OUR VISION

Sight For All's team of eye care professionals aims to eliminate blindness in collaboration with partner communities.

OUR MISSION

To determine the magnitude and causes of blindness in partner communities in order to prioritise eye health projects. To ensure eye care professionals have the necessary knowledge, skills and equipment and their communities have the necessary awareness, so that sustainable solutions to blindness can be addressed.

OUR VALUES

Collaboration
Encouraging participation of all stakeholders.

Sustainability
Fostering self-reliance through comprehensive evidence-based projects.

Respect
Promoting human rights in all dealings.

Sight For All is governed by a voluntary Board of Directors, comprising ophthalmologists, an optometrist, a lawyer, an accountant, a marketing expert and a business expert.

Sight For All is a member of the World Health Organisation's Vision 2020 Right For Sight Initiative, a member of the Australian Council for International Development (ACFID) and is registered with the Australian Tax Office's Overseas Aid Gift Deduction Scheme (OAGDS).

Eye care professionals lead Sight For All and coordinate all projects. With the depth of knowledge and voluntary service they provide, the outcome is a comprehensive, sustainable and evidence-based approach.

SIGHT FOR ALL has had a thrilling year of growth and change. The appointment of our new Executive Officer Judy Bickmore in January this year has seen a huge leap forward in our governance and organisational process – Judy's presence was felt immediately. The Board welcomed Phil Jaquillard in November last year – as our new Treasurer, Phil brings a wealth of knowledge in the finance sector and has revolutionised our accounting systems and financial risk management. We also welcomed Leanne Harms as Finance Office Coordinator in June, just in time for the end of the fiscal year. Leanne will work with our team to deliver high level and transparent financial processes. We also welcome Dr Cesar Carillo-Rozo, our first Public Health Fellow, who is already making a significant contribution to our multitude of ophthalmic projects both locally and abroad.

We have farewelled Dr Michael Hammerton and our Vice chair A/Prof Henry Newland. Both doctors have been on the Board since its inception and we thank them for their long standing commitment. Thank you also to Bruce Craddock who, as our former Treasurer, started to bring real clarity to our finances. We also extend sincere gratitude and thanks to Ms Naomi Bock who left after many years of dedicated service.

Sight For All continues to build its compliance capacity as we work toward accreditation with the Department of Foreign Affairs and Trade (DFAT), a long standing goal that we hope to finalise by the end of 2014. A special mention to Judy Bickmore, Stephen Nygaard (Project and Compliance Manager) and Michael Fotheringham (Board Director) who have been spearheading this extensive strategy.

The friendly and collaborative relationship that Sight For All has developed with ophthalmic colleagues in eight countries in Asia is one of the keys to eliminating avoidable blindness in the region. Some of the highlights have been the training in Australia of a paediatric ophthalmologist from Sri Lanka and an ophthalmic plastic surgeon from Myanmar, who have both now returned to their respective countries as leaders in their field. Proof of the high impact of our sustainable educational programs can be found in the work of Dr Than Htun Aung who returned to Myanmar after training as a paediatric ophthalmologist in Australia – he has treated over 20,000 children in the four years since being been back in Yangon.

Our In-country Fellowship Program continues to expand and has been very well received both by the colleagues we have trained in Asia and the Australian and New Zealand consultants who have shared their expertise. Over the past year, our team of eye care professionals (Visionaries) has

delivered over 10,000 hours of voluntary service – a remarkable figure and testament to the goodwill and humanitarian spirit of the Sight For All ethos. The training of paediatric ophthalmologists and the establishment of new paediatric eye units in Cambodia and Lao will make a real dent in childhood blindness in these countries. We are nearing completion of the training of Lao's first glaucoma specialist, who will ensure that this disease is no longer the inevitable blinding condition it had become. Finally, we welcome optometrists to our growing list of Visionaries, and who are now training a colleague in Hanoi to fit contact lenses in babies who have had cataract surgery.

Our Aboriginal Eye Health Initiative saw the completion of an animated video to raise awareness of diabetic retinal disease, the fastest growing cause of vision loss in Aboriginal communities. And we are very proud to be a partner in the My Eye Health program, a far-reaching initiative that has now delivered over 600 eye health presentations to mainstream community groups in metropolitan and regional areas of South Australia.

Sculpture For Sight, our major fundraiser for 2013, was a triumph and testament to the extraordinary talents and hard work of Mena Muecke and her dedicated Events team. Sculpture For Sight, held in the magnificent grounds of St Mark's College in North Adelaide, featured 400 works from nearly 100 sculpture artists and raised money to continue our ongoing efforts in Myanmar. Other highlights on our events calendar included the inaugural Posters For Sight competition and exhibition, and Films For Sight, which showcased a number of videos that have been produced for Sight For All in recent years.

We are very eager to share two of our new videos with you all. Sight and Insight can be viewed on the home page of our website and features the training being conducted by Sight For All in Vietnam. "Please Don't Rush" is a heart-wrenching film that highlights the struggle faced by blind children in poor countries. It has been celebrated at a number of film festivals, including St Kilda and New York.

A very big thank you must go to our corporate and philanthropic sponsors for their generous financial support of Sight For All's work and to the Australian Government for their continued support through AusAID's Australian Awards Fellowship and Direct Aid Programs. Thank you also to our in-kind sponsors and the myriad of donors who keep the Sight For All wheels rolling along. A big thank you must also go to the incredible efforts of our volunteer bookkeeper Lee-Anne Beswick, who sadly finished up in June, and to our volunteer Social Coordinator Faye Hambour, who has done a marvellous job looking after our visiting fellows whilst they are far from home.

Finally, a big big thank you to our hard working staff, and our Board of Directors, our Events and Marketing teams, our administrative helpers Henry Jay and Hellen Riley, our army of volunteers, and our Visionaries who have all contributed their time voluntarily to help achieve our aim of reducing avoidable blindness.

Dr James Muecke AM
Chairman

It was my absolute pleasure to join Sight For All in January 2014 as the organisation's Executive Officer.

As an individual living with low vision since I was 12 years of age I understood the impact that low vision had on my life in Australia, a country with fantastic health care and multiple opportunities. What I did not have was any real comprehension of the impact that low vision and blindness really has on an individual living in a disadvantaged country; what the impact is on them, their family and their community.

Sight for All's work in our eight partner countries is making a huge impact on eliminating avoidable blindness, saving lives and eliminating poverty. To be a part of such inspiring work is an amazing opportunity.

Sight For All's achievements to date both abroad and here in Australia are testimony to its hard working, dedicated and inspiring Board of Directors led by Chairman Dr James Muecke AM. I would like to take this opportunity to thank the Board and in particular James for their commitment, drive and support to make Sight For All and the work that the organisation does so impactful.

You will read in this annual report that our medical volunteers who travel to our partner counties to deliver sub-specialty training have collectively provided over 10,000 voluntary hours over the past year. I have had the pleasure of working with these eye care professionals in planning their trips. Their enthusiasm, genuine desire to share their knowledge and gratitude to participate in the program is infectious. I recently asked our medical volunteers to share a quote about their experience. One of those quotes was from Dr Craig Donaldson:-

"I'm constantly amazed at how much can be achieved when the right people are provided with the right tools and the knowledge to use them. Their palpable gratitude was overwhelming and we were providing the things we take for granted back home. You could see the joy on the doctors faces when they realised that at last they could thoroughly examine and treat their patients. The smiles on the parent's faces when they found out that their child now had a chance to see."

It is not just our medical volunteers from around Australia and New Zealand and Board of Directors who have contributed huge volunteer hours to make Sight For All such a success. Behind the scenes is a team of administration, events and fundraising volunteers whose contribution and tremendous volume of work is absolutely astounding. As an organisation we are extremely fortunate to have such a dedicated group of people, some of whom have donated hundreds of thousands of hours over the years. I thank each one of those volunteers for their commitment and particularly would like to take this opportunity to acknowledge Mena Muecke and Lee-Anne Beswick for their enormous generosity of time.

Our sponsors, supporters, donors and event attendees all participate in the journey to eliminate avoidable blindness with us. Thank you. Without your support, Sight For All's activities here and abroad would not be possible.

Lastly I would like to thank our small, but extremely dedicated staff team. Stephen Nygaard, Cesar Carrillo and Leanne Harms share the organisation's passion for eliminating avoidable blindness, evident in their commitment to the organisation.

Funding of our programs will continue to be a challenge as we move into the 2014/2015 Financial Year. With the support of our sponsors, supporters, donors, volunteers, Board of Directors and staff we will face the challenges ahead as we continue in our quest to achieve our ultimate aim of Sight For All.

Ms Judy Bickmore (BSSC, G.Dip HC, MFIA)
Executive Officer

COLLABORATIVE FIELD RESEARCH

- Adult blindness studies
- Childhood blindness and refractive error studies
- Studies into the genetics of blinding diseases
- Cataract causation and surgical outcome studies
- Studies exploring the impact of educational and eye health awareness initiatives

