estimates of inflation rates and salary increases through promotion and inflation have been taken into account.

Note 11. Financial Risk Management

(a) Overview

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure on each of the above risks, its objectives and policies and processes for measuring and managing these. Further quantitative disclosures are included throughout this financial report.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework.

Risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

(b) Credit risk

Credit risk is the risk of financial loss in the Company if a counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from operating activities and investments.
SIGHT FOR ALL LIMITED
ABN 62 137 081 193
as trustee for
SIGHT FOR ALL FOUNDATION FUND
ABN 69 964 596 401

Notes to the financial statements for the financial year ended 30 June 2018 (continued)

(b) Credit risk (continued)

Trade and other receivables

The Company’s exposure to credit risk is influenced mainly by the individual characteristics of each customer. Geographically there is no concentration of credit risk.

Investments

The Company limits its exposure to credit risk by only investing in liquid securities and only with counterparties that have a credit rating equal to or better than the Company.

Exposure to credit risk

The carrying amount of the Company’s financial assets represents the maximum credit exposure. The Company’s maximum exposure for credit risk at the reporting date was:

<table>

</tr>
<tr>
<td>Trade and other receivables</td>
<td>98,833</td>
<td>198,089</td>
</tr>
</tbody>
</table>

(c) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company’s approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or damage to the Company’s reputation.

(d) Market Risk

Market risk is the risk that changes in market prices, such as interest rates, will affect the Company’s income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

All investment transactions are carried out within the guidelines of the Company’s Investment Policy.

The Company’s exposure to market interest rate relates primarily to its holdings of cash and cash equivalents and investments.

As at balance date the Company had the following financial assets exposed to Australian variable interest rate risk that are not designated in cash flow hedges:

<table>
<thead>
<tr>

DIRECTORS' DECLARATION

In the opinion of the Directors of SFA Ltd:

1. The consolidated financial statements and notes of SFA Ltd for the financial year ended 30 June 2016 and for the financial year ended 30 June 2017 are in accordance with the Australian Charities and Not-for-profits Commission Act 2012, including:
   a. Giving a true and fair view of the financial position as at 30 June 2016 and of its performance for the financial year ended on that date; and
   b. Complying with Australian Accounting Standards - Reduced Disclosure Requirements (including with Australian Accounting Interpretations); and

2. There are reasonable grounds to believe that SFA Ltd will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of Directors made pursuant to Section 255C of the Corporations Act 2001 and with Section 63.15 of the Australian Charities and Not-for-profits Commission Regulation 2013.

On behalf of the Directors

[Signature]

Dr James Muecke
Chair

[Signature]

Mr Phil Forster

Adelaide 2016
Independent Auditor's Report

To the members of Sight For All Limited as Trustees for Sight For All Foundation Fund

Report on the audit of the financial report

I have audited the financial report of Sight For All Limited as Trustees for Sight For All Foundation Fund which comprises the statement of financial position as at 30 June 2018, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including a summary of significant accounting policies, and the Director's Declaration.

In my opinion, except for the effects of the matters described in the Basis of Qualified Opinion section of my report, the accompanying financial report of Sight For All Limited as Trustees for Sight For All Foundation Fund is in accordance with Division 6A of the Australian Charities and Not-For-Profits Commissioner Act 2012, including:

- giving a true and fair view of the financial position as at 30 June 2018 and of its financial performance for the year then ended; and
- complying with Australian Accounting Standards to the extent described in Note 9, and Division 6A at the Australian Charities and Not-For-Profits Commission Regulation 2013.

Basis of Qualified Opinion

The Directors of the trustee have determined that it is impracticable to establish costs over the collection of all donations and fundraising revenue prior to entry into the financial records. Accordingly, as the evidence available to me regarding revenue from these sources was limited, my audit procedures in relation to cash collections and fundraising revenue had to be modified to reflect the information provided. I am therefore unable to express an opinion on whether the recorded cash donations and fundraising revenue are correct.

I have conducted my audit in accordance with Australian Auditing Standards. My reports and Opinions under those standards are further described in the Auditor's Report section of this report.

I am independent of the entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the financial report. I have fulfilled my other ethical responsibilities in accordance with the Code.

I believe that my audit evidence is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter - Basis of Accounting

In my opinion, the financial report, which describes the basis of accounting, the financial report has been prepared for the purpose of fulfilling the entity's financial reporting responsibilities under the ACNC Act. As a result, the financial report may not be suitable for another purpose. My opinion is not modified in respect of this matter.

Directors' Responsibilities

The Directors are responsible for the preparation of the financial report that gives a true and fair view and have confirmed that the basis of preparation was used in Note 2 to the financial report. It is appropriate to meet the requirements of the ACNC Act, the Directors' responsibility includes such matters as those required by the Directors. The financial report is prepared by the Directors and is to be read in its entirety, including the notes.

In preparing this financial report, the Directors are responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the entity or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report is free from material misstatement, whether due to fraud or error. To achieve this objective, I applied my audit approach that includes my opinion. Reasonable assurance is a high level of assurance, but it is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

I communicated with the Director regarding, among other matters, the potential scope and timing of the audit and significant audit findings, including any significant difficulties in obtaining audit evidence related to the audit.
