This policy applies to Sight For All Board Directors, staff, Visionaries, Fellows, volunteers, Ophthalmic Country Officers and project participants.

2. Scope

Sight For All commits to managing complaints in a respectful, fair, and responsive way. Complaints will be investigated confidentially, with any information shared done so with the permission of parties involved.

Sight For All takes a survivor-centred approach and plays an active role in ensuring child safeguards, preventing sexual exploitation, abuse and harassment, and in investigating complaints. Individuals making a complaint will be treated with respect and without prejudice. As outlined in this policy, Sight For All commits to acknowledging receipt of a complaint as soon as possible, and ideally within one business day. Parties involved in the complaint investigation process will be kept informed of actions being taken and progress of the investigation, subject to applicable legislation and legal advice.

Sight For All aims to resolve complaints as quickly as possible and within 30 days unless there are exceptional circumstances. Complaints are recorded on the Master Register maintained by the Executive Officer.

Individuals who are unsatisfied with the way in which a complaint has been investigated, or the outcome of the investigation, are able to contact the ACFID Code of Conduct Committee (www.acfid.asn.au/code-of-conduct/complaints). 3. Guiding Principles

Confidentiality

Sight For All understands that individuals feel safer in making a complaint if they know their confidentiality will be maintained. Sight For All will not share the identity of the complainant (such as name and other details) wherever possible and appropriate.

As much as possible, Sight For All handles complaints subject to requirements of procedural fairness. When making a complaint to Sight For All, the individual can choose to be identified, maintain confidentiality, or remain anonymous. Where an anonymous complaint is made, Sight For All will

record the complaint and report the complaint to the Board of Directors. Feedback will not be able to be provided to the complainant, however any matters for attention will be further investigated and, where required, will be reported to the appropriate authorities.

There are some instances where some information must be shared with others. Sight For All commits to maintaining confidentiality and only sharing information with as few people as required, and only with people who need to know. Information that is shared will also be de-identified as much as possible.

When third parties are required to assist in the resolution of a confidential complaint, Sight For All will judge these instances on a case-by-case basis and with agreement from the complainant.

Procedural Fairness

When a complaint is lodged against a Board Director, staff member, Visionary, volunteer, Fellow, project participant or Ophthalmic Country Officer, Sight For All will provide sufficient details of the nature and circumstances of the allegations made. This allows an opportunity for the individual to fully respond to allegations. In such instances, the identity of the complainant may need to be disclosed – with the complainant's full consent.

Victim/Survivor Centred

Sight For All commits to a 'do no harm' approach, prioritising the safety of others, while ensuring procedural fairness. Individuals making a complaint will be kept informed throughout the investigation process, and assistance will be provided to access other services if required. Where required, Sight For All will assist in accessing other support services, including health or psychological services, and address any need for immediate protection assistance and/or rehabilitation.

De-identification of Complainants

Sight For All respects the wishes of complainants to protect their identity. In these instances, personal information that identifies the complainant will only be disclosed when required by law. During investigating and reporting processes, all reasonable efforts will be taken to de-identify the individual.

7. Complaints Handling Process

To determine how a complaint should be managed, the Executive Officer assesses the complaint in terms of the following criteria:

- a) severity
- b) health (including mental health) and safety implications
- c) financial implications for the complainant and others
- d) complexity
- e) impact on the individual, public and organisation
- f) potential to escalate
- g) systemic implications

h) the need for, and possibility of immediate action.

Where the assessment determines a high degree of severity with significant implications, the complaint process will be escalated by the Executive Officer. This will involve immediately contacting the Chairman of the Board, Vice Chair or Legal Board Director. A special out-of-session Board meeting may be convened to address the complaint as a matter of urgency.

Where complaints are in relation to child protection or prevention of sexual exploitation, abuse and harassment, they are investigated in line with the requirements as outlined in the Sight For All Child Protection Policy and Sight For All Prevention of Sexual Exploitation, Abuse and Harassment Policy. When the Executive Officer/Chairman or their delegate takes a verbal complaint she/he will:

- Identify themselves, listen, record details and determine what the complainant wants
- Confirm that we have understood and received the details
- Show empathy for the individual making the complaint, without attempting to take sides, lay blame or become defensive.

For all complaints, Sight For All will:

- Seek from the complainant the outcome/outcomes they are expecting
- Make an initial assessment of the severity of the complaint and the urgency for action
- Clearly explain to the individual the course of action that will follow:
 - If the complaint is out of Sight For All jurisdiction
 - If Sight For All may exercise a discretion not to investigate
 - If preliminary enquiries need to be made, or if further consideration needs to be given
- Give an estimated timeframe, or a date by which they will be contacted again
- Check whether the individual is satisfied with the proposed action and, if not, advise them of alternatives
- Ensure the complaint is appropriately acknowledged
- Follow up where necessary and monitor whether the individual is satisfied
- Register all complaints on the Master Register.

Where appropriate, Sight For All will ensure that personnel working in-country will have the necessary training to encourage and handle inquiries, expressions of concern and lodging complaints, so as to take into account cultural and gender sensitivities.

For complaints received in a language other than English, Sight For All will arrange for an independent translator to translate the complaint into English and forward to the Executive Officer. The complaint will then proceed through the investigation process as outlined in #8 of this Policy.

Sight For All will ensure that the individual making the complaint is not required to express their complaint to a person implicated in their complaint. Sight For All will also ensure that a person implicated in a complaint is not involved in any way with the complaint investigation.