EDUCATION AND CAPACITY BUILDING

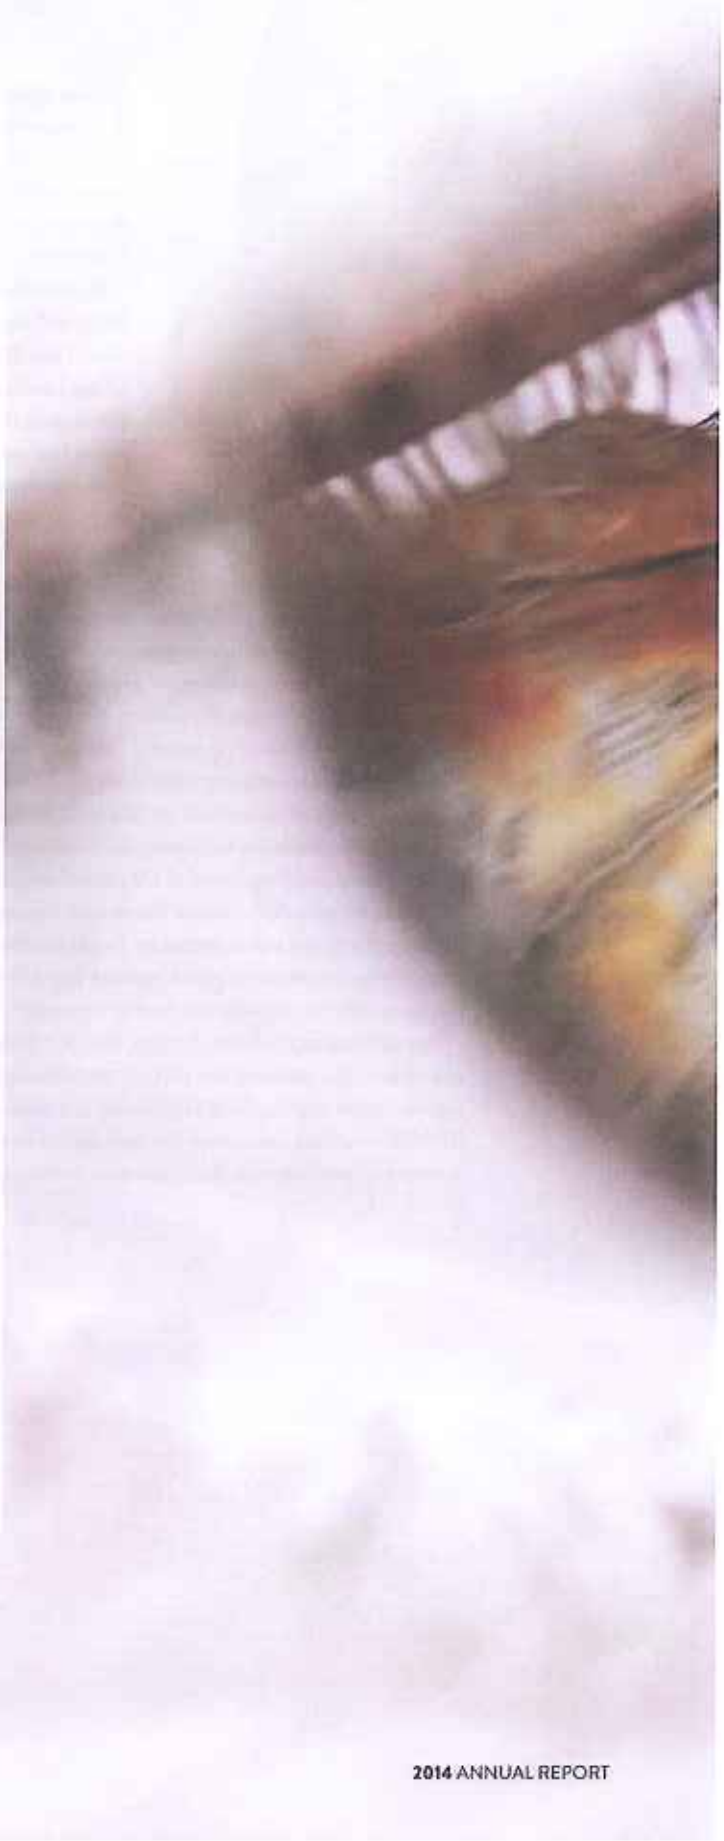
- Workshops and curriculum development for ophthalmologists in-training
- External input into assessment and examinations of ophthalmologists in-training
- Continued education and leadership workshops for graduate ophthalmologists and optometrists
- Hands-on subspecialty fellowships for graduate ophthalmologists and optometrists

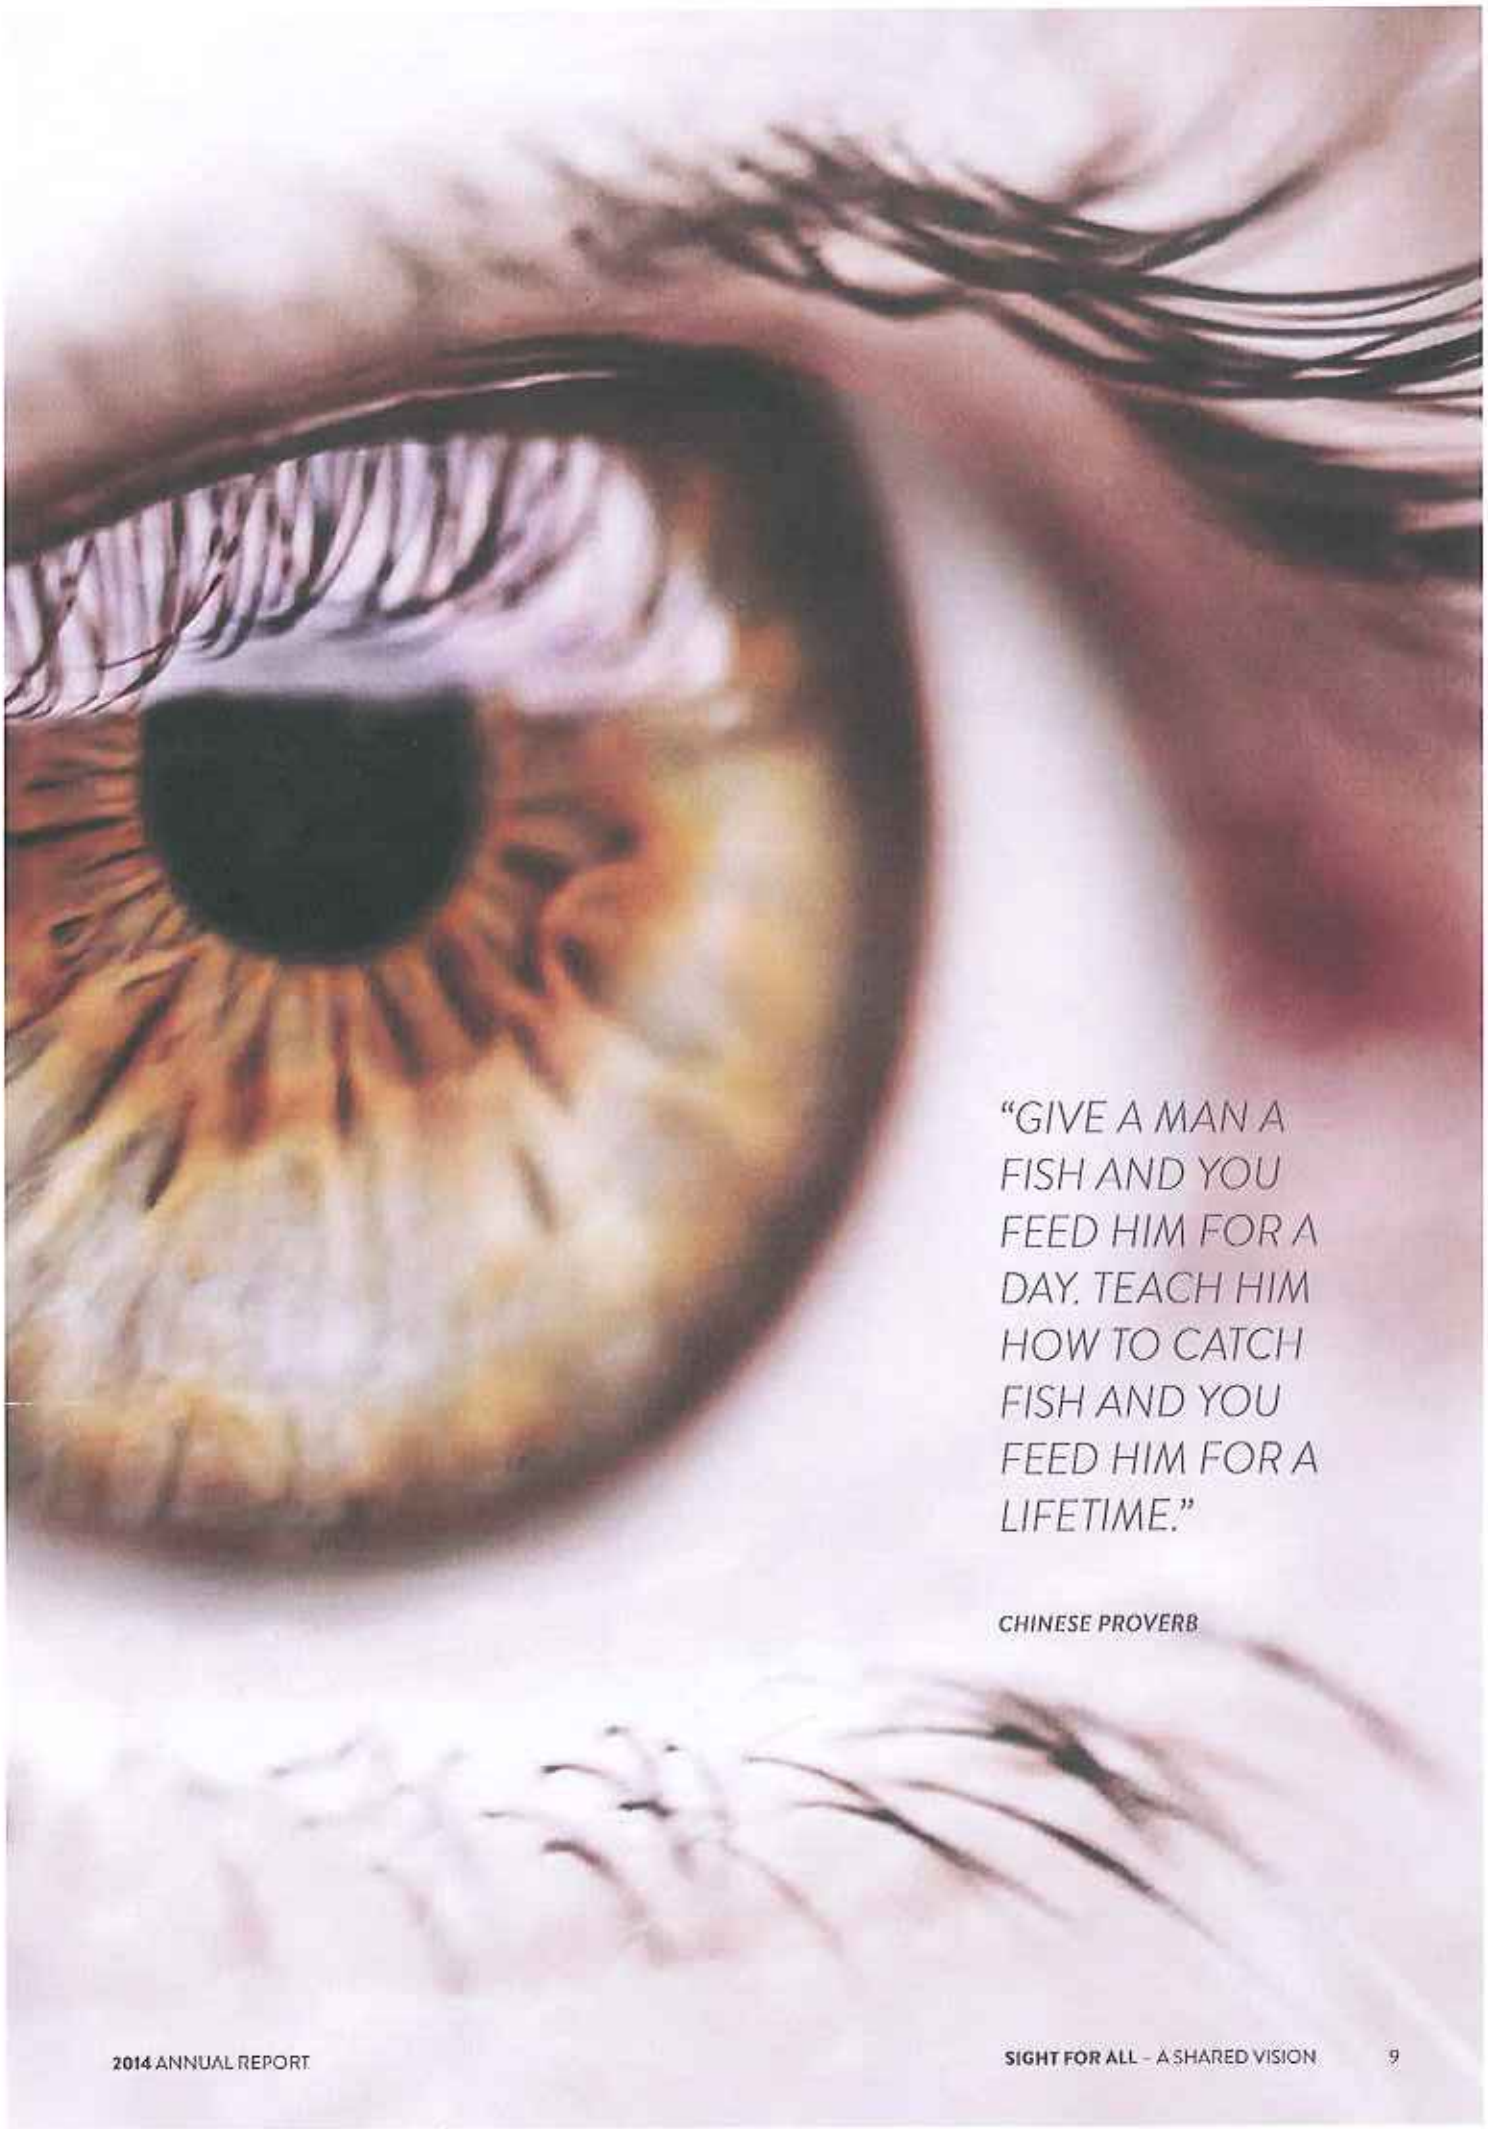
PRIMARY EYE CARE AND EYE HEALTH PROMOTION

- Primary eye care workshops for nurses and health care workers
- Workshops to overcome barriers to cataract surgery
- Public awareness campaigns e.g. cataract, diabetic eye disease
- Childhood vision screening

INFRASTRUCTURE SUPPORT

- Equipment and facility upgrades at primary training institutions and regional eye centres
- Establishment of subspecialty units e.g.: cornea, glaucoma, oculoplastics, paediatric, retina





"GIVE A MAN A FISH AND YOU FEED HIM FOR A DAY. TEACH HIM HOW TO CATCH FISH AND YOU FEED HIM FOR A LIFETIME."

CHINESE PROVERB

GOBI

CHINA
BANGLADESH

At the core of Sight For All's philosophy is an understanding of the importance of vision, coupled with the recognition of the bidirectional benefits of engaging with eye health care partners in neighbouring countries. Very few people would deny that the faculty of sight has an enormous influence on the way in which we perceive and therefore interact with the world. So fundamental is the use of our eyes that, for most, it is given little consideration, until it fails. The World Health Organisation (WHO) estimates that in 2010 there were 285 million people suffering some form of visual impairment, of which over 39 million were deemed to be blind. This is a tragic figure, made all the more difficult to accept when we realise that 80% of all visual impairment is preventable or curable.

Sight For All's evolving programs continue to foster strong ties between the Australian and New Zealand ophthalmic community and colleagues in Bangladesh, Bhutan, Cambodia, Lao PDR, Myanmar, Nepal, Sri Lanka and Vietnam. Through such convivial associations we are able to collectively identify the best way forward in the provision of effective and accessible eye care services in these countries. Driven by the priorities agreed upon by partner organisations, we are able to design and execute specifically tailored projects that will ultimately lead to increased capacity for addressing the 80% living unnecessarily with visual impairment and in turn attenuating the burden that this represents to the local people.

Over the course of the last year, we have mobilised no less than 35 ophthalmology sub-specialists, from Australia and New Zealand, for our In-country Fellowship Program in Asia. These Visionaries have facilitated the upskilling of 3 eye surgeons in the field of paediatric ophthalmology; 3 in oculoplastics; 3 in neuro-ophthalmology; and one more in the surgical management of glaucoma – the third most prevalent cause of visual impairment and one that, if detected in its early stages, is eminently treatable. Added to this, our ophthalmologists and support staff back home in Adelaide and Brisbane have given hands on training to surgeons from Myanmar (2), Nepal (1) and Sri Lanka (1) as our Visiting Fellowship Program continued throughout the year.

To complement these central Fellowship Programs, Sight For All continues to supply much needed equipment and surgical instruments to provide the necessary infrastructure for the trained Fellows to continue their work in their home countries and use to teach their colleagues. This ripple effect is a central tenet of Sight For All's program design philosophy.

General ophthalmic education sessions have been held in partner countries at the request of local institute heads, to instil a culture of "gold-standard" medical practice in line with the latest WHO guidelines and guided by the wealth of experience we are privileged to be able to offer. It has been a pleasure to read the reports from the field that illustrate the positive culture of both giving and receiving knowledge for the benefit of so many.

With access to a growing number of specialist eye surgeons, optometrists, orthoptists, research staff supported by Sight For All staff and volunteers, these programs are extending the range of services available for those requiring both specialised and general eye care in our neighbouring countries, the measured impact of which forms our evidence base. This evidence is used to inform our decision making processes for the future and guide our program delivery methods and partner engagement, ensuring our donors' financial support generates maximum returns for our partner countries' populations.

We now look forward to another successful year of programs, both continuing and new, in cooperation with our partners overseas.

Stephen Nygaard
Program Manager

PLANS FOR AN IMPORTANT NATIONAL BLINDNESS STUDY IN LAO IN LATE 2014 ARE CONTINUING.

Sight For All's key research study was the Lao PDR Childhood Blindness and Genetics Study, held in Vientiane in July 2013. Thanks to the hard working team from National Ophthalmology Centre in Vientiane and the voluntary team from Sight For All.Half of all children assessed had blindness that could have been prevented or treated. The results of this important study are guiding the management of childhood blindness in Lao and reinforce the importance of establishing the first Paediatric Eye Unit in the country.

Sight For All is chasing vital data on cataract surgery outcomes in Lao and Myanmar and is collaborating with Fred Hollows Foundation and the Burnet Institute on a Healthy Ageing Study in Sri Lanka.

Plans for an important National Blindness Study in Lao in late 2014 are continuing. The results will guide blindness prevention programs in this country for years to come.

Dr Khine Su and Dr Garry Davis

Visiting fellowships have been a key activity of Sight For All since the organisation's inception. They involve an ophthalmologist from one of Sight For All's partner countries training in Australia for a period of up to one year. The fellows treat real patients, perform surgery and learn from the depth of knowledge shared with them by their principal supervisors and mentors.

Dr Khine Su from Myanmar completed her 12-months hands-on ophthalmic plastic surgery fellowship at Royal Adelaide Hospital and Adelaide Women's and Children's Hospital in May 2014 (*above left*). She has now returned to establish and head the new Oculoplastics Unit at Yangon Eye Hospital (equipped by Sight For All).

Dr May Ko Ko Thet, also from Myanmar commenced her fellowship in May 2014. Dr Thet is training in the sub-specialty area of glaucoma, learning from specialists at the Royal Adelaide Hospital and Flinders Medical Centre. Dr Thet will return to the Yangon Eye a Hospital in February 2014.Thank you to AusAID's ALAF program that is funding this fellowship.

Dr Tavisha Udupihille from Sri Lanka completed his 12-months hands-on paediatric ophthalmology fellowship at Adelaide Women's and Children's Hospital in January 2014. He returned to establish and head the Paediatric Ophthalmology Unit at Sirimavo Bandaranaike Children's Hospital in Kandy (equipped by Sight For All in 2010).

Dr Jyoti Shreshta from BP Koirala Eye Institute in Kathmandu commenced a 3-month retinoblastoma fellowship with Dr Santosh Honavar at Centre For Sight, Hyderabad, India in May 2014. This fellowship was facilitated by Sight For All and funded by The Eye Cancer Foundation.

Visiting Fellows receive support, guidance, teaching and mentoring from their Principal Supervisor and the team of doctors and allied professionals who they work with. Sight For All would like to thank the ophthalmologists (and other staff) for generously sharing their time and knowledge.

Sight For All continues to expand its unique in-country fellowship (ICF) program in countries where ophthalmologists have difficulty passing the IELTS English test in order to be registered to train and work as ophthalmologists in Australia.

The in-country training means that the fellows will be taught in their own environment, with an appropriate spectrum of patients with relevant local issues, and utilising equipment that they will continue to use after completion of the project.

A big thank you must go to the volunteer team of Australian and New Zealand ophthalmologists who donate their expertise and are the backbone of our in-country educational program.

Cambodia

Sight For All commenced a two-year paediatric ophthalmology ICF for Drs Kheng and Soleaphy at the Khmer Soviet Friendship Hospital (KSFH) in Phnom Penh, Cambodia. The training component is funded by a XOVA Award from Novartis.

A new Paediatric Ophthalmology Unit was established at KSFH in May 2014 *(above left)*. The donation of diagnostic equipment and surgical instruments by Sight For All has allowed a significant improvement in the ability of our team to train the fellows and will also allow improved management of children's eye diseases between training visits and after completion of the program.

Myanmar

Dr John Glastonbury held a resident training workshop at Yangon Eye Hospital (YEH) in January 2013, to prepare trainee ophthalmologists for their final examinations. A/Prof Henry Newland conducted further training for vitreo-retinal surgery at Mandalay Eye Hospital (MEH) in May 2014 *(above right)*.

Lao

The paediatric ophthalmology team continued its two-year in-country paediatric ophthalmology ICF for Dr Sonchai at National Ophthalmology Centre (NOC) in Vientiane *(above left)*. When finished, Dr Sonchai will be the first paediatric ophthalmologist in Lao. The training component is funded by a XOVA Award from Novartis.

A new Paediatric Ophthalmology Unit was established at NOC in May 2014, the first in Lao. The donation of diagnostic equipment and surgical instruments by Sight For All has allowed a significant improvement in the ability of our team to train Dr Sonchai and will also allow improved management of children's eye diseases between training visits and after completion of the program.

Dr Shane Durkin held a training workshop for retinal laser therapy at NOC in January 2014 to allow improved treatment of diseases of the retina, in particular diabetic retinopathy. Sight For all donated a new Solitaire laser to the Luang Prabang Eye Centre in July 2013 to allow treatment of diseases of the retina in Northern Lao.

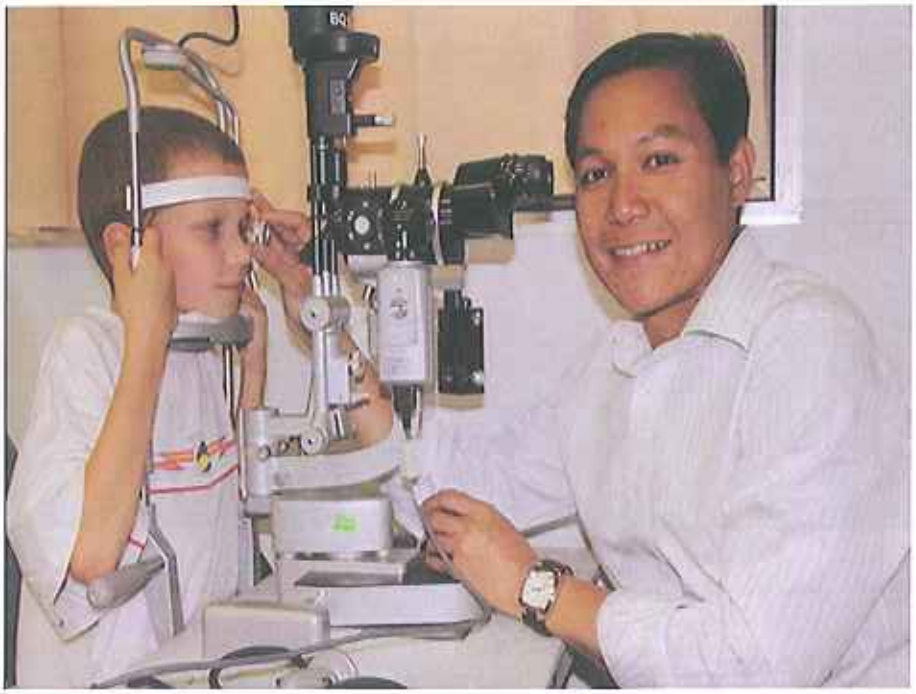
Sight For All commenced a 12-month glaucoma ICF for Dr Khamphoua at NOC in Vientiane. When finished, Dr Khamphoua will be the first glaucoma specialist in Lao. Sight For All donated a new cautery unit to NOC to enhance the training program.

Vietnam

Sight For All completed a 12-month ophthalmic plastic surgery ICF for three fellows at the Vietnam National Institute of Ophthalmology (VNIO) in Hanoi in December 2013. One of the fellows travelled up to Hanoi from Central Vietnam for each training visit.

Sight For All commenced a 12-month neuro-ophthalmology ICF for three fellows at VNIO in January 2014(including a fellow from Central Vietnam) and a contact lens training program for the VNIO's optometrist in February 2014, in particular for fitting infants who are aphakic following cataract surgery *(above right)*.

Thank you to Santos Australia for their generous financial support of all our educational initiatives in Vietnam.



In 2009 I spent 12 months at the Women's and Children's Hospital in Adelaide conducting a Paediatric Ophthalmology Fellowship with the support of Sight For All. What an amazing experience I had in learning from the Australian doctors and experiencing the work that they do in Australia.

When my 12-month fellowship was finished, I travelled back to my home in Yangon, Myanmar where I was the first children's eye doctor in my home country with a population of 60 million people. With the help of Sight For All, we established the country's first Paediatric Eye Unit at the Yangon Eye Hospital and I began seeing patients.

In my first year after my fellowship I saw 2856 children in the clinic. I have now seen over 10,000 children and there has been a twelve-fold increase in the number of children's eye surgeries we have performed at the Yangon Hospital.

I have been very busy seeing patients since my return to Yangon from Adelaide, and I am excited that I have now taken on the role of teacher. Dr Tin Mg Thant from Mandalay in Myanmar is spending the next year with me in Yangon while he undertakes his 12-month Paediatric Ophthalmology Fellowship. When Dr Thant's fellowship is finished, he will be the second Paediatric Ophthalmologist in Myanmar.

The support of Sight For All has made this opportunity possible. Because of Sight For All, the children of Myanmar now have a greater opportunity to receive treatment early and we can avoid these children living a life of blindness and poverty.

Thank you.

Dr Than Htun Aung
Yangon Eye Hospital, Myanmar

Sight For All completed its animated video "Sid's Bad Sugar" *(above)*. This video has been designed to raise awareness of the blinding complications of diabetes, the fastest growing cause of vision loss amongst Aboriginal people. It is being shown to patients in regional and remote communities throughout South Australia. Thanks to Eddie White and Rubber House who created the video, to Dr Tim Greenwell for his input, and for the support of Mary Buckskin, Desley Culpin, Darrien Bromley and the Aboriginal Health Council of South Australia.

For more information and to view all of the videos created for Aboriginal eye health, please visit our website at http://sightforall.org/indigenous-eye-health.

Thank you to OZ Minerals for their generous financial support of this important initiative.

Sight For All, in conjunction with the Royal Australian and New Zealand College of Ophthalmologists (RANZCO) SA, has joined forces with the Royal Society for the Blind and the Freemason's Foundation to raise awareness in the wider Australian communities of blinding yet avoidable eye diseases and services available for the vision impaired.

To date, the team from the My Eye Health Program has delivered 612 presentations to school children, residents of aged care facilities, allied health professional and community groups, reaching 14,164 people. Big congratulations and thank you must go to Pam Johnson, Di Swanson and the team at the Royal Society for the Blind for their hard work and great results.

Thanks also to the My Eye Health Program Steering Committee for their ongoing commitment. For more information, please visit our website at http://sightforall.org/my-eye-health-program.

VOLUNTEERS
MEDICAL VOLUNTEERS

Sight For All's team comprises over 100 ophthalmologists, optometrists, orthoptists, ophthalmic nurses and scientists from all over Australia and New Zealand. Sight For All's team volunteers more than 10,000 medical hours alone in any given year.

"The trip was inspirational and was a reminder to me of why I studied medicine. As doctors we are at the frontline and can make significant changes for the better in people's lives. The work that Sight for All has done in Laos and other parts of Asia is truly making a fundamental impact on building the exper-tise required by the doctors in these regions to ensure sustainable delivery of the highest possible standard of ophthalmic care for the future"

Dr Graham Lee, Queensland

Sight For All conducted a sample survey of medical volunteers in May 2014.

Results included:

When asked why individual's volunteer for Sight For All, responses included:

- "There was a need", "Thought I could contribute", "I was invited" and "A chance to share experience with others and improve paediatric ophthalmology in a country very much in need of those skills".

When asked how likely individuals are to continue volunteering with Sight For All, responses included:

- "Very likely", "Definitely" and "Already signed up next year".

When asked how satisfied medical volunteers are with Sight For All,

- 66.7% are "Greatly satisfied" and 22.67% are "Satisfied".

VOLUNTEERS
NON-MEDICAL VOLUNTEERS

Non-medical volunteers play a vital role in supporting Sight For All. Whether it is valued membership of a committee, or time spent in the office, non-medical volunteers make a significant contribution. Over the past 12 months, Sight For All's non-medical volunteers have undertaken activities including:

- Coordinating major events
- Designing and maintaining the Sight For All website
- IT support
- Office assistance
- Finance and accounts management
- Design of promotional material

Sight For All conducted a sample survey of non-medical volunteers in May 2014.

Results included:

When asked why individuals volunteer with Sight For All, responses included:

- "To contribute to a worthy cause", "Admire the amazing work achieved and honored to help when asked".

Volunteers reported that they find the work they undertake for Sight For All to be:

- "Very meaningful" and that they are "Highly likely" to continue volunteering in the future.

When asked how satisfied non-medical volunteers are with Sight For All:

- 77.78% are "Greatly satisfied" and 22.22% are "Satisfied".

Volunteer Hellen Riley with Board Director Michael Fotheringham

Volunteers David Richards and Richard Wallace with staff Stephen Nygaard and Cesar Carrillo.

Events play a significant role in supporting Sight For All activities, both from a fundraising and awareness raising perspective.

Three events were held throughout the 2013/2014 Financial Year including Posters For Sight, Sculpture For Sight and Films For Sight. Planning successful events takes hard work, organisation and attention to detail. The three events held in 2013/2014 were coordinated by a team of volunteers, led by Mena Muecke.

SCULPTURE FOR SIGHT

Sculpture is an art form that can be touched and experienced, regardless of one's sight. Sculpture For Sight, held on Friday 13 December 2013 was a great way for people to enjoy art, catch up with friends, family, clients and staff whilst assisting Sight For All in fighting avoidable blindness.

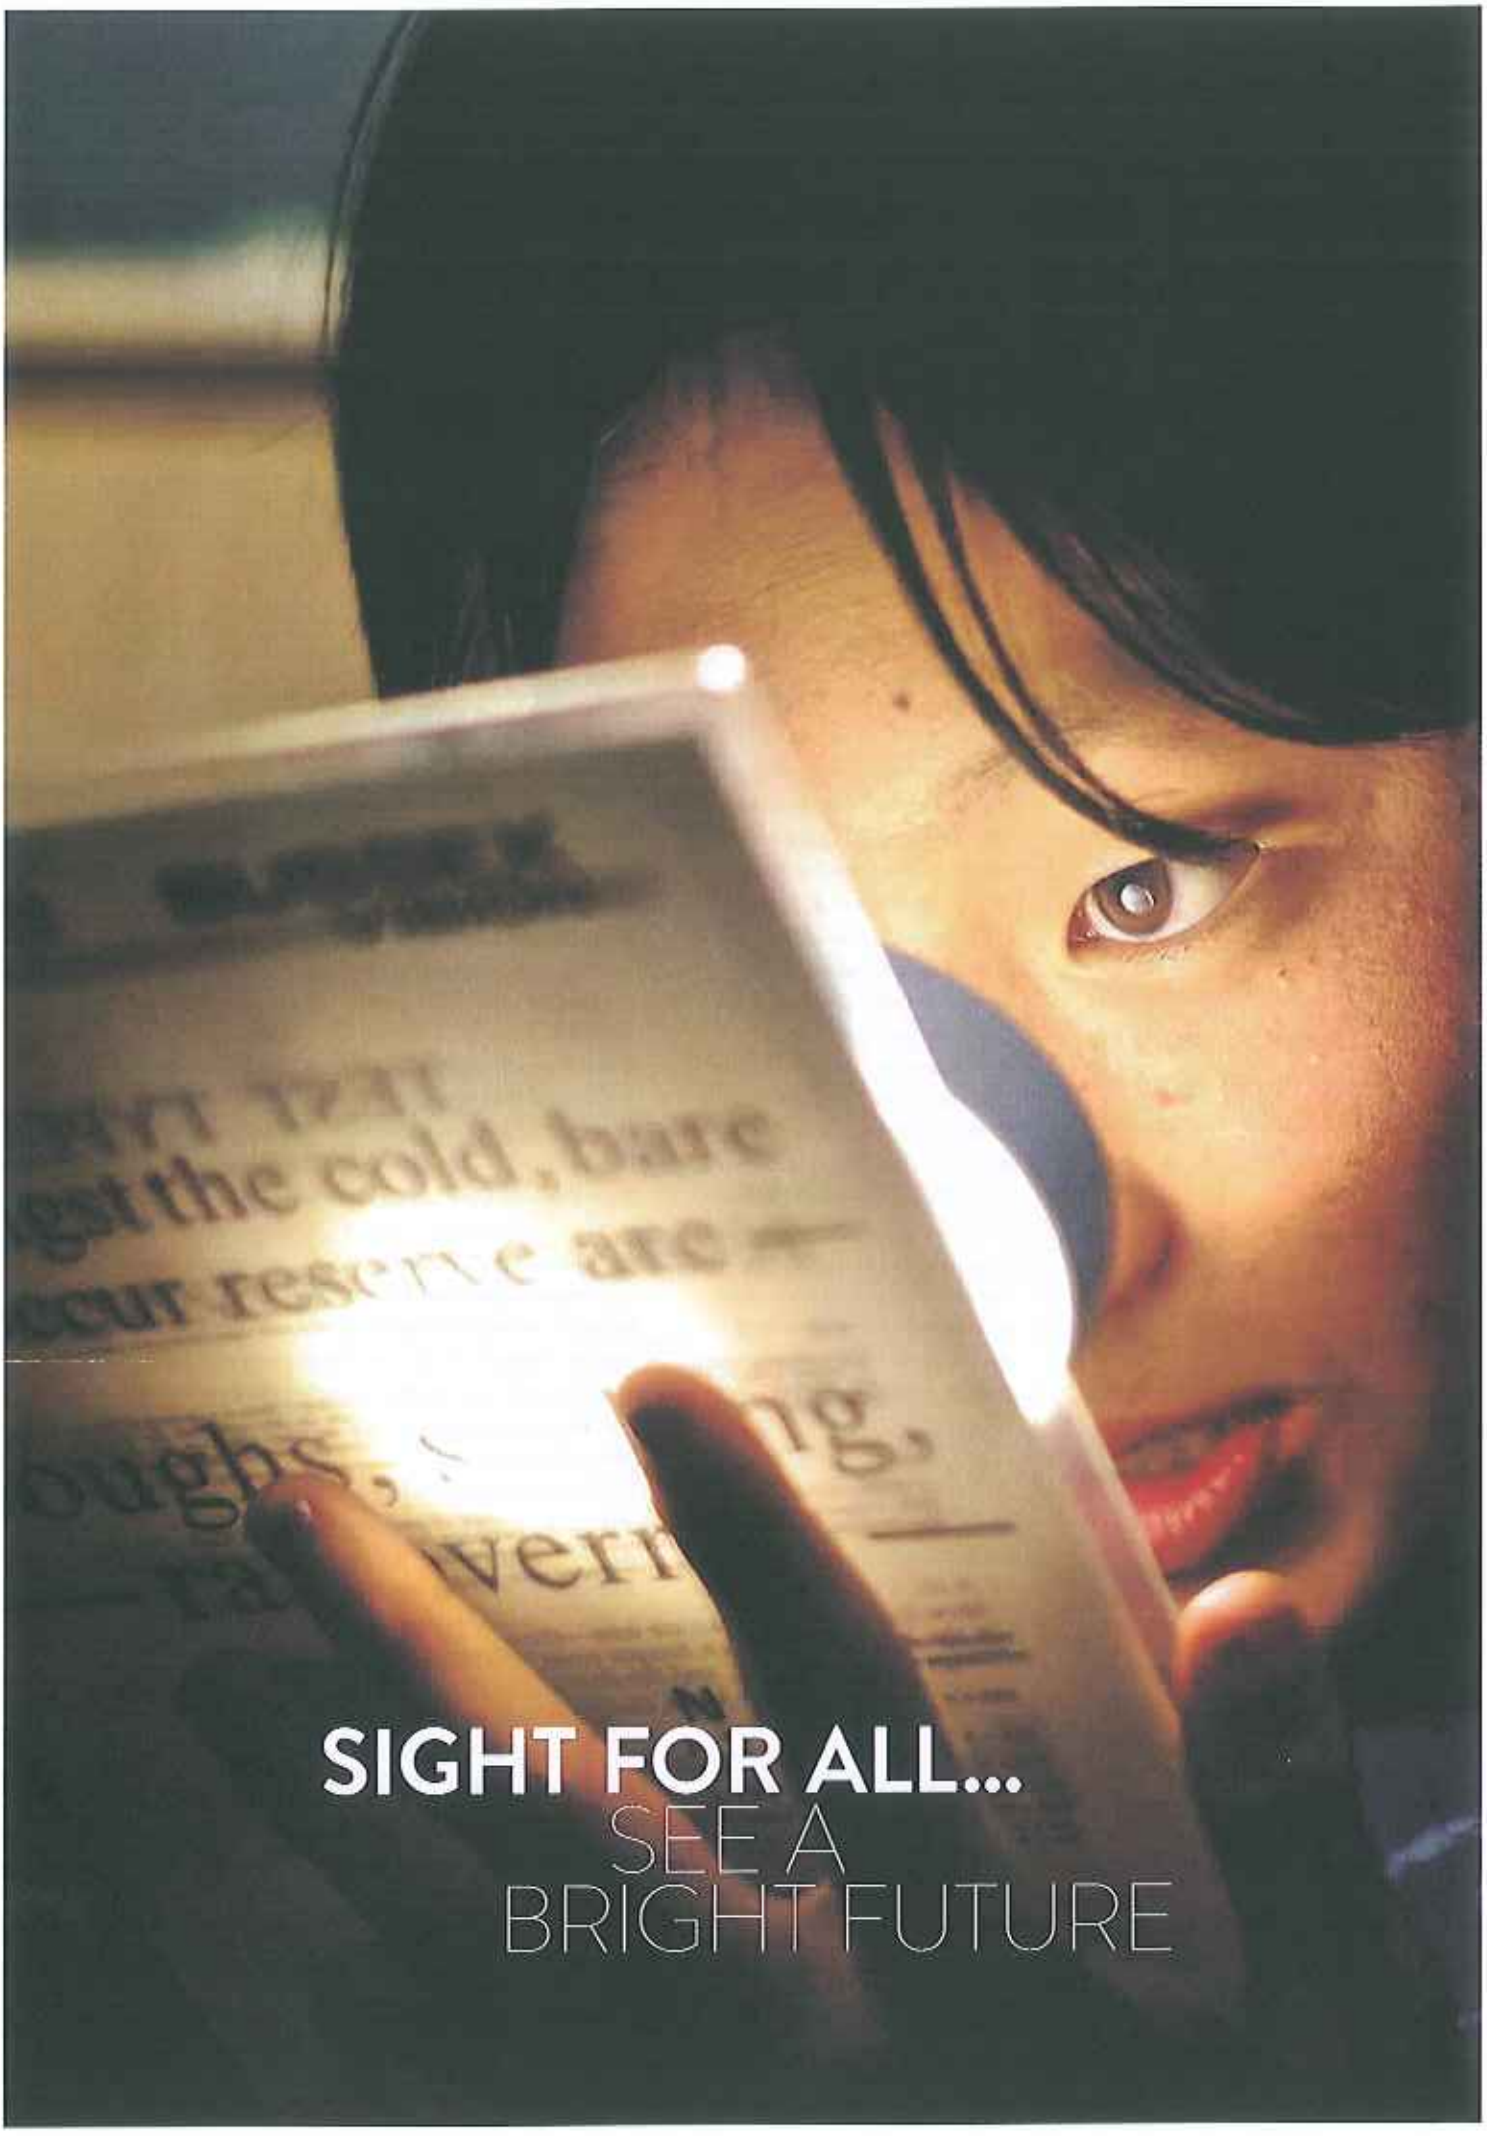
Sculpture pieces were exhibited within the gardens of St Mark's College by both established and emerging artists locally and interstate. Sculptures of diverse appeal suitable for public spaces, the garden or inside the office or home were curated for the event.

Sculpture For Sight 2013 raised funds to continue Sight For All's education and infrastructure initiatives to help reduce the enormous burden of blindness in Myanmar.

Sight For All is grateful for the support of event sponsors: Inservio Therapeutic Management Pty.Ltd., Sarah Constructions, Terry White Chemists, BIG Property Investments, Scan Optics, The Memorial Hospital, The Westpac Group, plus prize sponsors and the many in-kind sponsors*. With this generous support and the hard work of the dedicated Events Committee, Sculpture For Sight 2013 was a resounding success.

Sight For All acknowledges the support of the talented and dedicated Events Committee:
Mena Muecke, Chairperson
Lee-Anne Beswick
Angela Bonnin
Melissa Emmett
Abbie Hall
Felicity Keeves
Jane McMahon
Joanne Rosa
Dawn Taylor
Sam Taylor
Susie Taylor

Our sincere thanks to David Richards from Elixr Design for his phenomenal graphic design assistance for this event.



SIGHT FOR ALL...
SEE A
BRIGHT FUTURE

SIGHT FOR ALL
A SHARED VISION

Sight For All is governed by a Board of Directors that serves in an honorary capacity and receives no financial benefit. All Directors make an annual declaration of financial interest.

Dr James Muecke AM
Chairman

James is an eye surgeon based at the South Australian Institute of Ophthalmology. He graduated with Honours from Adelaide University Medical School in 1988. Following specialty training in Adelaide, James undertook fellowship training in ophthalmic plastic surgery and then ophthalmic oncology in England. He returned to Adelaide in 1998 where he has been a visiting consultant and senior lecturer at the Royal Adelaide Hospital and Women's and Children's Hospital. He has a special interest in blindness prevention and ophthalmic research and education in the developing world and has worked in Bangladesh, Bhutan, Cambodia, Indonesia, Laos, Myanmar, Nepal, Sri Lanka and Vietnam. James was a co-founder and the Director of the successful Vision Myanmar Program and past Chairman of the South Australian Branch of the Royal Australian and NZ College of Ophthalmology. He received an "Outstanding service to the prevention of blindness" award by the Asia-Pacific Academy of Ophthalmology in 2011. He was awarded a Member of the Order of Australia in June 2012 and received a South Australian Community Achievement Award in November 2012.

Susi Tegen
Vice Chairperson

Susi graduated with a BA from Adelaide University in 1985, a Dip Edn. from the University of New England in 1986, an International Executive MBA from the Melbourne Business School in 2006, and is a Fellow of the Australian Institute of Company Directors. She has worked and built national and international relationships through the roles she has held as Chief Executive of the Royal Australian and New Zealand College of Ophthalmologists, Chief Executive of the Limestone Coast Division of General Practice, Director of Health First (SA), Director of the Australian Rural Leadership Foundation (ACT) , Managing Director of Fresh Rare Enticing Eyre Ltd (SA) and as part of the Leadership faculty of the Asia-Pacific Academy of Ophthalmology Leadership Program. She has been the Deputy Chairman for FarmBis SA, Farmsafe SA and a member of the Services committee for the SA Farmer's Federation which deals with federal and state policies, medical, health, utilities, local government, business and education in rural and remote communities.

Susi has a special interest in and passion for international development and rural and remote services in particular in the area of health, medical education and workforce development by working with the people on the ground, governments, policy makers and companies. She was awarded the SA Rural Woman of the Year in 2009, the Telstra Business Woman Nokia Business Innovation award in 2009, SA Great Award 2008 in Agribusiness, SA Great Award 2006 in Rural Health and Medicine, and an Australian Rural Leadership Fellowship.

Phil Jaquillard
Treasurer

Phil Jaquillard is a partner of Jaquillard Minns Chartered Accountants and a Director of SuperGuardian Pty Ltd. He holds a B Ec from Flinders University and a Post Grad Diploma in Accounting. Phil consults to business on a wide range of matters including taxation, business structures, information technology, wealth management and offshore business. He is actively involved in charitable projects, including in his capacity as Treasurer for the Mary Potter Foundation in Adelaide, and as a volunteer and advisor to Black Pencil Project in the Philippines, which provides classroom materials for primary schools in remote locations throughout the Philippines.

Gavin O'Callaghan
Board Director

Gavin completed his undergraduate degree at the University of Melbourne in the early 1990's. He holds a Master's degree in Optometry, is a Fellow of the Cornea & Contact Lens Society, and a Fellow of the American Academy of Optometry. He is a consultant Optometrist in the Contact Lens Clinic at the Royal Adelaide Hospital and is a Partner in a busy private optometry practice. In addition to his Optometry qualifications, he is a graduate of the Australian Institute of Company Directors. He has been on the SA Board of Optometry South Australia for a number of years and has been a Director of the National Board of Optometry Australia since 2007. He is involved in teaching to the Optometric, Medical, Nursing and Pharmacy professions at both undergarduate and professional level, and has a passion for improved public health outcomes in the field of vision and eye care.

Professor Bob Casson
Board Director

Bob is an ophthalmic surgeon-scientist with particular interest in glaucoma and ophthalmic epidemiology in the developing world. He graduated with Honours from Adelaide Medical School in 1992 and undertook specialty training in South Australia. He completed sub-specialty training in glaucoma at Oxford University in 2004. He served as a chief investigator on the Meiktila and Kandy Eye Surveys, and has over 100 peer-reviewed publications. He is proud to be a founding Director of Sight For All, where he has the role of chief scientific adviser, with a particular focus on the interface between ophthalmic science and the elimination of preventable blindness in the developing world.

Michael Fotheringham
Board Director

Michael is a partner at Winter Hilditch Fotheringham Lawyers. He has a Master of Laws majoring in Insurance Law and a Masters of Business Administration. He specialises in professional indemnity, directors and officers, casualty, public liability, product liability, insurance, special risk and business interruption claims. Michael regularly contributes articles to various journals including the Insurance Law Journal.

Melissa Emmett
Board Director

Melissa is the principal consultant for Emmett Marketing. She has a business degree majoring in marketing from the University of South Australia. For over 20 years her career in marketing and brand management included working with brands such as Snappy Tom, SAFCOL, Balfours, Fauldings, and SAFE. More recently as a consultant she has worked with Bedford, Australian Private Network, Brock Partners, Young and Rubicam selected clients, George Weston Foods and Optimistic Kids. Her expertise is in strategic planning and marketing advice.

Executive Officer
Judy Bickmore

Judy Bickmore joined Sight For All in January 2014 as the organisation's first Executive Officer. Judy's career has included working in the not-for-profit sector for approximately 14 years with roles including Special Event Officer for the Muscular Dystrophy Association of SA and Project Management Officer for the Mater Foundation. Prior to this, Judy was the Promotions Manager for the Adelaide Produce Markets, a role that included recipe development & photography, creation of various programs to increase fruit and vegetable consumption and the presentation of regular radio and television segments. Prior to joining Sight For All, Judy held the position of General Manager – Operations for a large disability service organisation with responsibility for operations across metropolitan Adelaide, regional South Australia and for a period of time in the Northern Territory. Judy brings experience in working with Boards, strategic planning and communications. Judy has a Bachelor of Social Science, Human Services Social Health Studies and a Graduate Diploma of Social Science, Health Counselling from the University of South Australia.

Program Manager
Stephen Nygaard

Stephen Nygaard completed his science degree, with honours in pathology, at the University of Adelaide in 2002. Since then he has worked as a supervising medical scientist in the Department of Surgical Pathology for SA Pathology in Adelaide which included assisting in the co-ordination of numerous research projects and clinical trials. He has also undertaken further studies in surgical pathology at the University of SA. Stephen is currently Head of Unit of the Royal Adelaide Hospital Mortuary and South Australian Tissue Bank, yet retains a supervisory role in the diagnostic laboratory setting. He is undertaking a PhD in ophthalmology at the University of Adelaide and Masters of Public Health and Clinical Epidemiology at the University of Newcastle, with a view to increased involvement in promoting the health and wellbeing of people both locally and in our developing neighbour countries.

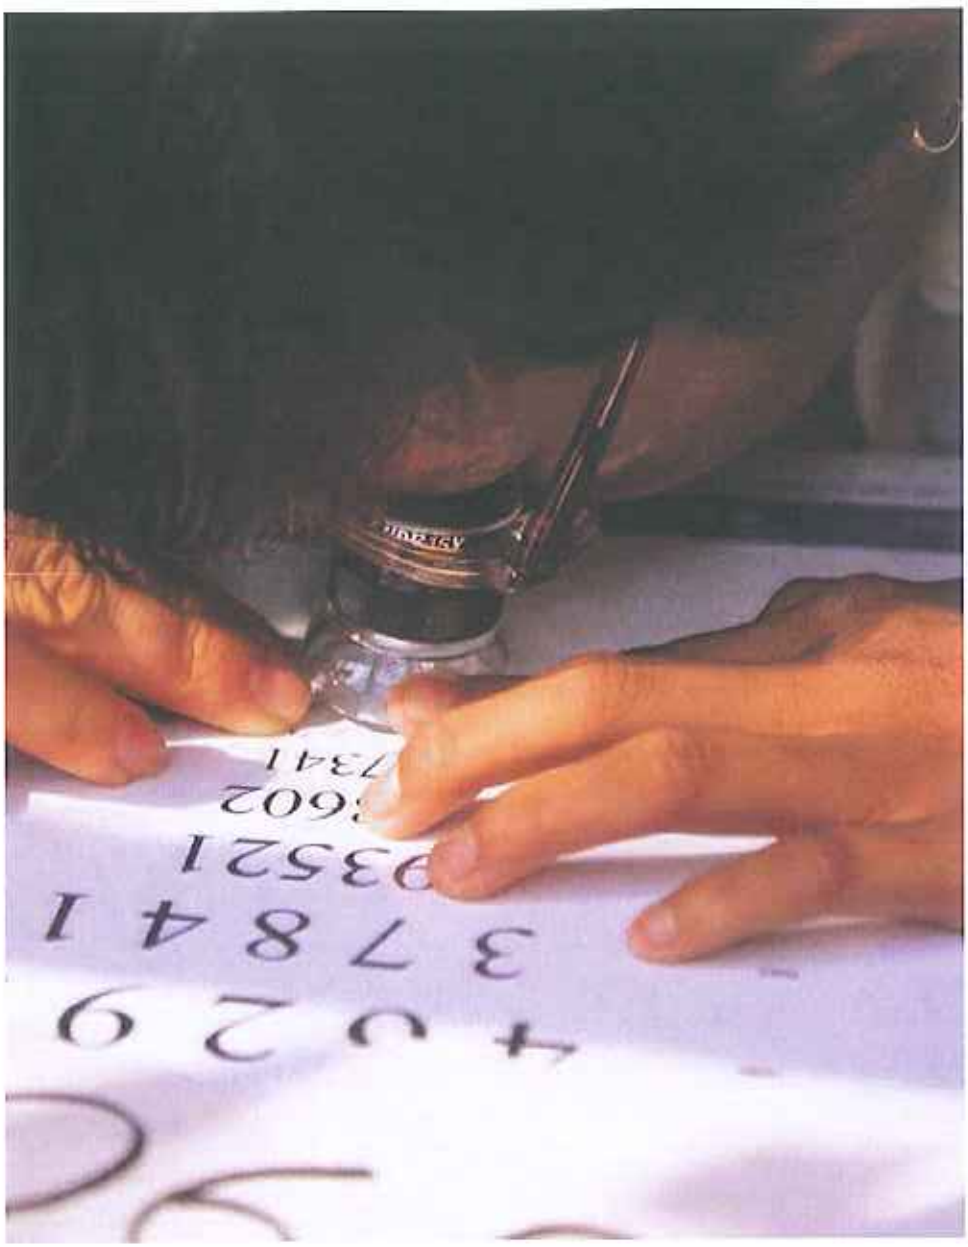
Public Health Fellow
Dr Cesar Carrillo

Cesar is an ophthalmologist from overseas living in Adelaide since 2010. He graduated from Colombian School of Medicine in 1996 and completed speciality training at Simon Bolivar Hospital, Bogota in 2005. After working as a comprehensive ophthalmology consultant in different public and private hospitals in Bogota, he moved to Adelaide to undertake a Masters of Health and International Development at Flinders University (2011 – 2013). During the Masters he focused his studies on Australian Aboriginal eye health and Public Health Ophthalmology in developing countries. At the same time, he worked at the Department of Optometry and Vision Science at Flinders University as a lecturer and tutor. Cesar has special interests in ophthalmology education, international development, Aboriginal eye health, and research, development and following of ophthalmic public health programs that can change and improve the living standards of people. He joined Sight For All in March 2014, as the organisation's first Ophthalmic Public Health Fellow.

Finance Office Coordinator
Leanne Harms

Leanne joined the Sight For All team in June 2014 as the Finance/ Office Co-ordinator after working for 8 years exclusively in the not-for-profit sector as a senior bookkeeper with an Accounting firm positioned as a key provider of accounting services to NFPs. Leanne is a qualified Accountant who has worked in the financial services industry for over 30 years in roles over a variety of companies in both small business and the corporate sector. She brings both an eye for detail and a compassionate attitude to our organisation and is keen to work towards the goals and objectives we have developed. Leanne is a lateral thinker with both a strategic and practical outlook to her work. Leanne is an associate member of the Institute of Public Accountants, a Member in Practice of the Institute of Certified Bookkeepers and an active Committee Member of the Coeliac Society of SA & NT.

A young girl learning to use a low vision aid in Myanmar



Research Co-ordinator
Professor Bob Casson

Professor Bob Casson is the Head of the Discipline of Ophthalmology and Visual Science at Adelaide University. He is an ophthalmic clinician/scientist with special interests in glaucoma, neuroprotection, ophthalmic epidemiology and evidence-based program delivery in the developing world. Professor Casson has directed research with Sight for All since 2009.

SIGHT FOR ALL MARKETING COMMITTEE

Mena Muecke
Stephen Nygaard
Eleanor Rogers
Stuart Symons

Genetics Coordinator
Associate Professor
Jamie Craig

Associate Professor Jamie Craig is based at Flinders University in South Australia where he coordinates glaucoma services. With a PhD in complex genetic trait analysis, his major current research interests are in genetic susceptibility to glaucoma blindness, pseudoexfoliation syndrome, diabetic retinopathy and cataract. As an NHMRC Practitioner Fellow he divides his time between clinical care of glaucoma patients and running a research laboratory. He established the Australian and New Zealand Registry of Advanced Glaucoma in 2007, which has recruited a repository of over 1300 cases of glaucoma blindness, and 1100 secondary glaucoma cases. His laboratory conducts Genome Wide Association Studies and gene discovery projects in monogenic traits.

Research Scientist
Stephen Nygaard

Stephen Nygaard completed his science degree, with honours in pathology, at the University of Adelaide in 2002. Stephen has been a member of the Research Team since 2012.

Public Health Fellow
Dr Cesar Carrillo

Cesar is an ophthalmologist from overseas living in Adelaide since 2010. He graduated from Colombian School of Medicine in 1996 and completed speciality training at Simon Bolivar Hospital, Bogota in 2005. Cesar has been a member of the Research Team since March 2014.

DIRECTORS' REPORT
FOR THE FINANCIAL YEAR ENDED 30 JUNE 2014

The Directors of Sight For All Limited (SFA) present their report, together with the financial statements, for the company for the financial year ended 30 June 2014.

Directors

The following persons were directors of the company during the whole of the financial year and up to the date of this report, unless otherwise stated:

Dr James Muecke AM	*Chair*	
Susi Tegen	*Vice Chair*	
Phil Jaquillard	*Treasurer*	*appointed 30/10/2013*
Dr Gavin O'Callaghan	*Secretary*	
Michael Fotheringham		
Melissa Emmett		
Assoc Professor Henry Newland		*resigned 24/5/2014*
Professor Bob Casson		
Bruce Craddock		*resigned 30/10/2013*
Michael Hammerton		*resigned 30/10/2013*

Principal Activity

The principal activity of the company for the financial year was to eliminate avoidable blindness in collaboration with partner communities.

Short & Long Term Objectives

Our short and long term objectives are directed to funding and delivering programs that have a tangible impact in our partner countries and Australian communities. This includes:

Collaborative Research

- Adult blindness studies
- Childhood blindness and refractive error studies
- Studies to investigate the genetics of blinding disease
- Studies to explore the outcome of eye surgeries
- Studies to determine the impact of health awareness

Infrastructure Support

- Equipment and facility upgrades at training and regional eye centres
- Establishment of sub-specialty units

Sustainable Education

- Workshops and curriculum development for ophthalmologists
- Continued education, leadership and train the trainer workshops for graduate ophthalmologists
- Extended hands-on sub-specialty fellowships both in Australia and in partner countries (reverse fellowships)
- Workshops to train optometrists in the fitting of contact lenses

Eye Health Awareness

- Cataract and diabetic eye disease awareness campaigns
- Vision screening to identify refractive errors and blinding diseases in school children

In the longer term our strategic priorities are:

- To determine the magnitude and causes of blindness in partner communities in order to prioritise eye health projects
- To ensure eye care professionals have the necessary knowledge, skills and equipment and their communities have the necessary awareness, so that sustainable solutions to blindness can be addressed

Strategy for achieving the objectives

- Eye care professionals lead the organisation and coordinate all projects
- Sight For All responds directly to requests from partner countries and communities in need, ensuring that the issues at hand are addressed efficiently
- Deliver duty of care programs for our stakeholders that ensure strong engagement and positive outcomes for our employees, volunteers, fellows and partners
- Strengthen relationships to ensure Sight For All continues to have a significant impact in the delivery of eye care programs in Australia and partner countries
- Improve governance and operational processes
- Create a business model that allows Sight For All to be sustainable in the long term

Principal activities

During the financial year the principal activities of the organisation consisted of:

- Equipping and opening of new paediatric ophthalmology units in Cambodia and Lao
- Continuation of in-country fellowship training programs in Cambodia, Lao and Vietnam
- Commencement of the first contact lens training program in Vietnam
- Fellowships in Australia for a paediatric ophthalmologist from Sri Lanka and ophthalmic plastic surgeon from Myanmar
- Conducting a childhood blindness study in Lao
- Production of an Aboriginal Eye Health awareness video to raise awareness of diabetic eye disease
- Hosting Posters For Sight poster competition and exhibition in October 2013
- Hosting Sculptures for Sight in December 2013 which raised over $100,000 for projects in Myanmar
- Hosting Films For Sight in April 2014, which showcased five short films created for Sight For All
- Engagement of over 100 eye care professionals in Australia and New Zealand who volunteer their time, knowledge and expertise
- Introduction of a new finance system for the beginning of the 2014/2015 Financial Year
- Improved governance through the development of operational systems and writing of new policies and procedures
- Employment of a full time Executive Officer and part time Finance-Office Coordinator
- Continued preparation for applying for DFAT compliance
- Appointment to the funded position of Ophthalmic Public Health Care Fellow

Performance measures

- Research projects completed
- In-country fellowships undertaken successfully
- Fellows trained in Australia returned to their home country to manage patients
- Sub-specialty ophthalmology units equipped and opened in partner countries
- Successful achievement of DFAT compliance
- New finance system operational in July 2014
- Staff employed with performance measures in place

Information on Directors

Name: Dr James Sunter Muecke AM
Title: Chair
Qualifications: MBBS(Hons), FRANZCO
Experience and expertise: Blindness prevention programs, overseas aid and medical consultancies

Dr Muecke has a strong interest in ophthalmic development and blindness prevention in the developing world. He was the Director of the Vision Myanmar Program (VMP) of the South Australia Institute of Ophthalmology and has been actively involved in surgical teaching, epidemiological surveys, public health campaigns, infrastructure development and blindness prevention in Myanmar since 2000. He is an author and co-author of numerous publications generated from surveys and epidemiological studies in Myanmar. He is the author, photographer and publisher of "Visions of Myanmar", a fund-raising coffee table book that raised over $100,000 for the VMP. Dr Muecke has also been involved in blindness prevention activities in Bangladesh, Bhutan, Cambodia, India, Indonesia, Laos, Nepal, Sri Lanka and Vietnam. He is the founding chairman of Sight For All, a not-for-profit organisation committed to fighting avoidable blindness (www.sightforall.org)

Michael also does pro bono work for Netball (SA). Finally Michael is the Chairman of the Australian National Drag Racing Association. This is in a voluntary capability.
Name:	Melissa Emmett
Title:	Director
Qualifications:	Bachelor of Business University of South Australia (formerly SA Institute of Technology) – major marketing
Experience and expertise:	Melissa has over 25 years experience in marketing, planning and management working for many well-known brands such as Balfours, Bedford, Safcol, Faulding Pharmaceuticals, SAFE and George Weston Foods. The last five years have been spent consulting to a variety of organisations. With her years of experience, Melissa brings clarity to marketing decision-making. Her advice is both strategic and pragmatic with the main aim of improving client's overall business performance. Melissa's skills set includes the ability to work well in a team environment and to provide structure to the planning process. She brings focus and ideas to the marketing process and spends time understanding the issues organisations face when developing plans. Her strength is her ability to get things done and plans are always actionable and accountable. As both a marketing manager and consultant, she has gained a very supportive network of people in the industry and believes her pragmatic and insightful approach has enabled her to keep clients for many years.

Meetings of directors

The number of meetings of the company's Board of Directors held during the year ended 30 June 2014, and the number of meetings attended by each director were:

	Number of Meetings Attended	Number of Meetings Eligible to Attend
Dr James Muecke AM	6	6
Assoc Professor Henry Newland	4	5
Professor Bob Casson	6	6
Michael Fotheringham	5	6
Melissa Emmett	6	6
Susie Tegen	3	6
Dr Gavin O'Callaghan	6	6
Bruce Craddock	2	3
Phil Jaquillard	3	3
Michael Hammerton	3	3

Held: represents the number of meetings held during the time the director held office.

Contributions on winding up

The company is incorporated under the Corporations Act 2001 and is a company limited by guarantee. If the company is wound up, the constitution states that each member is required to contribute a maximum of $1 each toward meeting any outstanding obligations of the company.

As at 30 June 2014 the total amount that the members of the company are liable to contribute if the entity is wound up is $1 (2013:$1).

Rounding of amounts

The company is of a kind referred to in Class Order 98/100, issued by the Australian Securities and Investments Commission, relating to the 'rounding off' of amounts in the directors' report. Amounts in the directors' report have been rounded off in accordance with that Class Order to the nearest thousand dollars, or in certain cases, to the nearest dollar.

Auditor's independence declaration

A copy of the lead auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out on page 11

This report is made in accordance with a resolution of directors, pursuant to section 298(2)(a) of the Corporations Act 2001.

On behalf of the directors

Notes to the financial statements for the financial year ended 30 June 2014

Note 1. Corporate Information

The financial statements of Sight for All Limited as trustee of Sight for All Foundation Fund for the year ended 30 June 2014 were authorised for issue in accordance with a resolution of Directors on 22 October 2014.

Sight for All Limited, as trustee for Sight for all Foundation Fund, is a not-for-profit company limited by guarantee. The registered office is C/- South Australian Institute of Ophthalmology, Level 8 East Wing, Royal Adelaide Hospital, North Terrace, Adelaide 5000.

Note 2. Significant accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

New, revised or amending Accounting Standards and Interpretations adopted

The company has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Any significant impact on the accounting policies of the company from the adoption of these Accounting Standards and Interpretations are disclosed in the relevant accounting policy.

The adoption of these Accounting Standards and Interpretations did not have any impact on the financial performance or position of the company. The following Accounting Standards and Interpretations are most relevant to the company:

AASB 1053 Application of Tiers of Australian Accounting Standards

The company has adopted AASB 1053 from 1 July 2013. AASB 1053 establishes a differential financial reporting framework consisting of two tiers of reporting requirements for general purpose financial statements, comprising Tier 1: Australian Accounting Standards and Tier 2: Australian Accounting Standards – Reduced Disclosure Requirements (RDR). AASB 2010-2 makes amendments to each Standard and Interpretation indicating the disclosures not required to be made by 'Tier 2' entities or inserting 'RDR' paragraphs requiring simplified disclosures for 'Tier 2' entities. The adoption of these standards has resulted in significantly reduced disclosures, largely in respect of income tax, segments, impairment, related parties, share-based payments, financial instruments and cash flows.

AASB 2011-2 Amendments to Australian Accounting Standards arising from the Trans-Tasman Convergence Project - Reduced Disclosure Requirements

AASB 2011-2 establishes reduced disclosure requirements for entities preparing general purpose financial statements under Australian Accounting Standards – Reduced Disclosure Requirements in relation to the Australian additional disclosures arising from the Trans-Tasman Convergence Project. The adoption of this amending standard does not have any material impact on the consolidated financial statements.

AASB 2012-5 Amendments to Australian Accounting Standards arising from Annual Improvements 2009-2011 Cycle

The Annual Improvements to AASBs 2009 - 2011 have made a number of amendments to AASBs. Amendments made to AASB 1, AASB 101, AASB 116, AASB 132 and AASB 134. The application of these amendments does not have any material impact on the consolidated financial statements.

Notes to the financial statements for the financial year ended 30 June 2014 (continued)

New, revised or amending Accounting Standards and Interpretations adopted (continued):

AASB CF 2013-1 'Amendments to the Australian Conceptual Framework' and AASB 2013-9 'Amendments to Australian Accounting Standards – Conceptual Framework, Materiality and Financial Instruments' (Part A Conceptual Framework)

This amendment has incorporated IASB's Chapters 1 and 3 Conceptual Framework for Financial Reporting as an Appendix to the Australian Framework for the Preparation and Presentation of Financial Statements. The amendment also included not-for-profit specific paragraphs to help clarify the concepts from the perspective of not-for-profit entities in the private and public sectors.

As a result the Australian Conceptual Framework now supersedes the objective and the qualitative characteristics of financial statements, as well as the guidance previously available in Statement of Accounting Concepts SAC 2 'Objective of General Purpose Financial Reporting'. The adoption of this amending standard does not have any material impact on the consolidated financial statements.

Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements and Interpretations issued by the Australian Accounting Standards Board ('AASB'), and the Corporations Act 2001.

Historical cost convention

The financial statements have been prepared under the historical cost convention, except for, where applicable, the revaluation of available-for-sale financial assets, financial assets and liabilities at fair value through profit or loss, investment properties, certain classes of property, plant and equipment and derivative financial instruments.

Critical accounting estimates

The preparation of the financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 2.

Revenue recognition

Revenue is recognised when it is probable that the economic benefit will flow to the company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable.

Grant revenue is recognised in the statement of comprehensive income when the entity obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the entity and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

When grant revenue is received whereby the entity incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

Sight for All Limited receives non-reciprocal contributions of assets from parties for a zero or a nominal value. These assets are recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of income recognised in the statement of comprehensive income.

Donations and bequests are recognised when received.

Notes to the financial statements for the financial year ended 30 June 2014 (continued)

Revenue recognition (continued)
Interest revenue is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Other revenue is recognised when it is received or when the right to receive payment is established.

Income tax
As the company is a not-for-profit organisation, it has been granted exemption from the Commissioner of Taxation for payment of income tax.

Cash and cash equivalents
Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Trade and other receivables
Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment.

Other receivables are recognised at amortised cost, less any provision for impairment.

Property, plant and equipment
Plant and equipment is stated at historical cost less accumulated depreciation and impairment. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

The Board has determined that it will only capitalise assets that have a cost greater than $1,000 for the purposes of depreciation. Any asset that costs less than $1,000 will be written off and expensed in the Statement of Comprehensive Income.

Leasehold improvements and plant and equipment under lease are depreciated over the unexpired period of the lease or the estimated useful life of the assets, whichever is shorter.

An item of property, plant and equipment is derecognised upon disposal or when there is no future economic benefit to the company. Gains and losses between the carrying amount and the disposal proceeds are taken to profit or loss. Any revaluation surplus reserve relating to the item disposed of is transferred directly to retained profits.

Trade and other payables
These amounts represent liabilities for goods and services provided to the company prior to the end of the financial year and which are unpaid. Due to their short-term nature they are measured at amortised cost and not discounted. The amounts are unsecured and are usually paid within 30 days of recognition.

Notes to the financial statements for the financial year ended 30 June 2014 (continued)

Borrowings
Loans and borrowings are initially recognised at the fair value of the consideration received, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method.

Where there is an unconditional right to defer settlement of the liability for at least 12 months after the reporting date, the loans or borrowings are classified as non-current.

Employee benefits
A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities recognised in respect of short-term employee benefits, are measured at their nominal values using the remuneration rate expected to apply at the time of settlement.

Liabilities recognised in respect of long term employee benefits are measured as the present value of the estimated future cash outflows to be made by the Group in respect of services provided by Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the tax authority, are presented as operating cash flows. Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the tax authority.

Note 3. Critical accounting judgements, estimates and assumptions
The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenue and expenses. Management bases its judgements, estimates and assumptions on historical experience and on other various factors, including expectations of future events, management believes to be reasonable under the circumstances. The resulting accounting judgements and estimates will seldom equal the related actual results. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Note 4. Revenue	2014 $	2013 $

	125,594	128,700

Notes to the financial statements for the financial year ended 30 June 2014 (continued)

Note 10. Financial Risk Management

(a) Overview

The Company has exposure to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Company's exposure on each of the above risks, its objectives and policies and processes for measuring and managing risk. Further quantitative disclosures are included throughout this financial report.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework.

Risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from operating activities and investments.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Geographically there is no concentration of credit risk.

Investments

The Company limits its exposure to credit risk by only investing in liquid securities and only with counterparties that have a credit rating equal to or better than the Company.

Exposure to credit risk

The carrying amount of the Company's financial assets represents the maximum credit exposure. The Company's maximum exposure for credit risk at the reporting date was:

	Note	2014	2013
		$	$
Cash and cash equivalents	5	584,427	454,521
Trade and other receivables		1,750	218,070

(c) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meets its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

(d) Market Risk

Market risk is the risk that changes in market prices, such as interest rates, will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

Notes to the financial statements for the financial year ended 30 June 2014 (continued)

(d) Market Risk (continued)

All investment transactions are carried out within the guidelines of the Company's Investment Policy

The Company's exposure to market interest rate relates primarily to its holdings of cash and cash equivalents and its borrowings.

At balance date the Company had the following financial assets exposed to Australian variable interest rate risk that are not designated in cash flow hedges:

	2014 $	2013 $
Financial assets		
Cash on hand	100	-
Cash at bank	584,327	454,521
	584,427	454,521
Financial liabilities	-	-
Net Exposure	584,427	454,521

The following table illustrates the sensitivity of the net result for the year to a reasonably possible change in interest rates of +/- 1% with effect from the beginning of the year. These changes are considered to be reasonably possible based on observation of current market conditions.

	+1% $	-1% $
Cash at bank	584	(584)

Note 11. Related party transactions

Transactions with related parties
Transactions between related parties are on normal commercial terms and conditions no more favourable than to those available to other persons unless otherwise stated.

Receivable from and payable to related parties
There were no trade receivables from or trade payables to related parties at the reporting date.

Loans to/from related parties
There were no loans to or from related parties at the reporting date.

Note 12. Auditors' Remuneration	**2014**	**2013**
Audit of the company	3,090	2,590

Note 13. Subsequent Events

No matter or circumstance has arisen since 30 June 2014 that has significantly affected, or may significantly affect the company's operations, the results of those operations, or the company's state of affairs in future financial years.

Note 14: Prior Period Adjustment
An adjustment was made in the financial year ended 30 June 2014 to reflect accrual accounting based treatment of Project Revenue to achieve alignment of revenue recognition and program activity and delivery.

Note 15. Entity Details
The registered office of the entity is:

Level 8
East Wing Royal Adelaide Hospital
North Terrace
Adelaide SA 5000

Note 16. Member's Guarantee

The entity is incorporated under the Corporations Act 2001 and is an entity limited by guarantee. If the entity is wound up, the constitution states that each member is required to contribute a maximum of $1 each towards meeting any outstanding obligations of the entity. As at 30 June the number of members was 2.

Directors' declaration

In the directors' opinion:

- the attached financial statements and notes thereto comply with the Corporations Act 2001, the Australian Accounting Standards - Reduced Disclosure Requirements, the Corporations Regulations 2001 and other mandatory professional reporting requirements;

- the attached financial statements and notes thereto give a true and fair view of the company's financial position as at 30 June 2014 and of its performance for the financial year ended on that date; and

- there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

Signed in accordance with a resolution of directors made pursuant to section 295(5) of the Corporations Act 2001.

On behalf of the directors

Dr James Muecke AM
Chair

Mr Phil Jaquillard
Treasurer

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SIGHT FOR ALL LIMITED AS TRUSTEE FOR THE SIGHT FOR ALL FOUNDATION FUND

We have audited the accompanying financial report, being a special purpose financial report, of Sight For All Limited as trustee for the Sight For All Foundation Fund, which comprises the statement of financial position as at 30 June 2014, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Directors' Responsibility for the Financial Report

The directors of the company are responsible for the preparation and fair presentation of the financial report and have determined that the accounting policies described in Note 1 to the financial statements, which form part of the financial report, are appropriate to meet the requirements of the Corporations Act 2001 and are appropriate to meet the needs of the members. The directors' responsibility also includes establishing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express and opinion on the financial report based on our audit. No opinion is expressed as to whether the accounting policies used, as described in Note 1, are appropriate to meet the needs of the members. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

The financial report has been prepared for distribution to members for the purpose of fulfilling the directors' financial reporting under the Corporations Act 2001. We disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the members, or for any purpose other than that for which it was prepared.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, provided to the directors of Sight For All Limited as trustee for the Sight For All Foundation Fund would be in the same terms if provided to the directors as at the date of this auditor's report.

Qualification
As in common for this type of organization, it is not practicable for the company to maintain an effective system of internal control over donations and other fundraising activities until their initial entry in the accounting records. Accordingly, the audit in relation to fundraising was limited to amounts recorded.

Qualified Auditor's Opinion
In our opinion, except for the matter referred to in the qualification paragraph not existed, the financial report of Sight For All Limited as trustee for the Sight For All Foundation Fund is in accordance with the Corporations Act 2001, including:

a) giving a true and fair view of the company's financial position as at 30 June 2014 and of its performance for the year ended on that date; and

b) complying with Australian Accounting Standards to the extent described in Note 1 and complying with the Corporations Regulations 2001.

Basis of Accounting
Without modifying our opinion, we draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the Corporations Act 2001. As a result, the financial report may not be suitable for another purpose.
